Attendees will gain trauma-informed skills, knowledge, and tools to better serve and support those impacted by intimate partner violence (DV), sexual assault, and stalking.

Topics covered include...

- Overview of Sexual Assault & Intimate Partner Violence
- Neurobiology of Trauma
- Trauma-Informed Care
- Empowerment Model
- The Intersection of Power, Privilege & Oppression
- Child Sexual Abuse
- Teen Relationship Violence
- Community Resiliency Model® Crisis Intervention
- Motivational Interviewing
- Risk Assessment and Safety Planning
- The Role of Law Enforcement
- Forensic Exams, Legal Options, & Victim’s Rights
- Sex Trafficking & CSEC

“My staff and I walked out knowing so much more about the way the brain is impacted by trauma and with a better understanding of why our clients respond the way they do.”  - CIT attendee

“The small group experience helped me practice not only how I can stay grounded during troublesome times, but how to help others as well.”  - CIT attendee
