Address

(760)723-6300 x 3404      [bsalas@fuhsd.net](mailto:bsalas@fuhsd.net)

IPM Coordinator's Phone Number   Email Address

## IPM Statement

It is the goal of Fallbrook Union High School District to implement IPM by focusing on long-term prevention or suppression of pests through accurate pest identification, by frequent monitoring for pest presence, by applying appropriate action levels, and by making the habitat less conducive to pests using sanitation and mechanical and physical controls. Pesticides that are effective will be used in a manner that minimizes risks to people, property, and the environment, and only after other options have been shown ineffective.

Our pest management objectives are to:

- Keep all areas on campus as clean and sanitary as possible inside and out.
- Keep all buildings and foundations in good repair
- Keep all landscaping healthy, pruned, mowed, or mulched, and free of trash
- Keep all outside trash receptacles clean and emptied on a regular rotation throughout the day
- Work with students on the importance of proper disposal of their trash and the importance of recycling what we can.

## IPM team:

In addition to the IPM Coordinator, other individuals who are involved in purchasing, making IPM decisions, applying pesticides, and complying with the Healthy Schools Act requirements, include:

| Name and/or Title | Role in IPM Program |
|-------------------|---------------------|
|                   |                     |
|                   |                     |
|                   |                     |
|                   |                     |

## Pest management contracting:

- ☐ Pest management services are contracted to a licensed pest control business.  
Pest Control Business name(s): Fowler Pest Control
- ☐ Prior to entering into a contract, the school district has confirmed that the pest control business understands the training requirement and other requirements of the Healthy Schools Act.

## Pest identification, monitoring and inspection:

Pest Identification is done by: Maintenance Staff and Fowler Pest Control

Monitoring and inspecting for pests and conditions that lead to pest problems are done regularly by Our grounds, maintenance and custodial staff and results are communicated to the IPM Coordinator.
