

Career Path High

12th Grade Course Registration Guide 2023-2024

Students must be enrolled in a *minimum* of seven courses per term/semester, including Learning Strategies and their Davis Technical College program. Please follow the instructions below to aid in making your course selections. You may also refer to your transcript/credit evaluation for additional help.

Selection 1: English (4 credits required for graduation)

All 12th grade students are required to enroll in English for the full school year. The second semester of English 12 is required, but you may choose a 1st semester option:

[Please select: Creative Writing or English 12 First Semester](#)

Selection 2: US Government (.5 credits required for graduation)

Every senior must take US Government for .5 credit. This is only a one semester course.

Selections 3-7: Courses you would like to or need to take for graduation

Identify any outstanding course requirements for graduation. If there are additional core course requirements (i.e. lab sciences, math, etc.) for college admissions, please also include them here. However, if you have satisfactorily met all requirements, beyond your grade specific courses (English and US Government), and do not wish to register in additional CPH coursework, you may leave these sections blank as the remainder of your schedule will come from Davis Tech program enrollment.

Davis Technical College

The remainder of your course selection/class periods will be filled from participation in your Davis Technical College Program. As a 12th grade student, you must be enrolled in a Davis Technical College program.

Goal for graduation is 24 credits and DTC Program Completion

Career Path High

12th Grade Course Registration 2023-2024

Student Name: _____ Date: _____

Please refer to the senior course registration guide for help in making your selections for next school year. You must be enrolled in a minimum of 7 courses including your Davis Tech program and Learning Strategies course. Any grade specific required courses have been populated for you.

Please circle your selection or write in where necessary.
