

Early Light Academy Dual Enrollment Policy

PURPOSE

The purpose of this policy is to articulate Early Light Academy's (the "School") position on the dual enrollment of private school and home-schooled students in the School.

POLICY

Consistent with Utah Code Ann. § 53G-6-702 and R277-438, students may be dually enrolled in both the School and in a private school or home school under the conditions set forth herein.

A parent seeking to dually enroll a student must certify by application that the student will receive instruction (a) in the subjects the State Board of Education requires to be taught in public schools and (b) for the same length of time as minors are required to receive instruction in public schools, as provided by rules of the State Board of Education.

All students of the School must be enrolled in the School for at least $\frac{3}{4}$ of each school day. Therefore, no student of the School will be allowed to dually enroll if they do not plan to attend at least $\frac{3}{4}$ of each school day.

Requests for dual enrollment should be provided to the School's Executive Director using the approved application forms provided by the School.

Students who are dually enrolled at the School and in a private school or home school may take the end of year state assessments at Early Light Academy or an alternate state approved location.
