

Dear GFA Parents,

Would you like to volunteer for GFA's School Community Council Committee? It is a two year commitment which includes meeting at least once a quarter and involves approving the School LAND Trust Plan, providing feedback on student health policies, and bringing any parent concerns to the administration.

If interested, please send an email to askgfautah.org by September 16 and your name will be added to the ballot for voting. Parent representatives may not be licensed employees of Good Foundations Academy.
