

Military

Are you considering military as a possible post-secondary option? We have collected information on this page which may help you decide if military service is right for you. Whether it be attending a service academy or joining a collegiate ROTC program or enlisting in the armed services, use the provided links to explore a future in the military.

College ROTC Options

The Reserve Officer Training Corps (ROTC) is a college program offered at more than 1,700 colleges and universities across the United States that prepares young adults to become officers in the U.S. Military. In exchange for a paid college education and a guaranteed post-college career, participants, or cadets, commit to serve in the Military after graduation. To read quick descriptions of each program, [click here](#) or click on below links to go to each individual program website.

Selective Service

Registration with the Selective Services is the process by which the U.S. government collects names and addresses of men ages 18 through 25 to use in case a national emergency requires rapid expansion of the armed forces. Registering with Selective Service does not mean you are joining the military nor does it mean that you are signing up for the all-voluntary armed services. By registering, you remain eligible for jobs, federal student aid, state-based student aid in 31 states, federally-funded job training, and U.S. citizenship for immigrant men. [Click here](#) to visit the Selective Service System.
