Administration of Medication Policy

Career Path High

Administration of Medication Policy

Approved: June 12, 2023

Purpose

The purpose of this policy is to authorize personnel of Career Path High (the “School”) to administer medication to students consistent with applicable law.

The School’s Board of Directors (the “Board”) acknowledges that medication should typically be administered by a student or the student’s parent or guardian. However, the Board recognizes that situations may arise where the health of a student may require administration of medication during the course of a school day by School personnel.

As long as authorized personnel act in a prudent and responsible manner, Utah law provides that School personnel who provide assistance in substantial compliance with a student’s licensed health care provider’s written statement are not liable civilly or criminally for any adverse reaction suffered by the student as a result of taking the medication or discontinuing the administration of medication. The Board hopes that this policy will help ensure that School personnel act in a prudent and responsible manner in order to protect the health of students and the interests of School personnel.

The Board also desires to set forth policies regarding acceptable self-administration of medication by students.

Policy

Administration of Medication by School Personnel

The School will comply with applicable state and federal laws, including but not limited to Utah Code Ann. § 53G-9-502, regarding the administration of medication to students by School personnel. Accordingly, pursuant to this policy, authorized School personnel may provide assistance in the administration of medication to students of the School during periods when the student is under the School’s control.

School personnel may also administer medication to students in emergency situations in accordance with the following:

- (a) Glucagon. Glucagon is an emergency diabetic medication used to raise blood sugar. The School will comply with the requirements of Utah Code Ann. § 53G-9-504 regarding the emergency administration of glucagon to a student in accordance with the statute if (1) the School receives a glucagon authorization from the parent or guardian of a student; and (2) any School personnel who have been trained (as described in the statute) in the administration of glucagon are available to administer the glucagon. The School may not compel School personnel to become trained in the administration of glucagon nor may it obstruct School personnel from becoming trained in the administration of glucagon.
- (b) Epinephrine Auto-Injector. The School will comply with the requirements of Utah Code Ann. §§ 26B-4-401, *et seq.*, regarding emergency injection for anaphylactic reactions, in the event any School personnel seeks to become a “qualified adult” under that provision. The School will make an emergency epinephrine auto-injector available to a School employee who becomes a qualified adult. The School may not prohibit or dissuade School employees from receiving training to become a qualified adult, nor may it prohibit or dissuade School employees who become qualified adults from possessing or storing an epinephrine auto-injector on School property or administering an epinephrine auto-injector to any person in accordance with the statute.
- (c) Seizure Rescue Medication. The School will comply with the requirements of Utah Code Ann. § 53G-9-905 regarding the emergency administration of seizure rescue medication to a student. Accordingly, the School may administer seizure rescue medication to a student in accordance with the statute if (1) the School receives a seizure rescue authorization from the parent or guardian of the student; and (2) a School employee who has become a “trained school employee volunteer” as defined in the statute is available to administer the seizure rescue medication. The School may not compel a School employee to become a trained school employee volunteer nor may it obstruct a School employee from becoming a trained school employee volunteer.
- (d) Opiate Antagonist. In accordance with Utah Code Ann. § 26B-4-509, School personnel may administer an opiate antagonist when acting in good faith to an individual whom the person believes to be experiencing an opiate-related drug overdose.

- (e) Stock Albuterol. The School will comply with the requirements of Utah Code §§ 26B-4-401, *et seq.*, regarding emergency administration of stock albuterol in response to an asthma emergency, in the event any School personnel seeks to become a “qualified adult” under that provision. The School may make stock albuterol available to a School employee who becomes a qualified adult. The School may not prohibit or dissuade School employees from receiving training to become a qualified adult, nor may it prohibit or dissuade School employees who become qualified adults from possessing or storing stock albuterol on School property or administering stock albuterol to any person in accordance with the statute.

The Principal will establish administrative procedures that comply with applicable laws in order to set guidelines for when and how administration of medication under this policy will take place.

The Principal will consult with the local health department and/or a registered health care professional for assistance in developing procedures and training necessary for effective implementation of this policy. The School’s Principal will ensure that School personnel and parents are provided with information about this policy as needed.

Self-Administration of Medication by Students

Students may possess and self-administer prescription medication at school in compliance with applicable law. The Principal will establish administrative procedures that comply with applicable laws in order to set guidelines for when and how this will take place.

Students are not prohibited from possessing and self-administering one day’s dosage of a non-prescription medication where the student’s maturity level is such that he or she can reasonably be expected to properly administer the medication on his or her own.

Observations and Medical Recommendations by School Personnel

The Principal will ensure that appropriate School personnel receive training on the provisions of Utah Code Ann. § 53G-9-203, including but not limited to training regarding medical recommendations by School employees and rules related to School employees communicating information and observations about a student’s health and/or welfare.

School employees who intentionally violate Utah Code Ann. § 53G-9-203 will be subject to discipline up to and including termination.

Assessment of Student Achievement Policy

Career Path High

Assessment of Student Achievement Policy

Adopted: March 27, 2023

Revised:

Purpose

Utah Career Path High (the “School”) is required to measure student achievement, including by way of administering statewide assessments. When administered properly, statewide assessments give students an opportunity to demonstrate what they know and can do. In addition, the results of statewide assessments provide the School not only important data about their students’ proficiency, but also valuable information that can be used to guide and improve instruction in the School.

The purpose of this policy is to help ensure that the School conducts statewide assessments in a fair and ethical manner and in compliance with applicable law and Utah State Board of Education (“USBE”) rule. The School intends for this policy to comply with the requirements of Utah Administrative Code Rule R277-404.

Policy

Statewide Assessment Plan

The School shall develop a plan to administer statewide assessments. The plan shall include at least the following:

- (a) The dates the School will administer statewide assessments;
- (b) Professional development for an educator to fully implement the assessment system;
- (c) Training for an educator, appropriate paraprofessional, or third-party proctor in the requirements of assessment administration ethics; and
- (d) Training for an educator and an appropriate paraprofessional to use statewide assessment results effectively to inform instruction.

The School shall submit the plan to the USBE by September 15 each year.

At least once each year the School shall provide professional development and training on statewide assessment administration as required by R277-404. The School shall use the Standard Test Administration Testing Ethics Policy for such professional development and training.

Student Participation in Statewide Assessments

- (a) With the exception of those students described in subsection (b) immediately below and exempted students, the School shall administer statewide assessments to all students enrolled in the grade level or course to which the assessment applies.
- (b) A student's IEP team, English Learner Team, or Section 504 accommodation plan team shall determine an individual student's participation in statewide assessments consistent with the Utah Participation and Accommodations Policy.
- (c) An educator may use a student's score on a statewide assessment to improve the student's academic grade for or demonstrate the student's competency within a relevant course. However, a student's score on a statewide assessment may not be used in determining whether the student may advance to the next grade level.
- (d) The School may not provide a nonacademic reward to a student for taking a statewide assessment.

Student Exemption from Statewide Assessments

- (a) A student's parent has the right to exempt the student from a statewide assessment in accordance with Utah Code § 53G-6-803 and the exemption procedures in R277-404. The School shall not impose procedures beyond those in R277-404 to exercise this right nor may the School impose any penalty or adverse consequences upon a student who is exempted.
- (b) School grading, teacher evaluation, and student progress reports or grades may not be negatively impacted by students exempted from taking a statewide assessment.
- (c) The School may allow a student who has been exempted from a statewide assessment to be physically present in the room during test administration. The School shall ensure that exempted students who are in attendance are provided with an alternative learning experience during test administration.

Other Requirements

The School shall comply with all applicable requirements in R277-404, including adhering to the USBE's Standard Test Administration and Testing Ethics Policy which is incorporated by reference in the rule.

Reviewed: June 12, 2023

Revised: October 16, 2023

The flexible nature of Career Path High's (the "School") blended learning environment does not alter compulsory attendance requirements. Utah Compulsory Education Laws (Utah Code § 53G-6-201 through § 53G-6-211) require that unless an exemption applies every school-age child (ages 6-17 and not emancipated) must be enrolled in school and attend regularly.

Attendance is a joint responsibility of parents and their children. School authorities have a responsibility to enforce attendance laws.

Student attendance records are maintained on a student information system and the Learning Management System ("LMS"). A student's attendance is automatically recorded in the School's LMS every time the student logs in to a course. Additionally, a student's attendance is also recorded each time the student has mandatory scheduled attendance arranged by faculty, administration or a counselor. In the event students do not meet the compulsory education requirements, the School will contact parents and students.

It is expected that students will be actively engaged in their education each week by:

- Logging in to courses daily Monday thru Friday;
- Making adequate weekly progress;
- Interacting with the School's teachers through digital and/or face-to-face instruction; and
- Attending the Learning Center for teacher-scheduled mandatory visits.

Reporting Absences

Students may be excused from logging into a course in the LMS or from attending mandatory scheduled attendance for valid and legitimate reasons. Parents or guardians may excuse an absence by sending an email to attendance@utahcph.org with the student's first and last name entered in the subject line, or by leaving a voice mail on the attendance voice mail line (phone number available at www.CareerPathHigh.org). A valid excuse must be received within 3 days of the absence in order for the absence to be excused. In the event of consecutive absences, the valid excuse must be received within 3 days of the first day of the absence.

Excused Absences

Note: In almost all cases, online course work and adequate weekly progress toward course completion is expected. Students may attend school virtually 24 hours a day, seven days a week. They may also access the School's Learning Center during open hours. Excused absences should be few, far between, and due to extreme circumstances. The very flexible nature of our blended learning model allows students to maintain attendance even in circumstances that may have normally resulted in an absence under traditional seat-time requirements.

Definitions

“Absence” or **“absent”** for purposes of this policy means the failure of a school-age child assigned to a course to log in to the course or to attend a previously scheduled mandatory appointment or attendance at the School.

“Chronic absenteeism” or **“chronically absent”** for purposes of this policy means a student misses 10% or more of days enrolled, for any reason, and makes a school aware that a beginning of tiered supports may be needed.

“Valid excuse” or **“excused absence”** for purposes of this policy means an absence resulting from:

- an illness, which may be either mental or physical, regardless of whether the school-age child or parent provides documentation from a medical professional;
- mental or behavioral health of the school-age child;
- a family death;
- an approved school activity;
- an absence permitted by an individualized education program or Section 504 accommodation plan;

- an absence in accordance with Subsection 53G-6-803(5); or
- a computer problem not caused by Internet access that prevents the student from logging in and is reported and verified.

“Valid excuse” or “excused absence” for purposes of this policy does not mean a parent acknowledgement of an absence for a reason other than those described above.

The Director has the discretion to consider other absences as "valid excuses" Or “excused absences.” All other excuses will be considered “unexcused” and recorded as such.

The School may request but may not require documentation from a medical professional to substantiate a valid excuse that is a mental or physical illness.

“Truant” for purposes of this policy means a condition by which a school-age child, without a valid excuse, is absent for at least half of the school day. The school day at the School may include a school-age child logging into courses in the LMS and/or attending any previously scheduled mandatory appointments or attendances at the School. A school-age child may not be considered truant under this policy more than one time during one day.

If a student is unable to attend a pre-scheduled mandatory appointment due to an excused absence as shown above, the parent/guardian must report the absence and should contact the staff member who scheduled the mandatory appointment so alternative arrangements can be made.

Chronic Absenteeism Prevention and Intervention

The School is invested in student success. The key to this goal is a strong student attendance focus which includes positive preventions and interventions to resolve attendance problems.

Preventions

The School’s efforts to prevent chronic absenteeism include, but are not limited to:

- a) Providing classroom and/or schoolwide rewards and/or incentives to students for good attendance;
- b) Notifying parents or guardians each time a student is absent;
- c) Contacting parents or guardians of students who reach four (4) and/or five (5) unexcused absences to try to resolve the students’ attendance problems;
- d) Providing parents or guardians with notices of truancy, as appropriate and as outlined herein; and
- e) Providing parents or guardians with this policy each year at the time of registration.

Interventions

The School shall seek to help students struggling with absenteeism (including chronically absent students) through implementing research or evidence-based absenteeism and dropout prevention interventions. Such efforts to resolve a student's attendance problems shall include, as reasonably feasible and determined to be appropriate by a School administrator, the following interventions:

- a) Counseling of the student by school authorities using positive behavioral interventions and supports;
- b) Making any necessary adjustment to the curriculum and schedule to meet any special needs of the student;
- c) Considering alternatives proposed by a parent or legal guardian;
- d) Monitoring School attendance of the student;
- e) Inviting the student to participate in voluntary truancy mediation, if available;
- f) Doing home visits, as determined by the School's administrative team;
- g) Providing a student's parent, upon request, with a list of resources available to assist the parent in resolving the student's attendance problems;
- h) Enlisting the assistance of community intervention education classes as appropriate; and
- i) Issuing a Notice of Truancy and/or Habitual Truancy Citation to a student who is at least 12 years old.

Notice of Truancy and Habitual Truancy Citation

Earnest and persistent efforts to resolve student attendance problems may include the issuance of a Habitual Truancy Citation and/or Notice of Truancy, as follows:

Notice of Truancy. A School administrator or a designee of a School administrator may issue a Notice of Truancy to a student who is at least 12 years of age and has been truant at least 5 times during the school year. The Notice of Truancy shall direct the student and the parent of the student to meet with School authorities to discuss the student's trancies and to cooperate with the School in securing regular attendance by the student. A copy of the Notice of Truancy shall be personally delivered or mailed by regular mail to the student's parent. A Notice of Truancy does not subject a student to a fine, though a Habitual Truancy Citation, explained below, does.

Habitual Truancy Citation. A School administrator or a designee of a School administrator may issue a Habitual Truancy Citation to a student who is at least 12 years of age and has been truant at least 10 times during the school year. The Habitual Truancy Citation shall include the same information as a Notice of Truancy and be provided to parents in the same manner as a Notice of Truancy, along with an explanation of any administrative penalty that is being imposed on the student.

A School administrator may impose administrative penalties on a student who is issued a Habitual Truancy Citation. Administrative penalties may include, but are not limited to , an administrative “U”, make-up classes, or a fine as outlined in the schedule below.

Habitual Truancy Citation Fine Schedule

<u>Level</u>	<u>Citation</u>	<u>Maximum Fine Permitted</u>	<u>Cumulative Absences</u>
1	First	\$10.00	10
2	Second	\$15.00	15
3	Third	\$20.00	20
4	Fourth or more	\$25.00 each	25 or more in increments of 5

Parents who receive a Notice of Truancy or Habitual Truancy Citation must schedule a conference with the Director to attempt to resolve the student’s attendance issues and resolve the Notice of Truancy or Habitual Truancy Citation. Parents have the right to appeal a Notice of Truancy or Habitual Truancy Citation, or any student disciplinary actions resulting therefrom, in writing to the Director within 10 days of the Notice or Citation being issued.

Students not logging into a course in the LMS and/or not attending mandatory scheduled attendance for 10 or more **consecutive** days will be dropped from Career Path High membership unless the students’ parents have contacted the Director regarding the student’s habitual absence and satisfactory arrangements with the Director have been made.

Removal of School Issued Property

Students receiving a Habitual Truancy Violation must immediately make arrangements to return all School property issued, including assigned laptop computer and accessories. It is a privilege to be given use of a computer for school work. Failure to return School issued property will be considered theft and pursued accordingly. Student may appeal to administration to have a laptop reissued.

Students with Qualified Disabilities

If students with disabilities under the Individuals with Disabilities Education Act, or students protected under either Section 504 of the Rehabilitation Act or the Americans with Disabilities

Act, have excessive absences, including but not limited to absences for mental or behavioral health reasons, and fall within the criteria of this policy, the School will ensure that this policy is applied in a manner consistent with all applicable state and federal laws and regulations. Excused absences for known mental or behavioral health reasons do not absolve the School of FAPE responsibilities.

Policy Distribution

The Director will ensure that parents of all School students are notified of this policy on an annual basis by distributing a copy of this policy during registration.

Review

The School's Board of Directors shall review this policy regularly.

Annual Report

The School shall annually report the following data separately to the Utah State Board of Education:

- a) absences with a valid excuse; and
- b) absences without a valid excuse.

The School will comply with the provisions of Utah Code § 53A-15-1503 and Utah Administrative Code R277-516 regarding employee background checks. In order to protect the health and safety of all students and protect the property of the School, the School requires (a) all Board members, (b) all potential employees and (c) any volunteers who will be given significant unsupervised access to a student in connection with the volunteer’s assignment to submit to a criminal background check and ongoing monitoring as a condition for employment or appointment.

Individuals Subject to Background Checks

The School requires that the following individuals submit to a criminal background check and ongoing monitoring as provided in Utah Code § 53A-15-1503 as a condition for employment or appointment: (a) each new non-USOE-licensed employee; (b) each volunteer who will be given significant unsupervised access to a student in connection with the volunteer’s assignment; (c) each employee of a staffing service who works at the School; and (d) each Board Member.

Additionally, each new employee who is licensed by the Utah State Office of Education (“USOE”) must obtain a background check and submit to ongoing monitoring as required in connection with USOE’s licensure requirements.

By September 1, 2018, the School will collect the information described below from individual who were employed by the School prior to July 1, 2015, and with whom the School maintains an authorizing relationship and submit that information to the Utah Bureau of Criminal Identification for ongoing monitoring.

Conducting the Background Check

Any person submitting to a background check for the School will sign a waiver notifying the individuals (a) that a criminal background check will be conducted, (b) who will see the information received as a result of the background check, and (c) how that information will be used.

The School will collect the following from an individual required to submit to a background check for the School:

(a) personal identifying information, including but not limited to:

(i) current name, former names, nicknames, and aliases;

(ii) date of birth,

(iii) address,

(iv) telephone number,

(v) driver license number or other government-issued identification number,

(vi) social security number, and

(vii) fingerprints;

(b) a fee as set forth below;

(c) consent and waiver on a form specified by the School for the background check acknowledging that their fingerprints are being registered for ongoing monitoring by the School.

The School will submit such individuals' personal identifying information, including fingerprints, to the Utah Bureau of Criminal Identification for an initial background check and ongoing monitoring (if the results of the initial criminal background check do not contain disqualifying criminal history information as determined by the School).

Ongoing Monitoring

The School will request that the fingerprints taken for the purpose of conducting criminal background checks be registered with any rap back system maintained to provide ongoing status notifications to the School of any criminal history reported on individuals whose fingerprints are registered in the system.

Payment of Fee for Background Check

Applicants for employment, including substitutes, shall be required to pay the designated costs of background checks subject to the provisions of Utah Code Ann. § 53A-15-1503(2).

The School shall pay the cost of the background check for current non-licensed employees and volunteers of the School.

The School will not pay the cost of fingerprinting for School employees or volunteers.

 - (ii) class A misdemeanor drug offense;
 - (iii) offense against the person under Title 76, Chapter 5, Offenses Against the Person;
 - (iv) class A misdemeanor property offense that is alleged to have occurred within the previous three years; and
 - (v) any other type of criminal offense, if more than one occurrence of the same type of offense is alleged to have occurred within the previous eight years.

Only those convictions which are job-related for the employee, applicant, or volunteer will be considered by the School.

Opportunity to Respond to Background Check

The School will provide an individual an opportunity to review and respond to any criminal history information received as a result of submitting for a criminal background check or through ongoing monitoring.

If a person is denied employment or appointment or is dismissed from employment or appointment because of information obtained through a criminal background check or ongoing monitoring, the person may request a review of the information received and the reasons for the disqualification and shall be provided written notice of the reasons for denial or dismissal and of the individual's right to request a review of the disqualification.

Confidentiality

Information received by the School as a result of a background check will only be (a) available to individuals involved in the hiring or background investigation process for that individual and (b) used for the purpose of assisting the School in making employment-related decisions. Any person who disseminates or uses any such information for any other purpose is subject to criminal penalties and civil liability as set forth in applicable law.

Privacy Risk Mitigation Strategy

The School will employ reasonable privacy risk mitigation strategies to ensure that the School only receives notifications for individuals with whom the School maintains an authorizing relationship. Specifically, upon (a) termination of an employee's employment with the School, (b) expiration of a Board Member's term without renewal, or (c) resignation of Board Member, the administration will ensure that the School's management company receives notification of the event. The School's management company will take any steps necessary to terminate ongoing monitoring for such individuals and will document the date on which such steps were taken. For volunteers, the School's management company will establish a schedule to review the volunteers registered for ongoing monitoring for the School, consult with School personnel to determine whether such individuals are still volunteering for the School, and terminate ongoing monitoring for individuals as appropriate.

Budgeting Policy

Career Path High

Budgeting Policy

Adopted: June 15, 2020

Revised: February 7, 2022

Policy

Career Path High (the “School”) will comply with the budgeting requirements of Utah law, including but not limited to Utah Code Title 53G, Chapter 7, Part 3.

The School’s Director is appointed as the budget officer. Before June 1 of each year, the budget officer shall prepare a tentative budget, with supporting documentation, to be submitted to the Board of Directors.

The tentative budget and supporting documents shall include the following items:

- (a) the revenues and expenditures of the preceding fiscal year;
- (b) the estimated revenues and expenditures of the current fiscal year;
- (c) a detailed estimate of the essential expenditures for all purposes for the next succeeding fiscal year; and
- (d) the estimated financial condition of the School at the close of the current fiscal year.

The tentative budget shall be filed with the School’s Director for public inspection at least 15 days before the date of the tentative budget's proposed adoption by the Board of Directors.

Before June 30 of each year, the Board of Directors will adopt a budget for the next fiscal year.

By the sooner of July 15 or 30 days of adopting a budget, the Board of Directors will file a copy of the adopted budget with the state auditor and the Utah State Board of Education (“USBE”).

Maintenance of Effort

Because the School receives federal funds, including Title I, Part A funds, the School is obligated to comply with certain maintenance of effort (“MOE”) requirements. The School adopts this policy in order to ensure that the School complies with MOE requirements.

The School will not use applicable federal funds to reduce the level of expenditures from state and/or local funds for the education of students below the level of those expenditures for the preceding fiscal year. Unless an exception applies or a waiver is granted and taking into account allowable reductions, the School will budget from state and/or local funds at least the same total spent for that purpose from the same state and/or local funds source(s) for the most recent prior year for which information is available.

The School acknowledges that if MOE requirements are not satisfied, then the USBE may penalize the School by reducing the School's federal funding by a proportional amount the following year.

Career Path High Bullying and Hazing Policy

Revised: August 21, 2023

Purpose

The purpose of this policy is to prohibit bullying, cyber-bullying, hazing, retaliation, and abusive conduct involving Utah Career Path High (the “School”) students and employees. The School’s Board of Directors (the “Board”) has determined that a safe, civil environment in School is necessary for students to learn and achieve high academic standards and that conduct constituting bullying, cyber-bullying, hazing, retaliation, and abusive conduct disrupts both a student’s ability to learn and the School’s ability to educate its students in a safe environment.

Policy

Bullying, cyber-bullying, hazing, retaliation, and abusive conduct towards students and employees are against federal, state, and local policy and are not tolerated by the School. The School is committed to providing all students with a safe and civil environment in which all members of the School community are treated with dignity and respect. To that end, the School has in place policies, procedures, and practices that are designed to reduce and eliminate this conduct – including, but not limited to, civil rights violations – as well as processes and procedures to deal with such incidents. Bullying, cyber-bullying, hazing, retaliation, and abusive conduct towards students and/or employees by students and/or employees will not be tolerated in the School. Likewise, abusive conduct by students or parents or guardians against School employees is prohibited by the School and will not be tolerated in the School.

In order to promote a safe, civil learning environment, the School prohibits all forms of bullying of students and School employees (a) on School property, (b) at a School-related or sponsored event, or (c) while the student or School employee is traveling to or from School property or a School-related or sponsored event.

The School prohibits all forms of bullying, cyber-bullying, hazing, abusive conduct of or retaliation against students and School employees at any time and any location.

Students and School employees are prohibited from retaliating against any student, School employee or an investigator for, or witness of, an alleged incident of bullying, cyber-bullying, hazing, abusive conduct, or retaliation.

Students and School employees are prohibited from making false allegations of bullying, cyber-bullying, hazing, abusive conduct, or retaliation against a student or School employees.

In addition, School employees, coaches, sponsors and volunteers shall not permit, condone or tolerate any form of hazing, bullying, cyber-bullying, or abusive conduct and shall not plan, direct, encourage, assist, engage or participate in any activity that involves hazing, bullying, cyber-bullying, or abusive conduct.

Any bullying, cyber-bullying, hazing, abusive conduct, or retaliation that is found to be targeted at a federally protected class is further prohibited under federal anti-discrimination laws and is subject to OCR compliance regulations.

Definitions

Abusive Conduct – For purposes of this policy, “abusive conduct” means verbal, nonverbal, or physical conduct of a parent or guardian or student directed toward a School employee that, based on its severity, nature, and frequency of occurrence, a reasonable person would determine

is intended to cause intimidation, humiliation, or unwarranted distress. A single act does not constitute abusive conduct.

Bullying – For purposes of this policy, "bullying" means a School employee or student intentionally committing a written, verbal, or physical act against a School employee or student that a reasonable person under the circumstances should know or reasonably foresee will have the effect of:

- (1) causing physical or emotional harm to the School employee or student;
- (2) causing damage to the School employee's or student's property;
- (3) placing the School employee or student in reasonable fear of:
 - (a) harm to the School employee's or student's physical or emotional well-being; or

 - (b) a power differential between the bully and the target; or
- (5) substantially interfering with a student having a safe school environment that is necessary to facilitate educational performance, opportunities, or benefits.

This conduct constitutes bullying, regardless of whether the person against whom the conduct is committed directed, consented to, or acquiesced in, the conduct. In addition, bullying is commonly understood as aggressive behavior that is intended to cause distress and harm; exists in a relationship in which there is an imbalance of power and strength; and is repeated over time.

Bullying may also include relational aggression or indirect, covert, or social aggression, including rumor spreading, intimidation, enlisting a friend to assault a child, and social isolation.

Civil Rights Violations – For purposes of this policy, “civil rights violations” means bullying, cyber-bullying, harassment, abusive conduct, or hazing that is targeted at a federally protected class.

Cyber-bullying – For purposes of this policy, "cyber-bullying" means using the Internet, a cell phone, or another device to send or post text, video, or an image with the intent or knowledge, or with reckless disregard, that the text, video, or image will hurt, embarrass, or threaten an individual, regardless of whether the individual directed, consented to, or acquiesced in the conduct, or voluntarily accessed the electronic communication.

Federally protected class – For purposes of this policy, “federally protected class” means any group protected from discrimination under federal law, such as:

- (1) Title VI of the Civil Rights Act of 1964, which prohibits discrimination on the basis of race, color, or national origin.
- (2) Title IX of the Education Amendments of 1972, which prohibits discrimination on the basis of sex.
- (3) Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act of 1990, which prohibit discrimination on the basis of disability.
- (4) Other areas included under these acts which include religion, gender, and sexual orientation.

Hazing – For purposes of this policy, “hazing” means a School employee or student intentionally, knowingly, or recklessly committing an act or causing another individual to commit an act toward a School employee or student that:

- (1) (a) endangers the mental or physical health or safety of a School employee or student;
 - (b) involves any brutality of a physical nature, including whipping, beating, branding, calisthenics, bruising, electric shocking, placing of a harmful substance on the body, or exposure to the elements;
 - (c) involves consumption of any food, alcoholic product, drug, or other substance or other physical activity that endangers the mental or physical health and safety of a School employee or student; or
 - (d) involves any activity that would subject a School employee or student to extreme mental stress, such as sleep deprivation, extended isolation from social contact, or conduct that subjects a School employee or student to extreme embarrassment, shame, or humiliation; and
- (2) (a)(i) is committed for the purpose of initiation into, admission into, affiliation with, holding office in, or as a condition for membership in a School or School sponsored team, organization, program, club, or event; or
 - (ii) is directed toward a School employee or student whom the individual who commits the act knows, at the time the act is committed, is a member of, or candidate for membership in, a School or School sponsored team, organization, program, club, or event in which the individual who commits the act also participates.
- (3) The conduct described above constitutes hazing, regardless of whether the School employee or student against whom the conduct is committed directed, consented to, or acquiesced in, the conduct.

Retaliate or Retaliation – For purposes of this policy, "retaliate or retaliation" means an act or communication intended:

- (1) as retribution against a person for reporting bullying or hazing; or

- (2) to improperly influence the investigation of, or the response to, a report of bullying or hazing.

School Employee – For purposes of this policy, “School employee” means an individual working in the individual’s official capacity as:

- (1) a School teacher;
- (2) a School staff member;
- (3) a School administrator; or
- (4) an individual:
 - (a) who is employed, directly or indirectly, by the School; and
 - (b) who works on the School’s campus(es).

Volunteer – For purposes of this policy, “volunteer” means a non-employee with significant, unsupervised access to students in connection with a School assignment.

Reporting and Investigation

Students who have been subjected to or witnessed bullying, cyber-bullying, hazing, or retaliation, and students who have witnessed abusive conduct, must promptly report such incidents to any School personnel orally or in writing. School personnel who receive reports of such incidents must report them to the Director.

School employees who have been subjected to or witnessed hazing, bullying, cyber-bullying, abusive conduct, or retaliation must report such incidents to the School's Director orally or in writing.

Each report of prohibited conduct shall include:

- (1) the name of complaining party;
- (2) the name of victim of prohibited conduct (if different than complaining party);
- (3) the name of perpetrator (if known);
- (4) the date and location of incident(s); and
- (5) a statement describing the incident(s), including names of witnesses (if known).

In connection with a report of prohibited conduct, students and School employees may request that their identity be kept anonymous, and reasonable steps shall be taken by the Director and others involved in the reporting and investigation to maintain the anonymity of such individuals, if possible. School employees must take strong responsive action to prevent retaliation, including assisting students who are victims of prohibited conduct and his or her parents or guardians in reporting subsequent problems and new incidents.

The Director or his/her designee shall promptly make a reasonably thorough investigation of all complaints of prohibited conduct, including, to the extent possible, anonymous reports, and shall, in accordance with the Consequences of Prohibited Behavior section below, administer appropriate discipline to all individuals who violate this policy. Formal disciplinary action is prohibited based solely on an anonymous report.

The Director may report to OCR all acts of bullying, hazing, cyber-bullying, abusive conduct, or retaliation that he/she reasonably determines may be violations of a student's or employee's civil rights.

It is the School's policy, in compliance with state and federal law, that students have a limited expectation of privacy on the School's computer equipment and network system, and routine monitoring or maintenance may lead to discovery that a user has violated School policy or law. Also, individual targeted searches will be conducted if there is reasonable suspicion that a user has violated policy or law. Personal electronic devices of any student suspected of violation of this policy will be confiscated for investigation and may be turned over to law enforcement.

Parental Notification

The Director or his/her designee will timely notify a student's parent or guardian (1) if the student threatens to commit suicide or (2) of any incidence of bullying, cyber-bullying, hazing, abusive conduct, or retaliation involving the student (including if the student is involved as the alleged perpetrator or victim). The Director or his/her designee will attempt to contact the parent or guardian by telephone to provide this notification and to discuss the matter. If the parent or guardian is not available by telephone, the Director or his/her designee will provide the parent or guardian the required notification by email.

The Director or his/her designee will produce and maintain a record that verifies that the parent or guardian was notified. If an in-person meeting takes place, the Director or his/her designee may ask the parent or guardian to sign the record acknowledging that the notification was provided. If a telephone conversation takes place, the Director or his/her designee may document on the record such details as the date and time of the telephone call, who was spoken to, and brief notes regarding the notification that was provided and the content of the conversation. If an email is sent, the Director or his/her designee will retain a copy of the email. The School will retain the record as long as the student is enrolled at the School and destroy the record after that time. The School will maintain the confidentiality of the record in accordance with Utah Code § 53G-9-604.

In addition to notifying the parent or guardian as set forth above, the Director or his/her designee will provide the parent or guardian with the following:

- (1) suicide prevention materials and information as recommended by the Utah State Board of Education in accordance with Utah Code § 53G-9-604(2)(b);
- (2) information on ways to limit a student's access to fatal means, including firearms or medication; and
- (3) information and resources on the healthy use of social media and online practices.

Action Plan to Address Reported Incidents of Bullying, Cyber-Bullying, Hazing, Retaliation, and Abusive Conduct

The School will investigate all allegations of incidents of bullying, cyber-bullying, hazing, retaliation, and abusive conduct in accordance with this policy and applicable law. The Director or his/her designee will investigate allegations of these incidents and will have adequate training to conduct such an investigation. The Director will be the point person with training and expertise to assist, direct, and supervise training of other employees in the responsibilities set forth in this paragraph.

The School will investigate all allegations of these incidents by interviewing

- (1) the alleged victim;
- (2) the individual who is alleged to have engaged in the prohibited conduct;
- (3) the parents or guardians of the alleged victim and the individual who is alleged to have engaged in prohibited conduct;
- (4) any witnesses;

- (5) School staff familiar with the alleged victim;
- (6) School staff familiar with the individual who is alleged to have engaged in prohibited conduct; or
- (7) Other individuals who may provide additional information.

The individual who investigates an allegation of an incident will inform an individual being interviewed that (1) to the extent allowed by law, the individual is required to keep all details of the interview confidential; and (2) further reports of bullying will become part of the review. However, the confidentiality requirement described in this paragraph does not apply to conversations with law enforcement, requests for information pursuant to a warrant or subpoena, a state or federal reporting requirement, or other reporting required by R277-613.

In conducting this investigation, the School may (1) review disciplinary reports of involved students; and (2) review physical evidence, including video or audio, notes, email, text messages, social media, or graffiti.

The School will report incidents of bullying, cyber-bullying, hazing, retaliation, and abusive conduct to law enforcement when the Director reasonably determines that the alleged incident may have violated criminal law.

Following the investigation of a confirmed allegation of an incident of bullying, cyber-bullying, hazing, retaliation, or abusive conduct, the School may, if the Director determines it is appropriate, take positive restorative justice practice action and support involved students through trauma-informed practices. However, an alleged targeted individual is not required to participate in a restorative justice practice with an individual who is alleged to have engaged in prohibited conduct. If the School would like any student to participate in a restorative justice practice, the School will notify the student's parent or guardian of the restorative justice practice and obtain consent from the student's parent or guardian before including the student in the process.

The School shall follow up with the parents or guardians of all parties to:

- (1) inform parents or guardians when an investigation is concluded;
- (2) inform parents or guardians what safety measures will be in place for their child, as determined by the investigation;
- (3) provide additional information about the investigation or the resolution consistent with the Family Educational Rights and Privacy Act of 1974, 20 U.S.C. 1232g; and
- (4) inform parents or guardians of the School's Parent Grievance Policy if the parents or guardians disagree with the resolution of the investigation.

Consequences of Prohibited Behavior

If, after an investigation, a student is found to be in violation of this policy by participating in or encouraging conduct prohibited by this policy, the student shall be disciplined by appropriate measures up to, and including, suspension and expulsion, pursuant to Utah Code § 53G-8-205 and School policy, removal from participation in School activities, and/or discipline in accordance with regulations of the U.S. Department of Education Office for Civil Rights (OCR).

If, after an investigation, a School employee is found to be in violation of this policy, the employee shall be disciplined by appropriate measures, which may include termination, reassignment or other appropriate action.

School officials have the authority to discipline students for off-campus or online speech that causes or threatens a substantial disruption to School operations, including violent altercations or a significant interference with a student's educational performance and involvement in School activities.

Grievance Process for School Employees

As explained above, a School employee who has experienced abusive conduct must report the incident to the School Director orally or in writing. If the School employee is not satisfied with the Director or designee's investigation of the abusive conduct and/or the resulting disciplinary action (or recommended disciplinary action) against the perpetrator, the School employee may address/raise the issue in accordance with the School's Staff Grievance Policy.

Additional Provisions

The Director will ensure compliance with OCR regulations when civil rights violations are reported, as follows:

- (1) Once the School knows or reasonably should know of possible student-on-student bullying, cyber-bullying, or hazing, the School must take immediate and appropriate action to investigate.
- (2) If it is determined that the bullying, cyber-bullying, or hazing did occur as a result of the student-victim's membership in a protected class, the School shall take prompt and effective steps reasonably calculated to:
 - (a) end the bullying, cyber-bullying, or hazing
 - (b) eliminate any hostile environment, and
 - (c) prevent its recurrence.
- (3) These duties are the School's responsibilities even if the misconduct is also covered by a separate anti-bullying policy and regardless of whether the student makes a complaint, asks the School to take action, or identifies the bullying, cyber-bullying, or hazing as a form of discrimination.

The Director will take reasonable steps to ensure that any victim of prohibited conduct will be protected from further hazing, bullying, cyber-bullying, abusive conduct, and retaliation and that any student or School employee who reports such incidents will be protected from retaliation.

If the Director believes that any victim or perpetrator of conduct prohibited by this policy would benefit from counseling, the Director may refer such individuals for counseling.

If the Director believes that it would be in the best interests of the individuals involved, the Director may involve the parents or guardians of a perpetrator or victim of hazing, bullying, cyber-bullying, or retaliation in the process of responding to and resolving conduct prohibited by this policy.

Incidents of bullying, cyber-bullying, hazing, and retaliation will be reported in the School's student information system as required.

Student Assessment

The Director or his/her designee will solicit student assessments of the prevalence of bullying, cyber-bullying, and hazing in the School, specifically locations where students are unsafe and additional adult supervision may be required, such as playgrounds, hallways, and lunch areas.

Training

The Director will ensure that School students, employees, coaches, and volunteers receive training on bullying, cyber-bullying, hazing, retaliation, and abusive conduct from individuals qualified to provide such training. The training shall meet the standards established by the Utah State Board of Education's rules and include information on:

- (1) bullying, cyber-bullying, hazing, retaliation, and abusive conduct;
- (2) discrimination under the following federal laws:
 - (a) Title VI of the Civil Rights Act of 1964;
 - (b) Title IX of the Education Amendments of 1972;
 - (c) Section 504 of the Rehabilitation Act of 1973; and
 - (d) Title II of the Americans with Disabilities Act of 1990;
- (3) how bullying, cyber-bullying, hazing, retaliation, and abusive conduct are different from discrimination and may occur separately from each other or in combination;
- (4) how bullying, cyber-bullying, hazing, retaliation, and abusive conduct are prohibited based upon the students' or employees' actual or perceived characteristics, including race, color, national origin, sex, disability, religion, gender identity, sexual orientation, or other physical or mental attributes or conformance or failure to conform with stereotypes; and
- (5) the right of free speech and how it differs for students, employees, and parents or guardians.

The training will also complement the suicide prevention program required for students under R277-620 and the suicide prevention training required for licensed educators consistent with Section 53G-9-704(1), and also include information on when issues relating to R277-613 may lead to student or employee discipline.

The training shall be offered to:

- (1) new school employees, coaches, and volunteers within the first year of employment or service;
- (2) all School employees, coaches, and volunteers at least once every three years after the initial training; and
- (3) all students (regardless of whether they are involved in athletics or extracurricular activities or clubs) at a frequency determined by the Director.

In addition to the training requirements described above, any student, employee, or volunteer coach participating in a School sponsored athletic program, both curricular and extracurricular, or extracurricular club or activity, shall, prior to participating in the athletic program or activity, participate in bullying, cyber-bullying, hazing, retaliation, and abusive conduct prevention training. This training shall be offered to new participants on an annual basis and to all participants at least once every three years. The School will inform student athletes and

extracurricular club members of prohibited activities under R277-613 and potential consequences for violation of the law and the rule.

The School will maintain training participant lists or signatures and provide them to the Utah State Board of Education upon request.

Distribution of Policy and Signed Acknowledgement

The Director will inform students, parents or guardians, School employees, and volunteers that hazing, bullying, cyber-bullying, abusive conduct, and retaliation are prohibited by distributing a copy of this policy to such individuals annually. A copy of this policy will also be posted on the School's website and included in any student conduct or employee handbooks issued by the School.

On an annual basis, School employees, students who are at least eight years old, and parents or guardians of students shall sign a statement indicating that they have received this policy.

Section 2: Board Size-Composition. The Board of Directors shall consist of no fewer than three (3) members and no more than seven (7). A minimum of one (1), and a maximum of two (2) members of the Board shall be appointed by the Davis Applied Technology College Board of Directors. However, in no event will the Board members appointed by the Davis Applied Technology College Board of Directors constitute fifty percent (50%) or more of the total members of the corporation's Board of Directors. Therefore, for example, in the event there are only three (3) members of the corporation's Board of Directors, there may only be one (1) Board member who was appointed by the Davis Applied Technology College Board of Directors. The Board of Directors may amend the Bylaws to change the number of directors if, in the Board's judgment, a change would be in the school's best interests.

Section 3: Board Selection. Board members shall be sought who reflect the qualities, qualifications, and diversity determined by the Board. Nominations for interested and qualified new Board Members will be sought from both within and outside the school community. The Board will seek candidates with practical leadership experience who demonstrate an understanding of and belief in the school's mission and/or represent the business sector found in the programs of the DATC and who demonstrate skills and expertise that will contribute to the Board's governance functions.

Section 4: Board Nomination. The Utah Career Path High Governance Committee shall present a slate of potential Directors for election by the Board of Directors. This slate shall be presented at the annual meeting of the Board.

Section 5: Terms. Directors shall serve three (3) years from the date of their appointments, or until their successors are seated. A full-three year term shall be considered to have been served upon the passage of three (3) annual meetings. After election, the term of a Director may not be reduced, except for cause as specified in these bylaws. No Director shall serve more than three (3) consecutive, three-year terms. Directors shall take office immediately following the annual meeting at which their appointment is announced. Fulfilling an incomplete term is not considered part of the term limit. Directors shall serve staggered terms to balance continuity, therefore initial Board members will not all serve full 3-year terms. The Board of Directors may amend the Bylaws to change the length of Board Member terms if, in the Board's judgment, a change would be in the school's best interests.

Section 6: Election and Vacancies. Any vacancy occurring in the Board of Directors and any position to be filled by reason of an increase in the number of Directors may be filled, upon recommendation of a qualified candidate by the Governance Committee, by the affirmative vote of the majority of the seated Directors. A Director elected to fill a vacancy created by the resignation or removal of a Director from office shall be elected to fill the unexpired term of his/her predecessor in office.

Section 7: Resignation. A Director may resign at any time by filing a written resignation with the Chair of the Board.

Section 8: Removal. The Board may remove any Officer or Director with or without cause by two-thirds (2/3) vote of the remaining Board of Directors.

Section 9: Members of the Board of Directors.

- b. Shall serve the Corporation with the highest degree of duty, loyalty, and care and shall undertake no enterprise to profit personally from their positions with the Corporation.

Section 10: Standard of Care.

- a. A Director shall perform all duties if a Director in good faith, in a manner such Director believes to be in the best interests of the corporation and with such care, including the duty to make reasonable inquiries, as an ordinarily prudent person in a like situation would use under similar circumstances.

- b. In performing the duties of a Director, a Director may rely on information, opinions, reports or statements, including financial statements and other financial data, in each case prepared or presented by:
 - 1. One or more officers or employees of the corporation whom the Director believes to be reliable and competent in the matters presented;
 - 2. Legal counsel, independent accountants or other persons as to matters that the Director believes to be within such person's professional or expert competence; or
 - 3. A committee of the Board of Directors upon which the Director does not serve as to matters within a designated authority, provided the Director believes that the committee merits confidence and the Director acts in good faith, after reasonable inquiry when the need therefore is indicated by the circumstances, and without knowledge that would cause such reliance to be unwarranted.

Section 11: General Powers. Subject to the limitations of the Act, the corporation's Articles of Incorporation and these Bylaws, the activities and affairs of the corporation shall be conducted and all corporate powers shall be exercised by or under the direction of the Board of Directors. The Board may delegate the management of the corporation's activities to any person(s), company or committees, however composed, provided that the activities and affairs of the corporation shall be managed and all corporate powers shall be exercised under the ultimate direction of the Board. No assignment, referral, or delegation of authority by the Board of anyone acting under such delegation shall preclude the Board from exercising full authority over the conduct of the corporation's activities, and the Board may, subject to contractual obligations as may exist, rescind any such assignment, referral or delegation at any time.

Section 12: Specific Powers. Without prejudice to its general powers, but subject to the same limitations set forth above, the Board of Directors shall have the following powers in addition to any other powers enumerated in these Bylaws and permitted by law:

- a. To select and remove all of the officers, agents and employees of the corporation; to prescribe powers and duties for them which are not inconsistent with law, the corporation's Articles of Incorporation or these Bylaws; and to fix their compensation;

Child Abuse and Neglect Reporting Policy

Child Abuse and Neglect Reporting Policy

Adopted: June 11, 2013

Revised: November 12, 2018

Revised: August 19, 2019

Policy

Utah Career Path High (the “School”) takes seriously the legal responsibility of its personnel to protect the physical and psychological well-being of its students. We believe that the School’s personnel have an important role to play in the elimination of child abuse because they are in a unique position to observe children over extended periods of time on a daily basis.

Utah law requires that whenever any person, including any school employee, contracted or temporary employee, or volunteer who has reason to believe that a child has been subjected to incest, molestation, sexual exploitation, sexual abuse, physical abuse, or neglect, or observes a child being subjected to conditions or circumstances which would reasonably result in sexual abuse, physical abuse, or neglect, he/she shall immediately notify the nearest peace officer, law enforcement agency, or the Division of Child Family Service. The law provides serious penalties for failure to fulfill one’s duty to report.

The Director will ensure compliance with the provisions of Utah Code Ann. §§ 53E-6-701; 62A-4a-402, et seq. and Utah Administrative Rules R277-401 and help the School’s personnel to understand and fulfill their legal responsibilities concerning child abuse, including the following:

1. If a School employee *has reason to believe* that a child may have been subjected to incest, molestation, sexual exploitation, sexual abuse, physical abuse, or neglect, or observes a child being subjected to conditions or circumstances which would reasonably result in such, the employee shall immediately make an oral report to the nearest peace officer, law enforcement agency or Division of Child Family Service (“DCFS”) and to the School’s Director. The employee shall also make a report and to the School’s Director, but the requirement to notify the Director does not satisfy the employee’s personal duty to report to law enforcement or DCFS.

- a. The oral report to law enforcement or DCFS may be made with the Director present, but must be made by the person making the report.
 - b. The reporting employee must record the name of the individual and the agency contacted to make the required report.
 - c. The reporting employee must complete and provide a copy of the Child Abuse and Neglect Reporting Form to the Director within twenty-four (24) hours. The Director will keep the form in a separate file, and it shall not be placed in the student's permanent file. The form should also be sent to the agency to which the oral report was given.
 - d. The Director will preserve the anonymity of the person making the report and any others involved in any investigation.
2. To determine whether or not there is ***reason to believe*** that abuse or neglect has occurred, school employees may (but are not required to) gather information only to the extent necessary to determine whether a reportable circumstance exists.
 - a. Investigations by staff prior to submitting a report shall not go beyond what is minimally necessary to support a reasonable belief that a reportable problem exists.
 - b. It is not the responsibility of the Director or any other school employees to prove who the abuser is or that the child has been abused or neglected, or to determine whether the child is in need of protection.
 - c. School employees shall not contact the parents, relatives, friends, neighbors, etc. for the purpose of determining the cause of the injury and/or apparent neglect.
 - d. School employees shall not conduct interviews with the child or contact the suspected abuser.
 - e. Notes of voluntary or spontaneous statements by the child shall be given to the investigational agency.
3. Investigations of reports of abuse for children seventeen (17) years of age and younger are the responsibility of DCFS.

- a. School employees shall not contact the child's parents, relatives, friends, neighbors, etc. for the purpose of determining the cause of the injury and/or apparent neglect.
 - b. School personnel shall cooperate with DCFS and share all information with the division that is relevant to the division's investigation of an allegation of abuse or neglect. Additionally, School employees shall cooperate with DCFS and law enforcement employees authorized to investigate reports of alleged child abuse and neglect, including:
 - i. allowing appropriate access to students;
 - ii. allowing authorized agency employees to interview children consistent with DCFS and local law enforcement protocols;
 - iii. making no contact with the parents or legal guardians of children being questioned by DCFS or law enforcement authorities; and
 - iv. maintaining appropriate confidentiality.
 - c. If school officials are contacted by parents about child abuse reports, school personnel shall not confirm or deny that a contact or investigation is taking place. A school employee should refer the caller to law enforcement or DCFS.
4. If the suspected perpetrator of child abuse or neglect is a School employee, the Director shall immediately report the allegation to the Utah State Board of Education. Steps shall be taken to assure that further abuse or neglect is prevented by the suspected perpetrator.
 5. Persons making reports or participating in good faith in an investigation of alleged child abuse or neglect are immune from any civil or criminal liability that otherwise might arise from those actions.
 6. The Director shall annually (a) provide each School employee with the written Child Abuse and Neglect Reporting Policy including a copy of the Child Abuse and Neglect Reporting Form and (b) notify each School employee of the mandatory reporting requirements of this Policy and Procedure and Utah Code Sections 53E-6-701 and 62A-4a-403.
 7. The Director will provide School personnel every other year with training and instruction on child sexual abuse and human trafficking prevention and awareness, including (a) responding to a disclosure of child sexual abuse in a supportive, appropriate, manner; (b) identifying children who are victims or may be at risk of becoming victims of human

trafficking or commercial sexual exploitation; and (c) the mandatory reporting requirements of this Policy, Utah Code 53E-6-701 and 62A-4a-403. Newly hired staff will be provided with the same training and the written policy at the beginning of their employment.

8. The Director will provide the parents or guardians of elementary school students with training and instruction every other year on child sexual abuse and human trafficking prevention and awareness, including (a) recognizing warning signs of a child who is being sexually abused or who is a victim or may be at risk of becoming a victim of human trafficking or commercial sexual exploitation and (b) effective, age-appropriate methods for discussing the topic of child sexual exploitation.
9. The training and distribution of materials will be documented.
10. Educational neglect means that, after receiving a notice of compulsory education violation under Utah Code Section 53G-6-202, the parent or guardian fails to make a good faith effort to ensure that the child receives an appropriate education.
 - a. When School personnel have reason to believe that a child may be subject to educational neglect, school personnel shall submit the report described in Utah Code Subsection 53G-6-202(8) to DCFS.
 - b. When School personnel have a reason to believe that a child is subject to both educational neglect and another form of neglect or abuse, School personnel may not wait to report the other form of neglect or abuse pending preparation of a report regarding educational neglect.

Civil Rights Policy

Adopted: April 30, 2013

Revised: September 8, 2015

Revised: August 17, 2020

Policy Against Discrimination, Harassment and Sexual Harassment

It is policy of Career Path High (the "School") not to discriminate on the basis of sex, race, color, national origin, creed, religion, age, marital status, or disability in its educational programs, activities, or employment policies as required by Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Title II of the Americans with Disabilities Act of 1990, and Section 504 of the Rehabilitation Act of 1973. The policy against non-discrimination applies in all aspects of the School's programs and activities, including but not limited to admissions and the administration of discipline.

It shall be a violation of this policy for any student or employee of the School to harass a student or an employee through conduct or communication in any form as defined by this policy or to retaliate against any individual for filing, receiving, investigating, or providing information concerning any complaint alleging violation of a federal civil rights law under this policy.

This policy will be posted on the School's website and distributed as part of the annual online registration process.

Title VI of the Civil Rights Act of 1964

Title VI of the Civil Rights Acts of 1964 is a federal law that prohibits discrimination on the basis of race, color, or national origin. In compliance with Title VI, the School prohibits all discriminatory practices, including but not limited to the following:

1. Preventing a person from enrolling in a school, class, or extracurricular school activity based on race, color, or national origin.

2. Arbitrarily placing a student in a school or class with the intent of separating the student from the general population of students because of the student's race, color, or national origin.
3. Setting higher standards or requirements as a prerequisite before allowing minorities to enroll in a school, class, or activity.
4. Unequally applying disciplinary action based on a student's race, color, or national origin.
5. Failing to provide the necessary language assistance to allow limited English proficient students the same opportunity to learn as English proficient students.
6. Administering tests or other evaluative measures, which by design or by grading do not allow minority students the same opportunity to present a true measure of their abilities.
7. Providing advice or guidance to minority with the intent to direct minority students away from schools, classes, or educational activities based on their race, color, or national origin.
8. Providing instructional and related services to minority students that are inferior to those provided to non-minority students.

Title IX of the Education Amendments of 1972

Title IX of the Education Amendments of 1972 is a federal law that prohibits discrimination on the basis of sex in providing educational programs and services.

It is policy of the School not to discriminate against any student, employee, or applicant on the basis of sex. The School will ensure that no student will be excluded from participating in or having access to any course offerings, student athletics, or other school resources based on unlawful discrimination. The School will take all necessary steps to ensure that each employee's work environment is free of unlawful discrimination based on sex. No employee of the School, including any person representing the School, shall intimidate, threaten, harass, coerce, discriminate against, or commit or seek reprisal against anyone who participates in any aspect of the discrimination complaint process associated with this policy.

The School Principal will designate a Title IX Coordinator and provide notice of the name and contact information on the School's website and otherwise as appropriate.

Response to Sexual Harassment

The School will respond promptly in a manner that is not deliberately indifferent to any actual knowledge of sexual harassment in its educational program.

Therefore, in the event of any actual knowledge of sexual harassment, the Title IX Coordinator will promptly contact the complainant to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint.

The School will thereafter treat complainants and respondents equitably by offering supportive measures to a complainant and by following the grievance process defined below for formal complaints of sexual harassment.

"Actual knowledge" means notice of sexual harassment or allegations of sexual harassment to the School's Title IX Coordinator or any official of the School who has authority to institute corrective measures on behalf of the School, or to any employee of the School. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only official of the School with actual knowledge is the respondent. The mere ability or obligation to report sexual harassment or to inform a student about how to report sexual harassment, or having been trained to do so, does not qualify an individual as one who has authority to institute corrective measures on behalf of the School. "Notice" as used in this paragraph includes, but is not limited to, a report of sexual harassment to the Title IX Coordinator.

"Complainant" means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

"Respondent" means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

"Sexual harassment" means conduct on the basis of sex that satisfies one or more of the following:

- (a) An employee of the School conditioning the provision of an aid, benefit, or service of the School on an individual's participation in unwelcome sexual conduct;
- (b) Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the Schools education program; or

(c) “Sexual assault” as defined by 20 U.S.C. 1092(f)(6)(A)(v), “dating violence” as defined in 34 U.S.C. 12291(a)(10), “domestic violence” as defined in 34 U.S.C. 12291(a)(8), or “stalking” as defined in 34 U.S.C. 12291(a)(30).

“Supportive measures” are individualized services reasonably available that are non-punitive, non-disciplinary, and not unreasonably burdensome to the other party while designed to ensure equal educational access, protect safety, or deter sexual harassment. The School will make supportive measures available to complainants and respondents, as appropriate, which may include measures such as:

- No-contact orders
- Leaves of absence
- Class schedule changes, teacher reassignment, or other academic adjustments
- Increased monitoring of certain areas

Personnel; Training Requirements

No individual designated by the School as a Title IX Coordinator, investigator, decision-maker, or the facilitator of an informal resolution process will have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

The School will ensure that any individual designated by the School as a Title IX Coordinator, investigator, decision-maker, or the facilitator of an informal resolution process will receive training on the applicable definition of sexual harassment; the scope of the School’s educational program and activities; how to conduct an investigation and grievance process including hearings, appeals, and informal resolution processes, as applicable; and how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias.

The School will ensure that investigators receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence.

Any materials used to train a Title IX Coordinator, investigator, decision-maker, or the facilitator of an informal resolution process must not rely on sex stereotypes and must promote impartial investigations and adjudications of formal complaints of sexual harassment.

Grievance Process Time Frames

The School will promptly carry out the grievance process for formal complaints of sexual harassment. Unless reasonable cause exists, the School will conclude the grievance process of a formal complaint of sexual harassment within forty-five (45) calendar days of receipt of a formal

complaint. Informal resolution processes will be concluded within forty-five (45) calendar days of when the School obtains the parties' voluntary, written consent to the informal resolution process.

The grievance process for formal complaints of sexual harassment may be temporarily delayed, and time frames may be extended by the School for good cause with written notice to the complainant and the respondent that describes the reasons for the delay or extension. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.

Notice of Formal Complaints of Sexual Harassment

Upon receipt of a formal complaint of sexual harassment, the School will provide the following written notice to the parties who are known:

- (a) Notice of the School's grievance process for formal complaints, including any informal resolution process;
- (b) Notice of allegations of sexual harassment potentially constituting sexual harassment as defined in 34 C.F.R. § 106.30, including sufficient details known at the time and with sufficient time for the respondent to prepare a response before any initial review. Sufficient details include the identities of the parties involved in the incident, if known; the conduct allegedly constituting sexual harassment under 34 C.F.R. § 106.30; and the date and location of the alleged incident, if known.

The written notice will include a statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process.

The written notice will inform the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney, and may inspect and review evidence.

The written notice will inform the parties that they are prohibited from knowingly making false statements or knowingly submitting false information during the grievance process.

If, during the course of an investigation, the School decides to investigate allegations about the complainant or respondent that are not included in the notice provided above, the School will provide notice of the additional allegations to the parties whose identities are known.

Grievance Process for Formal Complaints of Sexual Harassment

A “formal complaint” means a document, including an electronic submission, filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the recipient investigate the allegation of sexual harassment. Formal complaints should be filed with the Title IX Coordinator.

In response to a formal complaint of sexual harassment, the School will follow the grievance process set forth below and in accordance with 34 C.F.R. § 106.45. The grievance process for formal complaints will treat complainants and respondents equitably. Before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent in connection with a formal complaint, the School will follow this policy and applicable legal requirements.

The grievance process for formal complaints will provide remedies to a complainant where a determination of responsibility has been made against the respondent. Such remedies may include the same individualized services included in the supportive measures. However, such remedies need not be non-disciplinary or non-punitive and need not avoid burdening the respondent.

The grievance process for formal complaints will involve an objective evaluation of all relevant evidence, including both inculpatory and exculpatory evidence, and provide that credibility determinations may not be based on a person’s status as a complainant, respondent, or witness.

The grievance process for formal complaints will be conducted with a presumption that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

Following a determination of responsibility for sexual harassment, the School will take prompt remedial action, including appropriate disciplinary actions. These actions may include, for a respondent who is a student, disciplinary actions in accordance with the School’s Student Conduct and Discipline Policy, which may include suspension or expulsion. These actions may include, for a respondent who is an employee, discipline up to and including termination.

The standard of evidence to be used to determine responsibility is the preponderance of the evidence standard. This standard will be applied to all formal complaints of sexual harassment, including formal complaints against both students and employees.

The grievance process for formal complaints will not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.

The School will investigate the allegations in a formal complaint of sexual harassment. If the conduct alleged in the formal complaint would not constitute sexual harassment as defined in 34 C.F.R. § 106.30 even if proved, did not occur in the School's educational program, or did not occur against a person in the United States, then the School must dismiss the formal complaint with regard to that conduct for purposes of sexual harassment under Title IX. Such a dismissal does not preclude action under another provision of the School's policies.

The School may also dismiss a formal complaint of sexual harassment, or any allegations in the complaint, if at any time during the investigation (a) a complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein; (b) the respondent is no longer enrolled or employed by the School; or (c) specific circumstances prevent the School from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon dismissal of a formal complaint of sexual harassment as provided above, the School will promptly send written notice of the dismissal and reason(s) therefore simultaneously to the parties.

The School may consolidate formal complaints as to allegations of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances.

When investigating a formal complaint of sexual harassment and throughout the grievance process, the School will do the following:

- (a) Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the School and not on the parties provided that the School cannot access, consider, disclose, or otherwise use medical and psychological records of the party without the party's consent, as provided in 34 C.F.R. § 106.45(b)(5)(i);
- (b) Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence;

- (c) Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;
- (d) Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for either the complainant or respondent in any meeting or grievance proceeding; however, the School may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties;
- (e) Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate;
- (f) Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, including the evidence upon which the recipient does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation. Prior to completion of the investigative report, the School will send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties will have at least ten (10) days to submit a written response, which the investigator will consider prior to completion of the investigative report. The School will make all such evidence subject to the parties' inspection and review available at any hearing to give each party equal opportunity to refer to such evidence during the hearing, including for purposes of cross-examination; and
- (g) Create an investigative report that fairly summarizes relevant evidence and, at least ten (10) days prior to the time of determination regarding responsibility, send to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response.

The School will not conduct a hearing on formal complaints of sexual harassment. After the School has sent the investigative report as provided above and before reaching a determination regarding responsibility, the decision-maker(s) will afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers provided, and allow for additional, limited follow-up questions from each party. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior

are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The decision-maker(s) will explain to the party proposing the questions any decision to exclude a question as not relevant.

The decision-maker(s), who cannot be the same person(s) as the Title IX Coordinator or the investigator(s), must issue a written determination regarding responsibility. To reach this determination, the School must apply the standard of evidence described above. The written determination must include the following:

- (a) Identification of the allegations potentially constituting sexual harassment as defined in 34 C.F.R. § 106.30;
- (b) A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;
- (c) Findings of fact supporting the determination;
- (d) Conclusions regarding the application of the School's policies to the facts;
- (e) A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the School imposes on the respondent, and whether remedies designed to restore or preserve equal access to the School's education program will be provided by the School to the complainant; and
- (f) The School's procedures and permissible bases for the complainant and respondent to appeal.

The School will provide the written determination to the parties simultaneously. The determination regarding responsibility becomes final either on the date that the School provides the parties with the written determination of the result of an appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

The Title IX Coordinator (and the School Principal, if the Title IX Coordinator is not the School Principal) is responsible for effective implementation of any remedies.

Nothing in this Policy precludes the School from removing a respondent from the School's education program or activity on an emergency basis, provided that the School undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal. This provision may not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

Nothing in this this Policy precludes the School from placing a non-student employee respondent on administrative leave during the pendency of a grievance process under this Policy. This provision may not be construed to modify any rights under Section 504 of the Rehabilitation Act of 1973 or the Americans with Disabilities Act.

Appeals

The School will offer both parties an appeal from a determination regarding responsibility, and from the School's dismissal of a formal complaint of any allegations therein, on the following bases: (a) Procedural irregularity that affected the outcome of the matter; (b) New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and (c) The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

Appeals must be submitted to the Title IX Coordinator in writing within ten (10) business days of receipt of the written determination regarding responsibility.

As to all appeals, the School will (a) Notify the other party in writing within five (5) business days when an appeal is filed and implement appeal procedures equally for both parties; (b) Ensure that the decision-maker(s) for the appeal is not the same person as the decision-maker(s) that reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator; (c) Ensure that the decision-maker(s) for the appeal complies with the standards for decision-makers set forth above and in 34 C.F.R. § 106.45(b)(1)(iii); (d) Give both parties a reasonable, equal opportunity to submit, within ten (10) business days, a written statement in support of, or challenging, the outcome; (e) Issue, within ten (10) business days of receipt of both parties' written statements, a written decision describing the result of the appeal and the rationale for the result; and (f) Provide the written decision simultaneously to both parties.

Informal Resolution

The School will not require as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, waiver of the right to an investigation and adjudication of formal complaints of sexual harassment as provided above. Similarly, the School will not require parties to participate in an informal resolution process and may not offer an informal resolution process unless a formal complaint is filed.

However, at any time prior to reaching a determination regarding responsibility the School may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and adjudication, provided that the School:

- (i) Provides to the parties a written notice disclosing: the allegations; the requirements of the informal resolution process, including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint; and any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared;
- (ii) Obtains the parties' voluntary, written consent to the informal resolution process; and
- (iii) Does not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.

Recordkeeping

The School will maintain for a period of seven years records of:

- (a) Each sexual harassment investigation including any determination regarding responsibility and any audio or audiovisual recording or transcript required, any disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve equal access to the School's education program;
- (b) Any appeal and the result therefrom;
- (c) Any informal resolution and the result therefrom; and

(d) All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. The School will make these training materials publicly available on its website.

For each response to sexual harassment required above and under 34 C.F.R. § 106.44, the School will create, and maintain for a period of seven years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the School will document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the School's education program. If the School does not provide a complainant with supportive measures, then the School will document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the School in the future from providing additional explanations or detailing additional measures taken.

Retaliation

The School and its personnel will not intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX or its regulations, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing. Intimidation, threats, coercion, or discrimination, including charges against an individual for policy violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX or its regulations, constitutes retaliation. The School will keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the FERPA statute, 20 U.S.C. 1232g, or FERPA regulations, 34 CFR part 99, or as required by law, or to carry out the purposes of 34 CFR part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder. Complaints alleging retaliation may be filed according to the School's grievance procedures for sex discrimination.

The exercise of rights protected under the First Amendment does not constitute prohibited retaliation.

Charging an individual with a policy violation for making a materially false statement in bad faith in the course of a grievance proceeding does not constitute prohibited retaliation, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

Title II of the Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973

Title II of the Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973 are federal laws that prohibit discrimination on the basis of disability. The School does not discriminate on the basis of disability in admission or access to, or treatment or employment in, its programs and activities. Because of the affirmative obligation under Section 504 to provide a free appropriate public education as well as to avoid harassment and discrimination based on disability, the School principal may establish additional procedures regarding issues related to compliance with Section 504.

Other Complaint Procedures

Any person who believes he or she has been the victim of discrimination or harassment by another student or an employee of the School, or any third person with knowledge of conduct that may constitute discrimination or harassment should immediately report the alleged acts to the School principal. Notice of sexual harassment should be given to the Title IX Coordinator designated by the School Principal.

If the complaint is against the School principal, the complaint should be submitted to the president of the School's Board of Directors.

The School is committed to investigating all complaints of discrimination or harassment under federal civil rights laws and will take action to stop any harassment or discrimination that is discovered.

The Principal will establish a process for handling complaints alleging harassment or discrimination under federal civil rights laws that complies with applicable legal requirements.

Any complaints related to the School's lunch program will be reported to the Utah State Office of Education, Child Nutrition Programs.

Compliance Officer

The School principal is designated the compliance officer for all federal civil rights matters under any of the foregoing federal laws and shall coordinate the School's efforts to comply with federal civil rights laws. Any questions concerning this policy should be directed to the School's principal.

Concussion and Head Injury Policy

Career Path High

Concussion and Head Injury Policy

Adopted: September 13, 2021

Policy

The purpose of this policy is to protect the safety and health of Career Path High (the “School”) students. The School recognizes that concussions and head injuries are commonly reported injuries in children and adolescents who participate in sports and other recreational activities. The School acknowledges that the risk of serious injuries is significant when a concussion or head injury is not properly evaluated and managed, especially when the individual continues to participate in physical activities after the injury.

Accordingly, the School will comply with the provisions of Utah Code § 26-53-101 through -301 and R277-614 regarding the protection of athletes with head injuries. In order to protect the health and safety of its students, the School directs the Principal to establish administrative procedures consistent with this policy and applicable law.

Conflict of Interest Policy

Career Path High
Conflict of Interest Policy
Adopted: April 30, 2013

Purpose

Utah Career Path High (the “School”) understands the importance of fairness and openness in the School’s business and employment transactions. The purpose of this policy is to protect the School and ensure fair and open dealings in connection with any transaction or arrangement that could benefit the private interest of an officer or director of the School and when a family member of a Board member is considered for employment at the School.

Policy

Board Member Conflict of Interest

Board Member Compensation

A Board member shall not furnish to the School directly and for compensation any labor, equipment, or supplies. Compensation includes direct or indirect remuneration as well as gifts or favors that are not insubstantial.

A Board member shall not have any direct or indirect financial interest in a contract or other arrangement with the School. A person has a financial interest if the person has, directly or indirectly, through business, investment, or family: (i) an ownership or investment interest in any entity with which the School has a transaction or arrangement; (ii) a compensation arrangement with the School or with any entity or individual with which the School has a transaction or arrangement, or; (iii) a potential ownership or investment interest in, or compensation arrangement with, any entity or individual with which the School is negotiating a transaction or arrangement.

Duty to Disclose and Determination

In connection with any actual or potential conflict of interest, an interested person must disclose to the Board of Directors the existence of a compensation arrangement or financial interest in

any contract or other arrangement with the School. An “interested person” is any director who has a direct or indirect financial interest in a contract or other arrangement with the School.

After disclosure of the financial interest to the Board of Directors and discussion of all material facts, the interested person shall leave the meeting while the Board of Directors discusses the situation and determines whether a conflict of interest exists. The interested person must abstain from voting on the issue.

The meeting minutes shall contain the names of the persons who disclosed or otherwise were found to have a financial interest in connection with an actual or potential conflict of interest, the nature of the financial interest, the names of all directors present at the meeting, and a record of any action taken by the Board.

Employment of Relatives

For purposes of this policy, “Family Member” means immediate family and close relatives including father, mother, husband, wife, son, daughter, sister, brother, uncle, aunt, nephew, niece, first cousin, mother-in-law, father-in-law, brother-in-law, sister-in-law, son-in-law, daughter-in-law, grandparent, step-family members, adoptive relatives, or anyone residing on a permanent basis in the employee’s home.

The School’s employment decisions will be based solely on merit and job availability.

A Board member or spouse, parent or child of a Board member may not be an employee of the School. If any other relative of a Board member is considered for employment in the School, the Board member must (a) disclose the relationship in writing to the other Board members and the Director, (b) submit the employment decision for the approval, by majority vote, of the Board, (c) abstain from voting on the issue, and (d) be absent from any meeting when the employment of the relative is being considered or determined. Volunteer activities of a member of the Board or Board member’s spouse are not prohibited.

Family members of applicants will be excluded from any hiring committees and decision making pertaining to the hiring, salary, bonuses, discipline or termination of family members. Board members who are family members of an employee will abstain from any votes related to the salary, job performance evaluation, bonuses, discipline or termination of their family member.

No employee with supervisory responsibility may hire or recommend for hire a family member.

No employee will directly supervise or evaluate a family member.

Family members may not be employed under the same immediate supervisor.

When other qualified candidates have not applied, task assignments of short duration (generally less than sixty (60) working days) may be exempt from these guidelines.

Credit Evaluation Policy

Career Path High Credit Evaluation Policy Adopted: June 11, 2013

Purpose

The purpose of this policy is to ensure equity and fairness to all students when evaluating credit earned at institutions other than Utah Career Path High (the “School”) or through homeschooling and to be in compliance with Utah State Rule R277-705-3.

Policy

1. Pursuant with Utah Code § 53A-13-108.5, the School shall accept student credit and grades at face value from public and non-public schools accredited by an accrediting association(s) designated by the Utah State Board of Education or an association recognized by such association.
2. The School will award credit for satisfactory completion of courses at the Davis College of Applied Technology (“DATC”). The School’s Credit Evaluation Committee, which shall be comprised of the Director, one school counselor, a member of the Board of Directors appointed by the Board President, and at least one other faculty member selected by the Director, will evaluate each DATC course in which the School’s students enroll and make recommendations to the School’s Board of Directors regarding the credit to be awarded for such DATC coursework.
3. Requests for acceptance of credit (i) from a school that is not accredited, (ii) for the award of credit for homeschooling, or (iii) for the award of credit for other meaningful work performed by the student will be referred to the School’s Credit Evaluation Committee. The School’s Credit Evaluation Committee findings will be based on information including:
 - a. Satisfaction of coursework by demonstrated competency;
 - b. Student performance on assessments, including assessments provided by the School;
 - c. Review of student work or projects completed;
 - d. Other information relevant to the student’s competency as determined by the Credit Evaluation Committee.

4. The Credit Evaluation Committee's recommendation in accordance with sections 2 and 3, above, shall then be submitted to the Board of Directors for ratification. The decision of the Board shall be final.
5. Costs associated with the determination of credit, including competency level testing, will be borne by the parent/guardian of the student requesting credit consideration.

Donation and Fundraising Policy

Career Path High

Donation and Fundraising Policy

Adopted: September 25, 2013

Reviewed: June 12, 2023

Although Utah Career Path High (the “School”) does not typically engage directly in fundraising, it may do so on certain occasions in order to help advance the School’s mission. The School encourages the contributions of gracious donors who have the resources and the inclination to make donations for the benefit of the School and its students. This policy establishes guidelines and standards for the School’s acceptance of donations and gifts as well as for when the School engages in or sponsors fundraising activities.

Donations and Gifts

The School may not transfer or expend donated property in a manner contrary to donor restrictions imposed as a condition of making the donation. The Director is also responsible for ensuring that donor restrictions of accepted donations are complied with and that compliance can be verified. The Director will ensure that charitable donation receipts are provided to donors as necessary.

The Director must approve voluntary donations from private individual or organization in excess of \$1,000 and any donation involving donor restrictions prior to accepting the donation. The Board of Directors must approve any voluntary donations from private individual or organization in excess of \$10,000. The School may not accept donations with the condition that the donation provide direct benefit to specific School employees, students, vendors, or name brand goods or services.

If advertising or other services are offered to a donor in exchange for a donation or gift, the School will objectively value the donation or gift in order to ensure the School receives at least fair value.

The Director must ensure that any applicable fiscal policies of the School are complied with in connection with donations. The School will comply with other applicable laws and regulations, including but not limited to procurement requirements, rules related to construction of improvements, IRS regulations, and Title IX requirements.

Fundraising

Fundraising is defined as an organized effort to solicit individuals, businesses or foundations for money or in-kind gifts to be given directly to the School.

For the purposes of this policy, “school sponsored” means activities that are expressly authorized by the School’s Director or Board of Directors that support the School or authorized curricular clubs, activities, sports, classes, or programs that are themselves school sponsored. School-sponsored activities must be managed or supervised by School employees. Activities sponsored by the School’s parent organization are not school-sponsored activities, but the parent organization may be involved in and provided assistance in connection with school-sponsored activities.

The following guidelines must be followed in connection with School fundraising:

1. The fundraising activity must be undertaken with the intent of obtaining a benefit consistent with the School’s mission.
2. The fundraising activity must not violate the School’s charter, Board policies, or applicable law.
3. Proposals for fundraising activities must be submitted to the School’s Director for approval.
4. The Director may restrict the time, place, and manner of any approved fundraising activity.
5. Fundraising activities should be planned and scheduled in a manner that does not create conflict, confusion, or excessive fundraising pressures on students, families or potential donors.
6. Fundraising activities that may expose the School to risk of financial loss or liability if the activity is not successful should not be approved.
7. The participation of School employees, students and parents in any fundraising activity must be voluntary. However, School employees may be assigned to supervise students in connection with School-sponsored fundraising activities in connection with their employment. Such employees may be compensated for such work as appropriate as determined by the Director.
8. Students may not be required to participate in a fundraising activity as a condition for belonging to a team, club or group, and a student’s fundraising efforts may not affect his or her participation time or standing in any team, club or group.
9. Competitive enticements for student participation in fundraising efforts are generally discouraged, and any such rewards or prizes must be approved by the Director.

10. The Director will ensure that the School's Fee Waiver Policy is complied with in connection with all School-sponsored fundraising activities that involve fees. Any fee waivers must be granted in accordance with the Fee Waiver Policy.
11. All funds raised through school-sponsored fundraising activities are considered public funds and will be handled accordingly. The Director will ensure that all other applicable fiscal policies are complied with in connection with fundraising activities.
12. Any fundraising activities that are related to the School but not school sponsored, such as fundraising activities of the parent organization, should clearly inform School patrons that the activity is not school sponsored. School employees may participate in such activities as volunteers but must not represent that they are acting as employees or representatives of the School.
13. The Director will ensure that charitable donation receipts are provided as necessary.
14. The School's employer identification number and sales tax exemption number may only be used by School personnel in connection with school-sponsored activities. No other entity, including the School's parent organization, may use these numbers.
15. Any School employee involved in managing or overseeing non-School-sponsored fundraising must disclose to the Director any financial or controlling interest in or access to bank accounts of the fundraising organization or company.
16. The School may cooperate with outside entities such as the parent organization in connection with non-school-sponsored fundraising activities. The School may allow these groups to use School facilities at little or no charge. At the Director's discretion, the School may provide some level of support or pay for portions of these activities. The details of the arrangements for non-school-sponsored fundraising activities shall be understood and agreed to by the Director and the representatives of the outside entity. This must take into consideration the School's fiduciary responsibility for the management and use of public funds and assets.
17. The School is committed to principles of gender equity and compliance with Title IX guidance. The School commits to use all facilities, unrestricted gifts and other available funds in harmony with these principles. The School reserves the right to decline or restrict donations, gifts, and fundraising proceeds, including those that might result in gender inequity or a violation of Title IX. Fundraising opportunities should be equitable for all students, comply with Title IX, and be in harmony with Article X of the Utah Constitution.

The Director will ensure that School employees receive appropriate training in connection with these policies. Training shall be provided at least annually to employees whose job duties are affected by the School's fiscal policies.

The Board will review this policy periodically in the event it becomes aware of issues or concerns involving school fundraising that should be addressed in the policy.

Dropout Prevention and Recovery Policy

Career Path High

Dropout Prevention and Recovery Policy

Adopted: March 27, 2023

Policy

Utah Career Path High (the “School”) adopts this policy in accordance with the requirements of Utah Code § 53G-9-801 *et seq.* and Utah Administrative Code R277-606.

A “designated student” is a student:

1. Who has withdrawn from the School before earning a diploma, who was dropped from average daily membership, and whose cohort has not yet graduated; or
2. Who is at risk of meeting the above criteria as determined by the School using the following risk factors:
 - a. Low academic performance, as measured by grades, test scores, or course failure;
 - b. Poor behavior, as measured by office disciplinary referrals, suspensions, or expulsions; and
 - c. Absenteeism, whether excused or unexcused absences, and including days tardy or truant.

The School will engage with or attempt to engage with designated students in order to offer dropout prevention and recovery services to them. Designated students may choose whether to enroll in the School’s dropout prevention and recovery program. The services provided to designated students who enroll in this program will include:

1. Consulting with designated students and developing a learning plan to identify:
 - a. Barriers to regular school attendance;
 - b. An attainment goal; and
 - c. Means for achieving the attainment goal.
2. Monitoring a designated student’s progress toward reaching the designated student’s attainment goal. The attainment goal will be measurable and correlated with what would be considered a year’s worth of progress.

3. Providing tiered interventions and flexible enrollment options for a designated student who is not making progress toward reaching the student's attainment goal, including meeting regularly with the designated student. Membership days for the student will be determined according to the School's attendance and enrollment policies and procedures.

Dual Enrollment Policy

Career Path High Dual Enrollment Policy Adopted: June 11, 2013

Purpose

The purpose of this policy is to articulate Utah Career Path High's (the "School") position on dual enrollment.

Policy

The School will comply with the provisions of Utah Code 53A-1a-519, R277-438, and R277-494 regarding participation of the School's students in activities and courses at their resident schools.

Accordingly, pursuant to R277-438-5.B and R277-494-3.A, it is the School's policy that students may participate in co-curricular and extra-curricular school activities at the student's resident school with the approval of the School Director and counselor and in accordance with the student's SEOP/College and Career Readiness Plan and their Personalized Learning Plan.

Participation in co-curricular and extracurricular courses at a student's resident school is subject to final approval by the School's Director, and may not exceed more than two courses annually.

It is the responsibility of the student and their parent/guardian to obtain approval from the resident school of dual enrollment for participation in co-curricular and extracurricular activities. Participation will not be allowed without written authorization by both the School and the student's resident school.

Unless a student qualifies for a fee waiver, students participating in co-curricular or extracurricular activities at their resident school are responsible for the individual student participation fees charged by the resident school. These fees must be paid prior to participation.

The parents of students who participate in co-curricular or extracurricular activities at their resident school shall be responsible for transportation to and from such activities.

Electronic Board Meetings Policy

Career Path High

Electronic Board Meetings Policy

Adopted: May 28, 2013

Revised: January 19, 2016

Reviewed: August 19, 2019

Reviewed: March 16, 2020

Reviewed: August 17, 2020

Revised: October 3, 2022

Purpose

The purpose of this policy is to establish the means and procedures by which the Board of Directors (the “Board”) may conduct electronic meetings in accordance with the provisions of the Utah Open and Public Meetings Act (the “Act”), including Utah Code Ann. § 52-4-207.

Policy

Definitions

The Board adopts for application in this policy the definitions in the Act at § 52-4-103.

Electronic Meetings

The Board may, from time to time as needed, convene and conduct electronic board meetings. For the purpose of this policy, an “electronic board meeting” is defined as a meeting convened and conducted in accordance with the Act by means of a conference using electronic communications by which all participants participate by audible oral communication.

The Board will establish one or more anchor locations for the electronic board meeting, at least one of which is the building where the Board would normally meet if they were not holding an electronic meeting.

The Board will provide space and facilities at the anchor location so that interested persons and the public may attend and monitor the open portions of the meeting. If public comments will be

accepted during the electronic meeting, the Board will provide space and facilities at the anchor location so that interested persons and the public may attend, monitor, and participate in the open portions of the meeting.

Board members who are able to both hear and verbally participate in the meeting electronically are considered present for purposes of determining the presence of a quorum at an electronic meeting.

The Board shall take all votes by roll call during an electronic meeting, with the exception of a unanimous vote.

Notice

Prior to conducting an electronic meeting, the Board shall provide advance notice of the meeting in accordance with the Act.

Notice shall be provided to all Board members, as well as to members of the public in accordance with the provisions of the Act.

Each notice shall describe the means of communication by which members will be connected to the electronic meeting and the anchor location.

Electronic Resources Policy

Career Path High

Electronic Resources Policy

Adopted: March 16, 2020

Renewed: June 21, 2021

Renewed: June 27, 2022

Purpose

Utah Career Path High (the “School”) recognizes the value of computer and other electronic resources to facilitate student learning and help the School’s employees accomplish the School’s mission. The School has therefore made substantial investments to establish a network and provide various electronic resources for its students’ and employees’ use. Because of the potential harm to students and the School from misuse of these resources, the School requires the safe and responsible use of computers; computer networks, including e-mail and the Internet; and other electronic resources. This policy is intended to ensure such safe and responsible use and to comply with Utah Administrative Rule R277-495, the Children’s Internet Protection Act, and other applicable laws.

Electronic Devices

The School recognizes that various forms of electronic devices are widely used by both students and employees and are important tools in today’s society. The School seeks to ensure that the use of electronic devices, both privately-owned devices and devices owned by the School, does not cause harm or otherwise interfere with the learning, safety, or security of students or employees. The Director shall therefore establish reasonable rules and procedures regarding the use of electronic devices at School and School-sponsored activities in compliance with applicable laws.

Internet Safety

It is the School’s policy to: (a) prevent user access over its computer network to, or transmission of, inappropriate material via Internet, electronic mail, or other forms of direct electronic communications; (b) prevent unauthorized access and other unlawful online activity; (c) prevent unauthorized online disclosure, use, or dissemination of personal identification information of minors; and (d) comply with the Children’s Internet Protection Act (section 254(h) of title 47,

United States Code). The Director shall establish procedures to accomplish these objectives and ensure compliance with applicable laws.

Student Acceptable Use of School Electronic Resources

The School makes various electronic resources available to students. These resources include computers and other electronic devices and related software and hardware as well as the School's network and access to the Internet. The School's goal in providing such electronic resources to students is to enhance the educational experience and promote the accomplishment of the School's mission.

Electronic resources can provide access to a multitude of information and allow communication with people all over the world. Along with this access comes the availability of materials that may be considered inappropriate, unacceptable, of no educational value, or even illegal.

The Director shall ensure that rules and procedures regarding students' use of the School's electronic resources are established and clearly communicated to students and their parents/guardians. The Director will ensure that safeguards are in place to restrict access to inappropriate materials and that the use of the Internet and other electronic resources is monitored. The Director shall ensure that students receive appropriate training regarding these rules and procedures.

Staff Acceptable Use of School Electronic Resources

Improper use of the School's electronic resources by employees has the potential to negatively impact students, damage the School's image, and impair the School's electronic resources. Therefore, this policy is intended to govern employees' and volunteers' use of the School's electronic resources, and employees must agree to these terms as a condition of employment. The Director shall establish rules and procedures regarding employees' use of the School's electronic resources.

Review and Approval

This policy will be reviewed and approved regularly to ensure that it continues to meet the School's needs.

Employee Compensation During School Closure and Other Extraordinary Circumstances Policy

Career Path High

Employee Compensation During School Closure and Other Extraordinary Circumstances Policy

Adopted: June 15, 2020

Policy

Career Path High's (the "School") Board of Directors (the "Board") adopts this policy in order to authorize compensation to employees during school closure and other temporary extraordinary circumstances when employees are not able to perform all of the duties that they would normally be assigned to do and/or work all of the hours they would normally be scheduled to work in exchange for their agreed-upon compensation.

The Board delegates to the Director the authority to assess all relevant factors, including but not limited to the anticipated availability and security of state and federal funding over the short and long term, and implement this policy when the situation warrants.

This policy may be applied retroactively.

Continued Employment and Compensation

The Board recognizes that closures and other temporary extraordinary circumstances impact normal school operations in many different ways, some of which are not foreseeable. The School nonetheless intends to keep employees employed and engaged in serving the School's students to the maximum extent possible during such circumstances. The School also desires to pay employees in full, as provided for in their employment agreements, to the maximum extent possible during such circumstances, including by providing paid time off when necessary.

Paid Time Off

Criteria for Paid Time Off

All of the following criteria must be met before paid time off may be given to an employee under this policy for any portion of an employee's compensation:

- The employee and the Director or the Director’s designee have explored all reasonable alternatives for the employee to provide services in connection with their current position(s) and have determined that there are none;
- The employee and the Director or the Director’s designee have determined that the employee has completed all possible training and professional development opportunities that can be conducted online or through self-directed opportunities; and
- The employee and the Director or the Director’s designee have determined that there are no other reasonable work opportunities available for the employee—including work opportunities in other programs and work from home.

Substitute teachers are not eligible for paid time off under this policy. However, the school will explore opportunities for substitute teachers to provide services for their regular rate of pay during a closure or other extraordinary circumstances.

Documentation

For each employee receiving paid time off under this policy, the Director and the employee will identify the expectations for what duties the employee will perform, the hours the employee will work, and the amount of paid time off the employee will receive.

Other Paid Time Off and Leave

This policy does not apply to or affect other paid time off or leave an employee may receive or be eligible for under other School policies or applicable law.

Compensation Expenditures Charged to Federal & State Grants & Programs

Compensation-related expenditures for employees who qualify for paid time off under this policy will be charged to the employee’s regular position and program. This includes compensation-related expenditures for Federal and State grants and programs.

Only the portion of the employee’s compensation that would normally be associated with a program will be charged to such program. Compensation charged to a program during extraordinary circumstances, including paid time off under this policy, will be calculated based upon the employee’s employment agreement and normal average hours per day/week the employee worked before the extraordinary circumstances occurred.

If an employee is not able to complete all of his or her normal average hours by working in the employee’s regular position and program but is able to make up the difference by working in a different program, the School will charge the employee’s compensation to both programs in

accordance with the hours the employee worked in each program. However, the employee will not be compensated beyond the normal average hours that the employee worked before the extraordinary circumstances began.

Notwithstanding the foregoing, if an employee receives paid time off under this policy and that paid time off is charged to the employee's regular position and program, the employee may not be compensated for additional time worked in another program.

Maximum Compensation

The School will pay employees in full, as provided in employment agreements, for all work performed under extraordinary circumstances, including any overtime as required by law.

However, paid time off under this policy is intended to make employees whole and reduce the financial burden caused by the extraordinary circumstances. This policy is not intended to provide an employee with a windfall.

Therefore, an employee's total compensation that includes paid time off under this policy may not exceed the amount provided for in the employee's employment agreement and may not exceed what the employee typically earned prior to when the extraordinary circumstances began.

The School will treat all employees the same under this policy, regardless of whether they are compensated through Federal or State grants or programs.

Employee Handbook Policy

**Career Path High
Employee Handbook Policy
Adopted: June 25, 2013**

Policy

The purpose of this policy is to ensure that Utah Career Path High (the “School”) operates in accordance with applicable employment laws.

The School’s Principal will adopt and keep updated an Employee Handbook and establish administrative procedures that comply with federal and state employment laws.

Enrollment and Lottery Policy

Career Path High Enrollment and Lottery Policy Adopted: April 30, 2013

Purpose

To provide guidelines on appropriate procedures on enrollment and lottery processes.

Policy

In regards to applications, enrollment, and lottery procedures, Utah Career Path High (the “School”) will follow all state and federal laws and guidelines. Enrollment in the School is not limited based on ethnicity, national origin, gender, religion, income level, creed, color, disabling condition, or proficiency in the English language.

Enrollment Lottery

For each enrollment period, if there are more applications for admission in any grade than there are available openings in that grade, the School will conduct a lottery to determine which students will be admitted to the School. The School will conduct its lottery electronically and notify accepted students via e-mail or via telephone.

Preferential Enrollment

The following students will receive preference in the School’s lottery in the following order: children of “founders”; children of full time School employees (children of independent contractors are not eligible for preference); siblings of children enrolled in the School. Such students will not, however, be given priority notice or guaranteed admission to the School. No more than 5% of the total student population will be enrolled as a result of priority based on founder or employment status of the student’s parent(s).

Individuals who play a significant role in the development of the school will be eligible to receive “Founder” status. The School’s Board of Directors will approve each Founder. Prospective Founders must commit to provide at least 40 volunteer hours before the opening of

the School or “equivalent contribution” to the development of the school as determined by the Board. Founder status will not be conferred based on donations made to the School. Individuals who fail to meet these requirements can have their Founder Status revoked. Since preferential enrollment will be extended to less than 5% of enrolled students, each Founder and each employee is allotted preferential enrollment for one child.

The School will not give preference to any student and will not make any enrollment decision on any basis prohibited by state or federal law, including federal civil rights laws and IDEA 2004.

Notification

The School will follow the provisions of Utah Code § 53A-1a-506.5 and R277-470-5 regarding notifying prospective students and parents and enrolling students.

For each enrollment period during which the School accepts applications from students, the School will publicize that it is accepting applications on the School website.

No students will be given priority notice or guaranteed admission to the School.

Lottery Schedule

The School’s first lottery for the 2013-14 school year will be conducted during the first week of May 2013 with additional lotteries held periodically as needed until the desired enrollment numbers are reached. For subsequent school years, the first lottery will be held in January or February of each year with additional lotteries held periodically as needed until the desired enrollment numbers are reached. The School may, at the discretion of the School’s Director, continue to enroll students from the lottery throughout the school year to fill spots left open when students withdraw.

Activities Prohibited without Prior Written Consent

Prior Written Consent Requirement

Any School employee or agent who plans to administer to a student in any grade any psychological or psychiatric examination, test, or treatment, or any survey, analysis or evaluation that has the purpose or evident intended effect of causing the student to reveal information, whether the information is personally identifiable or not, concerning the student’s or any family member’s:

The prohibitions also apply within the curriculum and other School activities.

Parental Notice and Consent Checklist

In order to be valid, written parental notice and consent shall include the following:

- (a) parent signature; and
- (b) written notice that the parent may obtain written information concerning:

Unless otherwise agreed to by a student's parent or guardian and the person requesting written consent, the authorization is valid only for the activity for which it was granted; or until the parent withdraws consent, during the course of the activity, by submitting a written withdrawal of authorization to the school principal.

A parent may waive the 2-week notice period by signing and returning a written waiver to the School.

Risk of Suicide

If a school employee or agent believes a student is at risk of attempting suicide, physical self-harm, or harming others, the school employee or agent may intervene and ask a student questions regarding the student's suicidal thoughts, physically self-harming behavior, or thoughts of harming others for the purposes of: (i) referring the student to appropriate prevention services; and (ii) informing the student's parent or legal guardian.

Student Education Records Management

Parents/guardians have the right to inspect and review all of their student's education records maintained by the School. If the education records of a student contain information on more than one student, the parent/guardian may inspect and review or be informed of only the specific information about their student.

- The School will grant a request by a parent/guardian for access to the education records of their child within a reasonable period of time, but in no case more than forty-five (45) days after the request has been made.

Parents/guardians may challenge and request the School to amend any portion of their student's education record that is inaccurate, misleading or in violation of the privacy rights of the student.

- The School shall consider the request and decide whether to amend the records within a reasonable amount of time. If the Principal decides not to amend the record as requested, the Principal shall inform the parent/guardian of the decision and of their right to a hearing.
- Upon request of a parent or guardian, the School shall provide an opportunity for a hearing to challenge the content of the student's education records on the grounds that the

information contained in the education records is inaccurate, misleading, or in violation of the privacy rights of the student.

- Such hearing shall be informal and shall be conducted by an individual who does not have a direct interest in the outcome of the hearing.
- If, as result of the hearing, the School decides that the challenged information is inaccurate or misleading, the record should be amended accordingly and the parent/guardian informed in writing.
- If, as result of the hearing, the School decides that the challenged information is not inaccurate or misleading, it shall inform the parent/guardian of their right to place a statement in the record, commenting on the challenged information in the record, or stating why they disagree with the decision. Any such document must remain with the contested part of the record for as long as the record is maintained, and shall be disclosed whenever the portion of the record to which the statement relates is disclosed.

The School may not disclose information related to education records without prior parental consent, except as provided by law. Such exceptions include, but are not limited to disclosures:

- To school officials who have a legitimate educational interest;
- To a person or company with whom the School has contracted to perform a special task;

The School shall give full rights to student education records to either parent (or guardian), unless the School has been provided with evidence that there is a court order or other legally binding instrument relating to matters such as divorce, separation, or custody that specifically revokes these rights.

Confidentiality of Student Information

The School and all employees, volunteers, third party contractors, or other agents of the School shall protect the privacy of the student and the student's family through compliance with the protections established under state and federal law.

The School will provide appropriate training to employees regarding the confidentiality of student performance data and personally identifiable student information.

Data Collection and Storage Procedures

The School will ensure that school enrollment verification data, student performance data, and personally identifiable student information are collected, maintained and transmitted in a secure manner and consistent with sound data collection and storage procedures.

Access to Information

Access to confidential student information will be limited to individuals with a legitimate educational interest in the data. The Principal/Director will determine which individuals have a

legitimate educational interest in having access to particular data. In general, this will include the Principal/Director, other administrative personnel such as an assistant administrator or counselor, members of the School's front office staff, members of the School's special education staff (in accordance with special education regulations regarding school records), teachers (for students in their classes), and third parties with which the School has contracted to perform special tasks for the School. The School will ensure that all individuals who have access to student information will understand how, where and when they can access this data and will commit to fulfill their obligations to protect the confidentiality of the information.

Physical Protection

Any physical documents containing confidential student information will be stored in a secured, locked location. Access to the storage location will be determined by the Principal/Director.

Technological Protection

The School will ensure that appropriate technological protections are in place, as described below, whenever the School gathers, transmits, or stores confidential information electronically.

The School currently uses Aspire as its Student Information System. This is the primary location in which the School will store electronic data. This program provides a secure location for the maintenance and transmission of confidential student information. In the event the School decides to use a Student Information System other than Aspire, the School will ensure that the system is approved by USOE and is adequately secure.

The School uses an online registration system for the registration and enrollment of all new students entering the school and for the declaration of current students for re-enrollment. This system is used to run lotteries when applications to the School exceed available openings. The School uses the system to gather student information to enter into the School's Student Information System. This system has been designed with security features that satisfy industry standards. The School will ensure that the system is updated over time to maintain adequate security.

All confidential student information that is stored electronically will be in a location that is password protected. Such data will not be stored on local device drives or on removable data storage media.

The School will ensure that its network, including servers and wireless access components, employs industry standard security measures.

School personnel will not share log in information for any system in which confidential student information is stored unless authorized by the Principal/Director.

Confidential student information will only be transmitted through secure means such as MoveIt and will not be transmitted via e-mail in an unencrypted format.

Personnel Responsibilities

School personnel are responsible for entering student data into the School's Student Information System. This includes information obtained through the School's online registration system and other data gathered throughout the course of the school year. School personnel also manage the maintenance and reporting of records and data required by governmental entities.

The Principal/Director will ensure that School personnel will periodically obtain professional training to ensure that they perform their responsibilities properly and that they comply with all requirements associated with protecting and maintaining the confidentiality of student records and data. This training may include topics such as appropriate and inappropriate access and use of data; who may access data and for what purposes; asking questions when access decisions need to be made; handling problems when misunderstandings arise; data collection procedures and expectations; protecting data during collection, use and storage; key aspects of data security.

Third Party Access to Confidential Information

The School's Educational Services Provider, Academica West, will have access to the personally identifiable student data and school enrollment verification data collected and maintained by the School in connection with legitimate educational purposes of the School.

Data Breach

The School will notify the parent or guardian of a student if there is a release of the student's personally identifiable student data due to a security breach.

Secondary students may be required to provide their own student supplies, subject to the fee waiver requirements of this policy.

Fees for Optional Projects

The School may require students at any grade level to provide materials or pay for an additional discretionary project if the student chooses a project in lieu of, or in addition to a required classroom project. A student may not be required to select an additional project as a condition to enrolling, completing, or receiving the highest possible grade for a course. The School will avoid allowing high cost additional projects, particularly when authorizing an additional discretionary project results in pressure on a student by teachers or peers to also complete a similar high cost project.

Fees for Activities Outside of the Regular School Day

Fees may be charged in all grades for any School-sponsored activity that does not take place during the regular school day if participation in the activity is voluntary and does not affect the student's grade or ability to participate fully in any course taught during the regular school day. Fee waivers are available for such fees.

A fee related to a co-curricular or extracurricular activity may not exceed the maximum fee amounts for the co-curricular or extracurricular activity adopted by the Board, as provided below.

Activities that use the School facilities outside the regular school day but are not provided, sponsored, or supported by the School (i.e., programs sponsored by the parent organization and/or an outside organization) may charge for participation, and fee waivers are not available for these charges.

An activity, class, or program that is provided, sponsored, or supported by the School outside of the regular School day or School year calendar is subject to this policy and state law regardless of the time or season of the activity, class, or program.

Fee Schedule

The Board will approve a Fee Schedule at least once each year on or before April 1. The Fee Schedule will establish the maximum fee amount per student for each activity and the maximum total aggregate fee amount per student per school year. No fee may be charged or assessed in

connection with an activity, class, or program provided, sponsored, or supported by the School, including for a curricular, co-curricular or extracurricular activity, unless the fee has been set and approved by the Board, is equal to or less than the established maximum fee amount for the activity, and is included in the approved Fee Schedule.

The School will encourage public participation in the development of the Fee Schedule and related policies.

Before approving the School's Fee Schedule, the School will provide an opportunity for the public to comment on the proposed Fee Schedule during a minimum of two public Board meetings. In addition to the standard notice of Board meetings under the Open and Public Meetings Act, the School will provide notice of these Board meetings using the same form of communication regularly used by the administration to communicate with parents.

After the Fee Schedule is adopted, the Board may amend the Fee Schedule using the same process.

Maximum Fee Amounts

In connection with establishing the Fee Schedule, the Board will establish a per student annual maximum fee amount that the School may charge a student for the student's participation in all courses, programs, and activities provided, sponsored, or supported by the School for the year. This is a maximum total aggregate fee amount per student per School year.

The Board may establish a reasonable number of activities, courses, or programs that will be covered by the annual maximum fee amount.

The amount of revenue raised by a student through an individual fundraiser for an activity, as well as the total per student amount expected to be received through required group fundraising for an activity, will be included as part of the maximum fee amount per student for the activity and maximum total aggregate fee amount per student.

Notice to Parents

The Principal will annually provide written notice of the School's Fee Schedule and Fee Waiver Policy to the parent or guardian of each student in the School by ensuring that a written copy of the School's Fee Schedule and Fee Waiver Policy is included with all registration materials provided to potential or continuing students each year.

The School will also post the following on its website each school year:

- (a) The School's Fee Schedule, including maximum fee amounts, and Fee Waiver Policy;
- (b) The School's fee waiver application;
- (c) The School's fee waiver decision and appeals form; and
- (d) The School's fee notice(s) for families.

Donations

The School may not request or accept a donation in lieu of a fee from a student or parent unless the activity, class, or program for which the donation is solicited will otherwise be fully funded by the School and receipt of the donation will not affect participation by an individual student.

A donation is a fee if a student or parent is required to make the donation as a condition to the student's participation in an activity, class, or program.

The School may solicit and accept a donation or contribution in accordance with the School's policies, including the Donation and Fundraising Policy, but all such requests must clearly state that donations and contributions by a student or parent are voluntary.

If the School solicits donations, the School: (a) shall solicit and handle donations in accordance with policies and procedures established by the School; and (b) may not place any undue burden on a student or family in relation to a donation.

Fee Collection

The School may pursue reasonable methods for obtaining payment for fees and for charges assessed in connection with a student losing or willfully damaging school property.

The School may not exclude students from school, an activity, a class, or a program that is provided, sponsored, or supported by the School during the regular school day; refuse to issue a course grade; or withhold official student records, including written or electronic grade reports, class schedules, diplomas, or transcripts, as a result of unpaid fees.

The School may withhold the official student records of a student responsible for lost or damaged School property consistent with Utah Code § 53G-8-212 until the student or the student's parent has paid for the damages, but may not withhold a student's records required for student enrollment or placement in a subsequent school.

A reasonable charge may be imposed by the School to cover the cost of duplicating, mailing, or transmitting transcripts and other school records. No charge may be imposed for duplicating, mailing, or transmitting copies of school records to an elementary or secondary school in which the student is enrolled or intends to enroll.

Consistent with Utah Code § 53G-6-604, the School will forward a certified copy of a transferring student's record to a new school within 30 days of the request, regardless of whether the student owes fees or fines to the School.

Students shall be given notice and an opportunity to pay fines prior to withholding issuance of official written grade reports, diplomas and transcripts. If the student and the student's parent or guardian are unable to pay for damages or if it is determined by the School in consultation with the student's parents that the student's interests would not be served if the parents were to pay for the damages, then the School may provide for a program of voluntary work for the student in lieu of the payment. A general breakage fee levied against all students in a class or school is not permitted.

Fee Refunds

Student fees are non-refundable.

Budgeting and Spending Revenue Collected Through Fees

The School will follow the general accounting standards described in Rule R277-113 for treatment of fee revenue.

Beginning with the 2020-2021 school year, the School will establish a spend plan for the revenue collected from each fee charged. The spend plan will (a) provide students, parents, and employees transparency by identifying a fee's funding uses; (b) identify the needs of the activity, course, or program for the fee being charged and include a list or description of the anticipated types of expenditures, for the current fiscal year or as carryover for use in a future fiscal year, funded by the fee charged.

School Fee Collections & Accounting Procedures

It is the responsibility of the Principal to ensure that all student fees collected are in compliance with the Fee Schedule and applicable financial policies and procedures. Fees must be received and deposited in a timely manner.

Money may only be collected by staff authorized by the Principal. Students may not collect fees.

Beginning in the 2020-21 school year, the School may not use revenue collected through fees to offset the cost of fee waivers by requiring students and families who do not qualify for fee waivers to pay an increased fee amount to cover the costs of students and families who qualify for fee waivers. However, the School may notify students and families that the students and families may voluntarily pay an increased fee amount or provide a donation to cover the costs of other students and families.

Fee Waiver Provisions

To ensure that no student is denied the opportunity to participate in a class or activity that is provided, sponsored, or supported by the School because of an inability to pay a fee, the School provides fee waivers or other provisions in lieu of fee waivers. Fee waivers or other provisions in lieu of fee waivers will be available to any student whose parent cannot pay a fee.

All fees are subject to waiver.

Non-waivable charges are not subject to waiver.

Fee Waiver Administration

The Principal will administer this policy and will review and grant fee waiver requests. The process for obtaining waivers or pursuing alternatives will be administered in accordance with this policy, fairly, objectively, and without delay, and in a manner that avoids stigma, embarrassment, undue attention, and unreasonable burdens on students and parents.

The School will not treat a student receiving a fee waiver or provision in lieu of a fee waiver differently from other students. The process for obtaining waivers or pursuing alternatives will create no visible indicators that could lead to identification of fee waiver applicants.

The process for obtaining waivers or pursuing alternatives will comply with the privacy requirements of The Family Educational Rights and Privacy Act of 1974, 20 U.S.C. 1232g (FERPA). The School may not identify a student on fee waiver to students, staff members, or other persons who do not need to know. As a general rule, teachers and coaches do not need to know which students receive fee waivers. Students may not assist in the fee waiver approval process.

Fee Waiver Eligibility

A student is eligible for a fee waiver if the School receives verification that:

- (a) In accordance with Utah Code § 53G-7-504(4), family income falls within levels established annually by the State Superintendent and published on the Utah State Board of Education website;
- (b) The student to whom the fee applies receives Supplemental Security Income (SSI). If a student receives SSI, the School may require a benefit verification letter from the Social Security Administration;
- (c) The family receives TANF or SNAP funding. If a student's family receives TANF or SNAP, the School may require the student's family to provide the School an electronic copy or screenshot of the student's family's eligibility determination or eligibility status covering the period for which the fee waiver is sought from the Utah Department of Workforce Services; or
- (d) The student is in foster care through the Division of Child and Family Services or is in state custody. If a student is in state custody or foster care, the School may rely on the youth in care required intake form or school enrollment letter provided by a caseworker from the Utah Division of Child and Family Services or the Utah Juvenile Justice Department.

The School will not maintain copies of any documentation provided to verify eligibility for a fee waiver.

The School will not subject a family to unreasonable demands for re-qualification.

The School may grant a fee waiver to a student, on a case by case basis, who does not qualify for a fee waiver under the foregoing provisions but who, because of extenuating circumstances, is not reasonably capable of paying the fee.

The School may charge a proportional share of a fee or a reduced fee if circumstances change for a student or family so that fee waiver eligibility no longer exists.

The School may retroactively waive fees if eligibility can be determined to exist before the date of the fee waiver application.

Fee Waiver Approval Process

The Principal will inform patrons of the process for obtaining waivers and will provide a copy of the standard fee waiver application on the School's website and in registration materials each year.

The Principal will review fee waiver applications within five (5) school days of receipt. If the School denies a request for a fee waiver, the School will provide the decision to deny a waiver in writing and will provide notice of the procedure for appeal in the form approved by the Utah State Board of Education.

Any requirement that a student pay a fee will be suspended during any period in which the student's eligibility for a waiver is being determined or during the time a denial of waiver is being appealed.

Each year the School will maintain documentation regarding the number of School students who were given fee waivers, the number of School students who worked in lieu of fee waivers, the number of School students who were denied fee waivers, the total dollar value of student fees waived by the School, and the total dollar amount of all fees charged to students at the School, as this information may be requested by the Utah State Board of Education as part of its monitoring of the School's school fees practices.

Appeal Process

Denial of eligibility for a waiver may be appealed in writing to the Principal within ten (10) school days of receiving notice of denial. The School shall contact the parent within two (2) weeks after receiving the appeal and schedule a meeting with the Principal to discuss the parent's concerns. If, after meeting with the Principal, the waiver is still denied, the parent may appeal, in writing, within ten (10) school days of receiving notice of denial to the Board.

In order to protect privacy and confidentiality, the School will not retain information or documentation provided to verify eligibility for fee waivers.

Alternatives to Fees and Fee Waivers

The School may allow a student to perform service or another approved task (as described in Utah Code § 53G-7-504(2)) in lieu of paying a fee or, in the case of an eligible student, in lieu receiving a fee waiver, but such alternatives may not be required. If the School allows an alternative to satisfy a fee requirement, the Principal will explore with the interested student and his or her parent/guardian the alternatives available for satisfying the fee requirement, and

parents will be given the opportunity to review proposed alternatives to fees and fee waivers. However, if a student is eligible for a waiver, textbook fees must be waived, and no alternative in lieu of a fee waiver is permissible for such fees.

The School may allow a student to perform service in lieu of paying a fee or receiving a fee waiver if: (a) the School establishes a service policy or procedure that ensure that a service assignment is appropriate to the age, physical condition, and maturity of the student; (b) the School's service policy or procedure is consistent with state and federal laws, including Section 53G-7-504 regarding the waiver of fees and the federal Fair Labor Standards Act, 29 U.S.C. 201; (c) the service can be performed within a reasonable period of time; and (d) the service is at least equal to the minimum wage for each hour of service.

A student who performs service may not be treated differently than other students who pay a fee.

The service may not create an unreasonable burden for a student or parent and may not be of such a nature as to demean or stigmatize the student.

The School will transfer the student's service credit to another LEA upon request of the student.

The School may make an installment payment plan available for the payment of a fee. Such a payment plan may not be required in lieu of a fee waiver.

Annual Review, Approval, and Training

The Board will review and approve this policy annually.

The School will develop a plan for at least annual training of School employees on fee- related policies specific to each employee's job function.

Grading Policy

Career Path High

Grading Policy & Addendum

Adopted: December 19, 2013

Revised: March 16, 2015

Revised: March 16, 2020

Utah Career Path High (the School) is a competency-based education model in which students advance and move ahead on their lesson based on a benchmark of proficiency. Competency education requires demonstrated proficiency on a common pathway, or learning progression. Students are required to complete units and courses at a mastery level set by the School's administration not to fall below 70%, with the goal that every student achieves subject mastery.

Competency education unlocks the power of personalization by letting every student take a unique path and pace. The School's blended learning flex model is designed to allow students control over place, path and pace. Students are given flexibility over pacing within each course. This flexibility requires personal responsibility and is allowed only when a student is on pace for successful course completion in accordance with their Personal Learning Plan (PLP). Maintaining a pacing schedule is critical for success.

Grade Calculation

Students and parents are able to view real-time course progress and performance in the student's curriculum dashboard 24/7.

All courses have a start and end date according to the quarter schedule and the students' PLP with an accompanying pacing guide identifying due dates for assignments and assessments. Pacing guides serve as a tool and provide a valuable indication as to whether or not the student is on a reasonable pace for successful course completion.

The School's Grading Policy is based on successfully completing credits at a mastery level of 70% or higher, meaning a student will not be awarded credit with a grade lower than a C. A student must achieve 70% on all assignments and assessments. Students move forward in their curriculum only after they have achieved 70% mastery or higher. As a result, a D letter grade is not possible.

Progress Report Cards are issued each quarter. Grades and credits are calculated by the following:

1. The school year is divided into four quarters.
 2. Each quarter course has a .25 credit value.
 3. Credits are awarded in .25 increments. Each quarter credit must be completed at the established mastery level in order for credit to be awarded. The grade for each completed quarter credit will be based on the performance score. • A student on pace at the end of each quarter will be awarded a grade for the full .25 credit based on the performance score.
- A student not on pace at the end of the quarter will receive an Incomplete for any .25 credit not completed.
 - a. Incomplete credits receive an F at the end of the school year.
 - b. GPA points are not awarded for incomplete credits.

Students are awarded full credit for each course successfully completed by the end of the calendared school year in support of the School's competency-based education model.

Traditional Course

Not all courses are delivered through online curriculum. Some courses may be delivered through a traditional, face-to-face method. For these courses the instructor will track attendance and assign activities and assessments and will grade accordingly.

Grading Scale

Letter grades are calculated using the chart below. GPA is calculated from grades using the point scale below.

Letter Grade	Percentage	GPA
A+	97-100%	4.33 or 4.00
A	93-96%	4.00
A-	90-92%	3.67
B+	87-89%	3.33
B	83-86%	3.00
B-	80-82%	2.67
C+	77-79%	2.33
C	73-76%	2.00
C-	70-72%	1.67

Policy

A home school student may participate in statewide assessments at the School if each of the following conditions are met:

- (1) The student is a Utah resident as defined in Utah Code Ann. § 53G-6-302 and proof of residency has been provided to the School;
- (2) The student has satisfied the home schooling requirements of Utah Code Ann. § 53G-6-204 and a copy of the certificate from a local school board excusing the student from attendance at school during the applicable school year has been provided to the School; and

The parent or guardian of the student agree that they will not participate in the monitoring or proctoring of the student’s statewide assessments at the School.

The School will respond to a home school student’s request to participate in statewide assessments at the School in a timely manner. If the request is approved, the School will notify

the student's parent or guardian of the date(s) and time(s) of the applicable statewide assessments at the School in which the student may participate and any other information deemed relevant by the School.

The School may not require a home school student to pay a fee for participating in statewide assessments at the School that is not charged to traditional students.

A home school student or the student's parent or guardian may request from the School an annual schedule of statewide assessment dates at the School, the location of the School campus(es) at which home school students may be tested, and a copy of the School's written policies for home school student participation in statewide assessments at the School. The School will provide such requested information in a timely fashion.

LEA-Specific Educator Licensing Policy

Career Path High

LEA-Specific Educator Licensing Policy

Adopted: August 17, 2020

Revised: April 18, 2022

Purpose

Career Path High (the “School”) is committed to employing educators who are properly licensed and qualified for their positions. This policy is adopted in accordance with Rule R277-301 and governs the School’s application for LEA-specific educator licenses and its employment of educators on such licenses.

The School acknowledges that the purpose of LEA-specific educator licenses is to allow the School to hire otherwise qualified educators during the period that they are preparing and completing requirements to qualify for an associate educator license or a professional educator license.

Policy

Applying for an LEA-Specific Educator License

The School’s administration will propose to the Board of Directors (the “Board”) candidates for an LEA-specific educator license as the need arises.

When the administration proposes a candidate for an LEA-specific license, they will follow the procedures below and provide the Board with an explanation and rationale for requesting an LEA-specific educator license under the criteria contained in this policy.

When the Board determines that it is appropriate under this policy, the Board will approve the request for an LEA-specific educator license in a public meeting. Approval will take place no more than 60 days prior to submitting the application to the USBE on behalf of the candidate.

The Board will apply for the LEA-specific educator license for one, two, or three years as requested by the administration and approved by the Board, and in accordance with R277-301-7.

The School may not issue an LEA-specific license area of concentration to an educator for the license areas identified in R277-301-7, including special education, pre-school special education,

deaf education, school psychologist, school social worker, audiologist, speech language therapist, or speech language pathologist.

In accordance with R277-301-8, the Board may request an eminence designation for an LEA-Specific license, license area, or endorsement for a teacher whose employment with the School is no more than 37% of a teacher's regular instruction load.

Criteria for Employing Educators with an LEA-Specific Educator License

The School will use the following processes and consider the following criteria in determining whether to employ an educator and apply for an LEA-specific educator license:

1. Vet each candidate and contact references in order to verify that they are a strong candidate. In particular, ensure that the candidate does not have any prior misconduct that would impair their success in teaching.
2. Interview each candidate and verify that they support the School's IB focus.
3. Consider the extent to which each candidate has training in the content area and the ability to facilitate student learning in that content area.
4. Consider the extent to which each candidate has experience and the ability to effectively teach courses.
5. Consider whether the LEA-specific educator license is sought in a content area in which there is a shortage of qualified educators in the state.

When an LEA-specific license, license area, or endorsement is sought for an educator for a subject that comprises less than 50% of the educator's course load, the following criteria will also be considered:

1. Consider whether the educator is a certified teacher in other content areas.
2. Consider whether the number of periods to be taught under the LEA-specific license, license area, or endorsement constitutes a full teaching load.
3. Consider whether the School currently employs or is hiring a teacher who does not have a degree or endorsement in the content area but who can also teach other areas in which they are licensed.
4. Consider whether the educator has demonstrated proficiency in teaching these courses.

5. Consider whether the administration has identified other qualified candidates with the necessary dual licensing.

The School will also ensure that a candidate for an LEA-specific educator license has completed (or will timely complete) the required criminal background check and educator ethics review described in R277-301-7.

Educator Preparation and Support

Within the first year of employment, the School will train each educator holding an LEA-specific educator license on:

- (a) educator ethics;
- (b) classroom management and instruction;
- (c) basic special education law and instruction; and
- (d) the Utah Effective Teaching Standards described in R277-530.

Website Posting

This policy will be posted on the School's website.

The School will also prominently post the following information on its website:

- (a) disclosure of the fact that the School employs individuals holding LEA-specific licenses, license areas, or endorsements;
- (b) an explanation of the types of licenses issued by the USBE;
- (c) the percentage of the types of licenses, license areas, and endorsements held by educators employed in the School based on the employees' FTE as reported to the USBE Superintendent; and
- (d) a link to the Utah Educator Look-up Tool provided by the USBE Superintendent in accordance with Subsection R277-312-7(6).

Library Materials Policy

Career Path High Library Materials Policy Adopted: August 15, 2022

Purpose

The purpose of this policy and its accompanying procedures is to help ensure that Career Path High (the “School”) provides appropriate library materials that support and enhance student academic learning and personal development.

This policy and its accompanying procedures are intended to satisfy the requirements of Utah Administrative Code Rule R277-628.

Policy

The School’s library shall promote intellectual and academic freedom by providing students with thoughtful access to a wide range of balanced, relevant, age-appropriate materials. The library shall serve as a learning environment for students and help them acquire the critical thinking and problem-solving skills needed in a pluralistic society. The library shall provide students an opportunity to learn beyond their regular classroom instruction.

The School shall comply with state and federal law and Utah State Board of Education rule in connection with its library collection and program. The School’s library collection shall not contain any “sensitive material” as that term is defined by Utah Code § 53G-10-103; that is, the School’s library collection shall not contain any instructional material that is pornographic or indecent material as that term is defined in Utah Code § 76-10-1235.

The School’s criteria for selecting and removing materials from its library collection, as well as the School’s process for handling challenges or other requests for review of such materials, shall be consistent with this policy, applicable law and rule, and the School’s mission and vision.

Procedures

The Director shall establish administrative procedures that set forth the criteria and process by which the School will select, remove, and handle challenges or other requests for review of materials in the School’s library collection.

Parent Grievance Policy

Career Path High

Parent Grievance Policy

Adopted: August 27, 2013

The purpose of this policy is to clarify for parents a process by which concerns can be addressed. The Board of Directors of Utah Career Path High (the “School”) values open communication between parents, faculty, staff, administration, and the Board. The Board encourages active parent participation in their children’s education, and hopes that parents will feel empowered to voice their opinions, volunteer in and out of the classroom for the School, and work as a team to provide the best education for their children. The Board also believes that individuals can generally resolve their own disputes through open, respectful communication. If a situation arises that cannot be resolved between the parties involved, then this policy will be used.

The purpose of this policy is to ensure that parents understand how to pursue the resolution of grievances, concerns and disputes involving the School.

Concerns Involving School Personnel

A parent who has a complaint involving a teacher, staff member or member of the School’s administration (including the Director) must first address the issue with the other individual involved and work reasonably and in good faith to resolve the concern.

A parent that is not able to resolve the dispute himself or herself may then raise the issue with the School’s Director. The parent should first send to the Director a written complaint specifying the individual(s) involved, details of the incident(s) giving rise to the complaint, including dates and approximate times, details of an attempt to rectify the situation, and the requested solution. After sending the written complaint, the parent and the Director should schedule a time to discuss the concern in person or via telephone.

If a parent’s complaint involves the Director, the parent must first address the issue with the Director and work reasonably and in good faith to resolve the problem. The parent is not required to send the Director a written complaint in this situation.

In the event the parent and the Director are unable to resolve a complaint and the parent wishes to bring the issue to the Board’s attention, the complaint may be directed to the Board in writing.

Complaints shall specify the individual(s) involved, details of the incident(s) giving rise to the complaint, including dates and approximate times, details of attempts to resolve the problem, and the requested solution. The Board will then consider the complaint and take whatever action it deems appropriate.

Concerns Involving Board Policy

If a parent has a concern regarding Board policy, the parent may communicate with any or all members of the Board in person, via telephone, or through e-mail and may address the Board during the “public comment” portion of a Board of Directors meeting. Parents may also request to be added to the Board meeting agenda by contacting the President of the Board of Directors at least three (3) working days prior to the scheduled meeting date. However, the Board President has discretion over the Board meeting agenda items and may elect not to place the item on the agenda.

Concerns that involve administrative practices or procedures should be addressed with the Director rather than the Board.

Parent and Family Engagement Policy

Adopted: March 16, 2015 (Parent Involvement Policy and Compact)

Revised: November 12, 2018

Reviewed: January 13, 2020

Reviewed: October 11, 2021

Revised: October 3, 2022

Purpose

In support of strengthening student academic achievement, Utah Career Path High (the “School”) receives Title I, Part A funds and must jointly develop with, agree on with, and distribute to parents and family members of participating children a written parent and family engagement policy that contains information required by Section 1116 of the Every Student Succeeds Act (the “ESSA”). This policy establishes the School’s expectations and objectives for meaningful parent and family involvement, describes how the School will implement a number of specific parent and family engagement activities, and is incorporated into the School’s plan submitted to the state pursuant to Section 1112 of the ESSA. The purpose of an effective parent and family engagement policy is to improve all students’ academic achievement.

Policy

The School agrees to implement the following requirements as outlined by Section 1116 of the ESSA:

- Involve parents, in an organized, ongoing, and timely way, in the planning, review, and improvement of programs under Title I, Part A, including the planning, review, and improvement of this policy and the joint development of the targeted assistance or schoolwide program plan.
- Update this policy periodically to meet the changing needs of parents and the School, distribute it to the parents and family members of participating children, and make this policy available to the local community.
- Provide full opportunities, to the extent practicable, for the participation of parents and family members with limited English proficiency, parents and family members with disabilities, and parents and family members of migratory children, including providing

information and school reports required under Section 1111 of the ESSA in an understandable and uniform format and, to the extent practicable, in a language parents understand.

- If the targeted assistance or schoolwide program plan under Section 1114(b) of ESSA is not satisfactory to the parents of participating children, submit any parent comments with such plan when the School submits the plan to the state.
- Be governed by the following statutory definition of parent and family engagement and will carry out programs, activities, and procedures in accordance with this definition:

Parent and family engagement means the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring:

- *That parents play an integral role in assisting their child's learning;*
- *That parents are encouraged to be actively involved in their child's education at school;*
- *That parents are full partners in their child's education and are included, as appropriate, in decision-making and on advisory committees (if any) to assist in the education of their child; and*
- *The carrying out of other activities, such as those described in Section 1116 of the ESSA.*

Required Policy Components

Below is a description of how the School will implement or accomplish each of the following components required by Section 1116 of the ESSA:

- Joint Development of Policies, Plans, Compact, and Programs. The School will take the following actions to involve parents and family members in an organized, ongoing, and timely manner in the planning, review, and improvement of Title I policies, plans, compact, and programs:
 - Distribute a copy of this policy and the school-parent compact to parents and family members at the beginning of each school year through appropriate channels, such as the registration packet. The policy and school-parent compact will also be posted on the School's website.
 - Notify parents and family members of an annual meeting where parents and family members will be informed about the School's participation in and the requirements of Title I programs.
 - Hold other parent and family meetings at flexible times during the school year to provide parents and family members with ongoing information, training, and materials to help them work with their children in the areas such as literacy, numeracy, and technology.

- Hold parent-teacher conferences at least annually, where student achievement, behavior, and/or the school-parent compact will be reviewed and discussed.
 - The School and state websites will provide parents with information related to expected student proficiency levels.
 - The School website will provide parents with a description and explanation of the School's curriculum, mission, calendar information, policies, and opportunities for school and parent interaction.
 - Conduct an annual review and evaluation of this policy, the school-parent compact, and targeted assistance or schoolwide program plan. As part of the annual review and evaluation, the School will consider, and implement if appropriate, any suggestions or feedback provided by parents and family members on how the School can improve this policy and the associated compact and plan. Suggestions or feedback may be provided to the School in the form of results from the School's needs assessment and evaluation given to parents, comments made by parents and family members in meetings at the School and during parent-teacher conferences, or through other means. The annual review and evaluation of this policy will also include identifying such things as barriers to parent engagement (especially engagement of parents who are economically disadvantaged, disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background); needs of parents and family members to enable them to assist with the learning of their children; and strategies to support successful school and family interactions.
- Communications. The School will take the following actions to provide parents and family members timely information about the Title I programs in which the School participates:
 - Distribute a copy of the updated version of this policy and the school-parent compact to parents and family members at the beginning of each school year through appropriate channels, such as the registration packet.
 - Provide information related to the Title I programs, meetings, and other activities to the parents of participating children in an understandable and uniform format and, to the extent practicable, in a language that the parents can understand.
- School-Parent Compact. The School's school-parent compact outlines how parents, the entire School staff, and students will share the responsibility for improved student academic achievement and the means by which the School and parents will build and develop a partnership to help children achieve the state's high standards. The School will review the school-parent compact with parents of participating children by doing the following:
 - Distributing a copy of the updated version of the school-parent compact to parents and family members at the beginning of each school year through appropriate channels, such as the registration packet.

- Obtaining all parties' signatures (electronic or written) on each school-parent compact on an annual basis.
 - Encouraging parents to review the school-parent compact with their children on a regular basis.
 - Considering, and implementing, if appropriate, any suggestions or feedback provided by parents and family members on how the School can improve its school-parent compact.
- Reservation of Funds. The School currently does not receive Title I allocations of \$500,000 or more. In the event the School's Title I allocations reach or exceed \$500,000 in the future, the School will follow the requirements in Section 1116(a)(3) of the ESSA.
 - Coordination of Services. The School will, to the extent feasible and appropriate, coordinate and integrate parent and family engagement programs and activities with other federal, state, and local programs, including public preschool programs, and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children.
 - Building Capacity of Parents. The School will build the parents' capacity for strong parent and family engagement to ensure effective involvement of parents and to support a partnership among the School and the community to improve student academic achievement through the following:
 - Providing opportunities for discussion with parents about the School's curriculum, forms of academic assessment used to measure student progress, and achievement levels of the challenging state academic standards.
 - Engaging parents with materials and training to help parents to work with their child to improve their child's achievement, such as literacy training and using technology (including education about the harms of copyright piracy), as appropriate, to foster parent and family engagement.
 - Giving parents information at parent-teacher conferences about their student's state core testing and other appropriate curriculum based assessments.
 - Providing progress reports to parents to communicate their student's academic performance throughout the school year.
 - Facilitating communication between parents and School personnel through the School's LAND Trust Committee.
 - Scheduling School meetings, as well as parent-teacher conferences, in a way that will maximize parent and family member involvement and participation.

- Gathering, on an annual basis, input from parents through a variety of methods. For example, parent surveys, needs assessments, conversation, parent-teacher conferences, and School activities.
- Providing assistance to parents, as appropriate, in understanding topics such as the following:
 - The challenging state’s academic standards;
 - The state and local academic assessments, including alternate assessments;
 - The requirements of Title I, Part A;
 - How to monitor their child’s progress; and
 - How to work with educators to improve the achievement of their child.
- Building Capacity of School Staff. The School will, with the assistance of parents, provide training to educate teachers, specialized instructional support personnel, principals/directors and other School leaders, and other staff on the value and utility of contributions of parents; how to reach out to, communicate with, and work with parents as equal partners; how to implement and coordinate parent programs; and how to build ties between parents and the School. The School may accomplish this training through in-person trainings and/or through the utilization of online print and video resources. The School may also provide other reasonable support for parent and family engagement activities under Section 1116 as parents may reasonably request.

Parents and Family Members of Children Learning English

Any time this policy references “parents,” “family,” or “family members,” it includes parents and family members of students who are English language learners, regardless of the prevalence of children English language learners in the geographic area in which the School is located.

The School may seek assistance from community organizations to assist the School in communicating with parents and family members of students who are English language learners. If the School provides such assistance, it will try to determine the method of communication preferred by the parents and family members of students who are English language learners.

Review

The School will annually review and evaluate this policy, the school-parent compact, and the targeted assistance or schoolwide program plan to determine their effectiveness in improving the academic quality of the School and academic achievement of its students. Results of the annual review and evaluation will be used to design strategies for more effective parent and family engagement.

Policy

Career Path High (the “School”) will follow applicable state and federal laws in connection with the procurement of services, supplies and equipment, including but not limited to the provisions of the Utah Procurement Code at Utah Code § 63G-6a-101, *et seq.* and the administrative rules in Title R33 of the Utah Administrative Code.

Procurement Processes

The School will follow the procurement processes below unless an exception applies.

Quotes or Bids Not Required

No procurement process is required for purchases of items up to \$5,000. The School may make such purchases from any vendor without obtaining competitive bids or quotes. However, the School may only purchase up to \$10,000 worth of items each costing \$5,000 or less from one vendor at one time without obtaining competitive bids or quotes. The School may also only purchase up to \$50,000 worth of items each costing \$5,000 or less from one vendor during one year without obtaining competitive bids or quotes.

Quotes or Bids Required

For small purchases as defined in R33-5-107, which will typically include purchases of items between \$5,000.01 and \$50,000 other than professional services or construction projects, the School will obtain at least two competitive bids or quotes that include minimum specifications and purchase from the responsible vendor offering the lowest bid or quote meeting the

specifications. The School will also record and maintain as a governmental record the names of the vendors offering bids or quotes and the date and amount of each bid or quote.

Formal Procurement Process Necessary

For purchases of items over \$50,000 other than professional services or construction projects, the School will conduct a formal procurement process, such as an Invitation for Bids or a Request for Proposals.

Professional Services

For small purchases of professional service providers and consultants as defined in R33-5-108, which will typically include purchases of such services up to \$100,000 per project, the School will first review the qualifications of at least three companies, firms, providers, and/or individuals and then select one through direct negotiation. Obtaining competitive bids or quotes for the above-described small purchases is not required.

For small purchases of design professional services as defined in R33-5-105, which will typically include purchases of such services up to \$100,000 per project, the School will first review the qualifications of at least three design professional firms and then select one through direct negotiation. The School will also include minimum specifications when doing a small purchase of design professional services as defined in R33-5-105. Obtaining competitive bids or quotes for the above-described small purchases is not required.

However, if the cost of a professional service provider's, consultant's, or design professional's services exceeds \$100,000, the School will conduct a formal procurement process for such services, such as an Invitation for Bids or a Request for Proposals.

Construction Projects

For small purchases of construction projects as defined in R33-5-106, the School may procure a small construction project up to \$25,000 from a contractor without obtaining competitive bids or quotes after documenting that all building code approvals, licensing requirements, permitting, and other construction related requirements are met. When procuring a small construction project costing between \$25,000.01 and \$100,000, the School will obtain at least two competitive bids or quotes that include minimum specifications and will award the project to the contractor with the lowest bid or quote that meets the specifications after documenting that all applicable building code approvals, licensing requirements, permitting, and other construction related requirements are met.

The School will include minimum specifications when doing a small purchase of a construction project as defined in R33-5-106. Contractors selected by the School to do a small construction project must certify that they are capable of meeting the minimum specifications of the project.

If the cost of a construction project exceeds \$100,000, the School will conduct a formal procurement process, such as an Invitation for Bids or a Request for Proposals.

Other Requirements

The School will not artificially divide purchases or otherwise take steps in order to avoid the requirement to obtain competitive bids or quotes or conduct a formal procurement process.

School personnel will comply with the provisions of the Procurement Code prohibiting the acceptance of gratuities or kickbacks from vendors during the procurement process.

The School's contracts with vendors, including any renewal or extension periods, will not have a term that is longer than five years unless an exception applies or the School complies with the requirements of the Procurement Code governing any contract with a term that is longer than five years.

The School will comply with the requirements of the Procurement Code in connection with any construction or real property improvements undertaken by the School.

When entering into a contract, the School will ensure that the contract includes appropriate language regarding the scope of work to be performed, adequately addresses any applicable federal requirements, and includes language regarding data privacy and use, where appropriate. The School will ensure that the appropriate legal review of contract language is performed prior to entering into the contract.

Any alleged violations of this policy or applicable law shall be reported in writing to the School's Director or Board of Directors.

The responsibility for disbursement is delegated to the School’s management company as set forth below.

Disbursements will be charged to one of two School accounts: (i) the General Operating Account; and (ii) the Petty Cash Account. Disbursements are handled in such a manner as to ensure that the proper funds and accounts are charged; that the disbursement is used only for authorized purposes; and that laws, rules and regulations governing the disbursements and handling of public funds are followed.

General Operating Account

The following controls are established to ensure that all payments are made on a timely basis and in accordance with all purchase orders and contracts:

In addition to the General Operating Account, the School has a Petty Cash Account with corresponding checks and a debit card to be utilized at the discretion of the Director. The purpose of the Petty Cash Account is to provide a convenient way to pay for small expenses while minimizing exposure of School funds to the risk of misuse or theft.

Blank warrants/checks and/or a debit card may be kept in locked storage under the control of the Director or a designated, responsible employee at the School. Disbursements charged to the Petty Cash Account shall be made in accordance with the following provisions to ensure payments are properly authorized and recorded:

The use of these blank checks should be kept to an absolute minimum.

Religion and Education Policy

Career Path High
Religion and Education Policy
Adopted: August 15, 2013

Purpose

It is the policy of Utah Career Path High (the “School”) to recognize, protect, and accommodate the rights of religious practice and expression guaranteed by state and federal laws and by the constitutions of Utah and the United States.

The purpose of this policy is to help School personnel protect and accommodate individual rights of conscience in the School.

Policy

The School’s Board of Directors expects School personnel to foster mutual understanding and respect for all individuals and beliefs. Study about religion is an important part of a complete education and is necessary to achieving an understanding of history, societies, and cultures throughout the world. School curricula – including activities, discussions, assignments, displays, and performances – may refer to religious thought and expression, provided such references are designed to achieve specific educational objectives.

School personnel should neither promote nor disparage any religious, agnostic or atheistic belief or religion in general. Teaching about religion should be objective, thus avoiding any implication that religious doctrines have the endorsement of school authority. School personnel should recognize that religious holidays are observed in various ways, or not observed at all, based upon the influence of ethnic tradition, family style, or religious conviction.

Secondary students may request to be excused or refrain from participating, in activities, discussions, and assignments that they feel would violate their rights of conscience or religious freedom. Such requests must be made in a timely manner to the appropriate authorities. The parent(s) or legal guardian(s) of a minor student may also make a request for excusal on that student’s behalf. If focused on a specific activity, discussion, or assignment, and in accordance

with Utah Code, State Board of Education Rules, and School Procedures, such requests will be granted routinely and without penalty.

Procedures for Implementation

1. At least once a year, the Director will review with teachers and staff this policy (the “Policy”), the associated procedures, and related statutes and regulations. This review will stress the Board’s expectation that School personnel will recognize, protect, and accommodate religious freedom and individual rights of conscience in the operation of the School, while fostering mutual understanding and respect for all individuals and beliefs.
2. The Board encourages teachers and employees at the School to discuss, equitably and with civility, and, if possible, resolve with students, parents, and guardians, any concerns regarding curricular content, activities, or student participation.
3. Students, parents, and legal guardians will be notified annually of their rights under the Policy, state law, and state administrative rules. The notice will contain at least the following information:
 - a. A copy of the Policy, rules, and related statutes and regulations regarding religion in the curriculum will be available upon request in the school office;
 - b. A secondary school student, or parent or legal guardian of any student, may make a complaint to the Director that a portion of the curriculum, a School activity, or the conduct of a School employee violates state or federal law insofar as it “promotes or disparages a particular religious, denominational, sectarian, agnostic, or atheistic belief or viewpoint.” See Utah Code §53A-13-101.1(4);
 - c. A secondary school student, or parent or legal guardian of any student, may make a request to the Director for a waiver of participation in any portion of the curriculum or a School activity, which the student, parent, or legal guardian believes is an infringement of the student’s right of conscience or the exercise of religious freedom in any of the following ways:
 - i. It requires the affirmation or denial of a religious belief or practice, or right of conscience.
 - ii. It requires participation in a practice forbidden by a religious belief or practice, or right of conscience.

iii. It bars participation in a practice required by a religious belief or practice, or right of conscience.

d. Pursuant to Utah State Administrative Rules (R277-105-5.B), a claimed infringement must rise to a level of belief that the requested conduct violates a superior duty which is more than personal preference in order to, justifying waiver of participation.

4. The Director will discuss annually with the Board any requests for accommodation, or complaints about religion in the curriculum, made within the last year in order to determine how the School can more effectively recognize, protect, and accommodate religious freedom and individual rights of conscience in the operation of the School. In discussing these matters with the Board, the Director will take care to protect the privacy rights of those who made complaints or requests. The Director will also submit the written record of each complaint received and any decisions made regarding such complaints to the Board President.

Requests for Waiver of Participation

In general, and within the bounds of law, such requests by secondary students, or parents or legal guardians of any students, to be excused or refrain from participating in activities, discussions, and assignments they feel would violate their rights of conscience or religious freedom will be granted routinely and without penalty.

Any student, parent, or legal guardian who desires a waiver of participation or substitution of another activity as provided in Utah State Board Administrative Rules (R277-105-5) will put that request in writing and direct it to the Director.

Once a student, parent, or legal guardian has requested a waiver of participation, the student will not be compelled to participate in any curriculum or activity pending resolution of the request, unless the Director has determined that requiring the participation of that particular student in that particular activity is the least restrictive means necessary to achieve a specifically identified educational objective in furtherance of a compelling governmental interest. (R277-105-5.F)

The Director, student, the student's parent or legal guardian, and the teacher or employee responsible for the program in question will meet to discuss the request. The Director will arrive at a decision, swiftly and in a manner consistent with state law, whether to waive participation, alter the curriculum or activity, substitute another activity, or require the student's participation. The Director will encourage the student and student's parent or guardian to suggest a reasonable alternative. In making a decision, the Director will give proper consideration to any suggestions made by the student and the student's parent or guardian.

The Director will keep a written record of every request for a waiver of participation or substitution of activity based on religious freedom or right of conscience and any decisions made regarding each request.

Complaints Alleging Violation of Law

If a complaint is made by a minor student, the Director will give written notice to the student's parent or legal guardian by letter addressed to the parent or legal guardian's last known address.

The Director, student, the student's parent or legal guardian, and the teacher or employee responsible for the program in question will meet to discuss the complaint, and the Director will arrive at a decision, consistent with state and federal law, whether to alter the curriculum or activity, substitute another activity, or deny that the curriculum or activity is in violation of law. The Director will give a written decision as soon as practical under the circumstances.

The Director will keep a written record of every complaint and any decisions made regarding each complaint.

The Board President will personally, or by a committee of his or her choosing, evaluate the curriculum or activity in question. If the Board President is concerned that any curriculum or activity may violate state or federal law, he or she may determine whether the educational objectives could be achieved by less restrictive means and may request that the Director alter or substitute another curriculum or activity.

Appeals Process

A student, parent, or legal guardian who is dissatisfied with a Director's decision regarding either requests for waiver of participation or complaints about curricula and activities perceived to be in violation of law, may appeal that decision within ten (10) days to the Board President.

The Board President will review the complaint of the student, parent, or legal guardian and the decision of the Director and may modify the Director's decision.

At the sole discretion of the Board President, a committee of his or her choosing may be formed to review the complaint and the decision of the Director. If the Board President decides to form a committee to consider the appeal, the student and student's parent or guardian will be notified.

The Board President will keep a written record of every appeal and any decisions made regarding each appeal.

The decision of the Board President will be final.

Revenue Recognition Policy

Career Path High Revenue Recognition Policy Adopted: May 28, 2013

Purpose

To specify the approach taken in recognizing revenues received by Utah Career Path High (the “School”), and to specify the priority under which revenues will be allocated to associated expenses.

The principal source of operating funds the School receives is derived from federal, state, and local funds.

Policy

Federal Funding – The School receives federal charter school grants, which are paid through the Utah State Office of Education (the “USOE”). Funds are generally received on a reimbursement basis and, accordingly, revenues related to these federal grants are recognized when qualifying expenses have been incurred and when all other grant requirements have been met.

State Funding – The School receives funding from the State of Utah as administered by the USOE based on the number of students enrolled in the School. The State provides unrestricted funding for normal school operations and restricted funds for specific school-related activities or functions. Unrestricted funding is recognized as revenue when received.

Contributions and Donated Services (local and other) – Unrestricted contributions are recognized as revenue when received. Contributions of services are recognized as revenue at the time the service is rendered when specialized skills are required and when the School would otherwise purchase the services. Temporarily restricted contributions are recognized as revenue when the terms of the restrictions are met. Permanently restricted contributions represent the cumulative amount of endowment contributions received. Endowment contributions are principal amounts donated with the agreement that only future earnings on the principal be available for the operations of the School. All contributions are considered to be available for unrestricted use unless specifically restricted by the donor.

"Sex education instruction or instructional programs" means any course, unit, class, activity or presentation that provides instruction or information to students about sexual abstinence, human sexuality, human reproduction, reproductive anatomy, physiology, pregnancy, marriage, childbirth, parenthood, contraception, HIV/AIDS, sexually transmitted diseases, or refusal skills, as defined in Utah Code § 53G-10-402. While these topics are most likely discussed in courses such as health education, health occupations, human biology, physiology, parenting, adult roles, psychology, sociology, child development, and biology, this policy applies to any course or class in which these topics are the focus of discussion.

Every two years the Board of Directors will (a) review this policy; and (b) review data for the county in which the School is located regarding teen pregnancy, child sexual abuse, sexually transmitted diseases and sexually transmitted infections, and the number of pornography complaints or other instances reported in the School.

In accordance with state law, all sex education instruction or instructional programs will comply with the requirements of Utah Code § 53G-10-402 through -403 and Utah Admin Code R277-474. Specifically, the School will:

- teach sexual abstinence before marriage and fidelity after marriage as methods for preventing certain communicable diseases.

- teach personal skills that encourage individual choice of abstinence and fidelity; and
- obtain prior parental consent before any sex education instruction, maturation education, or other instructional program.

The Director will establish a curriculum materials review committee composed of parents, school employees, and others selected by the Director. If possible, the committee will also include health professionals and school health educators. The committee will have at least as many parents as school employees. The School's Board of Directors will review and approve the membership of the committee on or before August 1 each year.

The curriculum materials review committee will meet on a regular basis, as determined by the members of the committee, select officers for the committee and designate a committee chair, and comply with the Open and Public Meetings Act. The committee will review and make recommendations to the School's Board of Directors regarding instructional materials to be used by the School in connection with sex education instruction or a maturation education program. Program materials and guest speakers supporting instruction on these topics must also be reviewed and approved by the curriculum materials review committee.

Instructional materials used by the School in connection with sex education instruction or a maturation education program must be approved by the School's Board of Directors in an open meeting. These materials will comply with the requirements of applicable law and will be available for parents to review for a reasonable period of time prior to consideration for adoption by the Board of Directors.

The following topic may not be taught in the School:

- The intricacies of intercourse, sexual stimulation or erotic behavior;
- The advocacy or encouragement of the use of contraceptive methods or devices; or

The School will comply with the Utah Family Educational Rights and Privacy Act, Utah Code § 53E-9-202 through -203 and obtain parental consent prior to any sex education instruction, maturation education, or other instructional program. At no time will a student be in the classroom during any sex education instruction, maturation education, or other instructional program unless an approval form signed by the student's parent/guardian is on file. The parental notification form will:

- a) explain a parent's right to review proposed curriculum materials in a timely manner;

- b) request the parent's permission to instruct the parent's student in identified course material related to sex education or maturation education;
- c) allow the parent to exempt the parent's student from attendance for a class period where identified course material related to sex education instruction or maturation education is presented and discussed;

Instructors may not intentionally elicit comments or questions about matters subject to parental consent requirements. Additionally, instructors' responses to questions spontaneously raised by students must be brief, factual, objective and in harmony with content requirements of this policy and state law. Responses must also be age appropriate and limited in scope to that reasonably necessary under the circumstances.

The School will ensure that all educators with any responsibility for any aspect of sex education instruction will receive appropriate professional development outlining the sex education curriculum and the criteria for sex education instruction. The School will ensure that educators receive this professional development at least once every three years. Additionally, the School will ensure that such educators are familiar with requirements of the Utah Family Educational Rights and Privacy Act.

Sexual Abuse and Molestation Prevention Policy

Career Path High

Sexual Abuse and Molestation Prevention Policy

Adopted: January 7, 2019

Revised: August 19, 2019

Career Path High (the “School”) takes seriously the responsibility of its personnel to protect the physical and psychological well-being of its students. We believe that the School’s personnel have an important role to play in the elimination of child abuse because they are in a unique position to observe children over extended periods of time on a daily basis.

Sexual abuse takes the form of inappropriate sexual contact or interaction for the gratification of the actor who is in a position of responsibility with respect to the student. Sexual abuse includes sexual assault, exploitation, molestation or injury.

Reporting by School Personnel

Utah law requires that whenever any person, including any school employee, contracted or temporary employee, or volunteer who has reason to believe that a child has been subjected to incest, molestation, sexual exploitation, sexual abuse, physical abuse, or neglect, or observes a child being subjected to conditions or circumstances which would reasonably result in sexual abuse, physical abuse, or neglect, he/she shall immediately notify the nearest peace officer, law enforcement agency, or the Division of Child Family Service. The law provides serious penalties for failure to fulfill one’s duty to report. School personnel and volunteers must comply with these provisions of Utah law and the School’s Child Abuse and Neglect Reporting Policy.

Reporting by Students and Parents

Reports of sexual abuse should typically be made to the Principal, who is the designated individual to receive and investigate complaints of these matters. However, students and parents may make reports to any School employee, and that employee is responsible for conveying the report the Administration or, if the report involves the Administration, to the Board of Directors. Reports may be made verbally, but all reports will be documented in writing.

Investigation & Follow Up

The School takes allegations of sexual abuse involving School personnel seriously. Once an allegation is reported, the School will promptly, thoroughly, and impartially begin an

investigation to determine whether there is a reasonable basis to believe that sexual abuse has been committed. When it is appropriate considering the nature of the allegations, an internal team may conduct the investigation. However, when the report involves potentially criminal conduct, the School will refer the reports to law enforcement and cooperate fully with any investigation conducted by law enforcement or regulatory agencies.

The School reserves the right to place the subject of the investigation on an involuntary leave of absence, reassign that person to responsibilities that do not involve personal contact with individuals or students, or terminate employment.

To the fullest extent possible, but consistent with the legal obligation to report suspected abuse to appropriate authorities, the School will endeavor to keep the identities of the alleged victims and investigation subject confidential.

If the investigation substantiates the allegation, appropriate disciplinary actions will be taken, including but not limited to the termination of the actor's relationship with the School

Signs of Abuse

There are a number of red flags that suggest someone is being sexually abused. They take the form of physical or behavioral evidence.

Physical evidence of sexual abuse includes, but is not limited to:

- Sexually transmitted diseases;
- Difficulty walking or moving normally;
- Stained, bloody or torn undergarments;
- Genital pain or itching; and
- Physical injuries involving the external genitalia.

Behavioral signals suggestive of sexual abuse include, but are not limited to:

- Fear or reluctance about being left in the care of a particular person;
- Recoiling from being touched;
- Bundling oneself in excessive clothing, especially night clothes;
- Discomfort or apprehension when sex is referred to or discussed; and
- Nightmares or fear of night and/or darkness.

Additionally, adult perpetrators of abuse often display warning signs, including:

- Overly affectionate behavior such as prolonged hugging and touching;
- Engaging in nonprofessional behavior such as telling sexual jokes and sexual teasing; and

- Seeking to extend their contact with certain students beyond the day.

Retaliation Prohibited

We prohibit any retaliation against anyone, including an employee, volunteer, board member, student or individual, who in good faith reports sexual abuse, alleges that it is being committed or participates in the investigation. Intentionally false or malicious accusations of sexual abuse are prohibited.

Screening Prospective Employees

The School's administration must take reasonable effort when screening prospective School employees. In addition to conducting required criminal background checks, each applicant and former employer(s) of applicants should be asked, before an offer of employment is extended, whether the applicant has ever been investigated or accused of sexual misconduct.

Training

The administration will provide School personnel every other year with training and instruction on child sexual abuse and human trafficking prevention and awareness, including (a) responding to a disclosure of child sexual abuse in a supportive, appropriate, manner; (b) identifying children who are victims or may be at risk of becoming victims of human trafficking or commercial sexual exploitation; and (c) the mandatory reporting requirements in the School's Child Abuse and Neglect Reporting Policy and Utah Code Sections 53E-6-701 and 62A-4a-403.

The administration will provide the parents or guardians of elementary school students with training and instruction every other year on child sexual abuse and human trafficking prevention and awareness, including (a) recognizing warning signs of a child who is being sexually abused or who is a victim or may be at risk of becoming a victim of human trafficking or commercial sexual exploitation and (b) effective, age-appropriate methods for discussing the topic of child sexual exploitation.

Administration will communicate this policy to personnel, volunteers, and students annually. Documentation of the communication of this policy will be maintained.

Staff Grievance Policy

Career Path High
Staff Grievance Policy
Adopted: August 27, 2013

Purpose

The Board of Directors (“Board”) of Utah Career Path High (the “School”) values open communication between faculty, staff, administration, and the Board. The Board also believes that individuals can generally resolve their own disputes through open, respectful communication. If a situation arises that cannot be resolved between the parties involved, then this policy will be used. The purpose of this policy is to ensure that staff members understand how to pursue the resolution of grievances, concerns and disputes involving other School employees.

The Board wishes to emphasize that the School is an at-will employer, and this policy is not intended to modify the at-will employment relationship between the School and its employees.

Policy

A staff member who has a complaint regarding another staff member must first address the issue with the other employee involved and work reasonably and in good faith to resolve the concern.

A staff member that is not able to resolve the dispute himself or herself may then raise the issue with the School’s Director.

If a staff member’s complaint involves the Director, the staff member must first address the issue with the Director and work reasonably and in good faith to resolve the problem.

A staff member should not direct complaints to the Board unless and until he or she has worked in good faith to resolve the issues with the other individual and with the School’s Director.

In the event the staff member and the Director are unable to resolve a complaint and the staff member wishes to bring the issue to the Board’s attention, the complaint may be directed to the Board in writing. Complaints shall specify the individual(s) involved, details of the incident(s)

giving rise to the complaint, including dates and approximate times, details of attempts to resolve the problem, and the requested solution. The Board will then consider the complaint and take whatever action it deems appropriate.

This policy does not confer upon any employee of the School any additional rights. Accordingly, the existence of this policy does not preclude the School from terminating any employee for any lawful reason even if the employee is pursuing the resolution of a grievance.

Additionally, this policy is not intended to discourage an employee from reporting to the appropriate individual(s) a legal violation committed by another employee and does not limit a School employee's right to appropriately report a legal violation committed by another employee.

Student Clubs Authorization Policy

Career Path High Student Clubs Authorization Policy Adopted: March 25, 2019

Policy

The purpose of this policy is to establish the process for authorization of student clubs as outlined in state law.

Clubs whose membership is determined by student body election or that are governed by an association that regulates interscholastic activities are exempt from this policy.

Utah Career Path High's (the "School") administration will review applications for authorization of curricular and noncurricular clubs on a case-by-case basis.

Definitions

"Curricular club" means a club that is school sponsored and that may receive leadership, direction, and support from the School. In addition, a curricular club means a club:

- a. whose subject matter is taught or will soon be taught in a regular course;
- b. whose subject matter concerns the body of courses as a whole;
- c. in which participation is required for a particular course; or
- d. in which participation results in academic credit.

"Noncurricular club" is a student-initiated group that may be authorized and allowed to use School resources in accordance with the provisions of this policy. A noncurricular club's meetings, ideas, and activities are not sponsored or endorsed in any way by the School's Board of Directors, the School, or by School employees.

Curricular Clubs

Application

Faculty members or students proposing a curricular club must submit a Board approved "Student Club Application for Authorization Form" to the School administration.

The School administration will review each application and approve or deny it within a reasonable amount of time.

The School administration shall approve a curricular club's name consistent with the club's purposes and its School sponsorship.

The School administration will strictly apply the definition of curricular club to determine curriculum relatedness.

If the School administration finds that the proposed club is a noncurricular club, the School may:

- (a) return the application to the faculty member or students proposing the club for amendment; or
- (b) review the application as an application for authorization of a noncurricular club.

Faculty Oversight

School administration will ensure that all curricular clubs have faculty oversight at all times. Faculty sponsors will organize and direct the purpose and activities of a curricular club.

The approved faculty sponsor will provide oversight consistent with the Utah Student Clubs Act (Utah Code § 53G-7-701, et seq.) and the needs of the School to ensure that the methods of expression or other conduct of the students or sponsor involved do not:

- a. unreasonably interfere with the ability of School officials to maintain order and discipline;
- b. unreasonably endanger or threaten the well-being of persons or property
- c. violate concepts of civility or propriety appropriate to a school setting; or
- d. violate applicable laws, rules, regulations, or School policies.

Noncurricular Clubs

Application

A noncurricular club shall have a minimum of five (5) members.

Students proposing a noncurricular club must submit a Board-approved "Student Club Application for Authorization Form" to the School administration.

The School administration will review each application and approve or deny it within a reasonable amount of time.

The noncurricular club name must reasonably reflect the club's purpose, goals and activities and may not result in or imply a violation of the Utah Student Clubs Act (Utah Code § 53G-7-701, et seq.).

The School administration may approve a noncurricular club name in an action separate from that relating to authorization of the club itself.

Faculty Oversight

The School administration will approve faculty members to serve as supervisors for authorized noncurricular clubs. The faculty supervisor will provide oversight consistent with the Utah Student Clubs Act (Utah Code § 53G-7-701, et seq.) and the needs of the School to ensure compliance with the approved club purposes, goals, and activities and ensure that the methods of expression, religious practices, or other conduct of the students, supervisor, or monitor involved do not:

- a. unreasonably interfere with the ability of School officials to maintain order and discipline;
- b. unreasonably endanger or threaten the well-being of persons or property;
- c. violate concepts of civility or propriety appropriate to a School setting; or
- d. violate applicable laws, rules, regulations, or School policies.

Persons who are not School faculty or club members shall not be allowed access to clubs to direct, conduct, control, or regularly attend club meetings.

Persons who are not faculty or club members will not be allowed to make a presentation to a noncurricular club without the prior approval of the School administration.

Club Limitations and Denials

The School administration will limit or deny authorization to a club or require changes as a condition of authorization if such limitation, denial, or changes are necessary to:

- a. protect the physical, emotional, psychological, or moral well-being of students and faculty;
- b. maintain order and discipline in the School;
- c. prevent a material and substantial interference with the orderly conduct of the School's educational activities;
- d. protect the rights of parents/guardians and students;
- e. maintain the boundaries of socially appropriate behavior; or
- f. ensure compliance with all applicable laws, rules, regulations, and School policies.

The School administration will limit or deny authorization to a club or require changes as a condition of authorization if the club's proposed charter and proposed activities indicate students or advisors in club-related activities would have a substantial, material, or significant part of their conduct or means of expression:

- a. encourage criminal or delinquent conduct;
- b. promote bigotry;
- c. involve human sexuality; or
- d. involve any effort to engage in or conduct mental health therapy, counseling, or psychological services for which a license would be required under state law.

If the School administration limits or denies authorization to a club, they will provide in writing the factual and legal basis for the limitation or denial and an explanation of the appeals process. This response will be provided to the applicant in writing within a reasonable amount of time.

Parental Consent

Parental or guardian consent for student participation in all curricular and noncurricular clubs at the School will be required. The consent form will include an activity disclosure statement containing, at a minimum, all the information outlined in the School activity disclosure example.

All completed parental consent forms shall be maintained until the end of the school year.

Appeals Procedure

If a club is denied, suspended or terminated, a student or a complaining parent or guardian, has ten (10) school days from the date of the denial, suspension, or termination to file a written appeal with the Director. The Director will issue an opinion in writing either upholding or overturning the denial, suspension, or termination within thirty (30) days of receiving the appeal. The Director's decision shall be the final administrative decision.

Student Conduct and Discipline Policy

Career Path High
Student Conduct and Discipline Policy
Adopted: June 19, 2017

Revised: October 16, 2023

1. PURPOSE, BELIEFS, AND PHILOSOPHY

1.1 Purpose

The purpose of Utah Career Path High's (the "School") Student Conduct and Discipline Policy is to help all students develop positive relationships with other students and adults, take responsibility for their actions and learning, and develop the self-discipline necessary to create an environment that is characterized by physical and emotional safety in order to enhance learning for everyone.

The School will foster a school and community-wide expectation of good citizenship for students and a sense of responsibility in the school community for rules and standards of behavior.

The School will promote and require:

- student responsibility for learning and behavior in all grades;
- student conduct that produces a proper learning environment and respect for the personal, civil, and property rights of all members of the School community;
- parents and guardians of all students to assume proper responsibility for their students' behavior and to cooperate with School authorities in encouraging student self-discipline and discouraging behavior that is disruptive to the School's educational program.

1.2 Beliefs and Expectations

The School's beliefs and expectations set a positive and inviting culture for dealing with student behavior issues.

Beliefs:

- Punishment alone will not change behavior
- Much aggressive behavior is a relationship problem, not a behavior problem
- Adults must model the behaviors they expect from the students

- We expect conflicts, but we expect conflicts to be resolved and relationships mended

Expectations:

- Students will show respect for other students
- Students will show respect for adults
- Students will show respect for the building
- Adults will show respect for students
- Students will develop self-discipline

1.3 Procedural Philosophy

The School recognizes that establishing a procedural philosophy consistent with the desired positive school environment is as important as following legal and due process procedures. The School's policy sets forth appropriate legal and due process procedures and will be followed within the context of the procedural philosophy outlined below:

Procedures:

When students are involved in conflicts with other students, they will:

- Work together to resolve the conflict
- Work to repair the relationship and build trust
- Be subject to additional consequences if they exhibit unsafe behaviors during the conflict

When students are involved in a conflict with or feel they have been treated unfairly by a member of the staff or a volunteer, they will:

- Report their feelings to their parent or to the administrator or counselor, who will work together to set up a conference with the student, the parent, an administrator or counselor, and the adult involved in order to resolve the conflict and mend the relationship

When students flagrantly disregard the safety of others, show blatant disrespect to others, or consistently behave in a disrespectful or unsafe way:

- The student will be subjected to consequences and positive behavior support to ensure that the student will make better choices in the future. Consequences might include:
 - In-School Suspension
 - Out of School Suspension
 - Expulsion
 - Restitution
 - Repayment for damages
- The student will work to earn back the trust of the School community by actions such as:

- Genuine apology to injured or affected parties
- Demonstration of appropriate behaviors following the incident
- Repair or replace any damaged items

Due process to protect the rights of students will include:

- All students will be treated with dignity and respect as they go through correction procedures. The administration will see to it that their rights are protected through the process. If parents feel their student has not been treated fairly, they may request a hearing with the School’s Board of Directors (the “**Board**”) in accordance with the School’s Grievance Policy.
- Parents will be notified when students are involved in situations that are deemed to be serious.
- Parents and students will be notified of the expectations, possible consequences, and the procedures involved in this policy at the beginning of each school year.

2. ENVIRONMENT

2.1 Safe School Environment

It is the School’s policy to promote a safe and orderly school environment for all students and employees. Accordingly, the School holds all students, employees, and other adults to the highest standards of behavior in the classroom, on School grounds, in School vehicles, and during School-sponsored activities. Criminal acts or disruptive behavior of any kind will not be tolerated, and any individual who engages in such activity will be subject to disciplinary action, criminal prosecution, or both.

2.2 Discrimination Prohibited

It is the School’s policy to provide equal educational and employment opportunity for all individuals. Therefore, the School prohibits all discrimination on the basis of race, color, religion, sex, age, national origin, disability, or veteran status. Complaints of discrimination or unfair application of this policy should be submitted pursuant to the School’s Grievance Policy.

3. DEFINITIONS

3.1 Suspension

For purposes of this policy, suspension is a temporary removal of a student from School and School-sponsored activities for a period of up to one (1) year. A student who is suspended may, at the Principal's discretion, have access to homework, tests, and other schoolwork through a

3.2 Expulsion

For purposes of this policy, expulsion means the formal process of dismissing a student from School. Recognizing that students who commit violent or disruptive acts may pose safety problems, the School will work with parents to provide alternative educational placement and programs for the student where appropriate and feasible. However, the Principal retains the authority to exclude the student from all programs or activities for the period of expulsion.

3.3 Change of Placement for Students with Disabilities under IDEA and Section 504

For purpose of the removal of a student with a disability from the student's current educational placement, a "change of placement" occurs if (a) the removal is for more than ten (10) consecutive school days or (b) the student is subjected to a series of removals that constitute a pattern because they total more than ten (10) school days in a school year or because of factors such as the length of each removal, the total amount of time the student is removed, and the proximity of the removals to one another. Any "change of placement" requires compliance with the procedures outlined in Section 10 of this policy.

For purposes of this policy, "disruptive student behavior" means the behavior identified as grounds for suspension or expulsion described in Section 4.1, below.

3.5 Parent

5.3.2 The parent or guardian and designated School officials may enlist the cooperation of the Division of Child and Family Services, the juvenile court, law enforcement, or other appropriate government agencies in determining how to meet the educational needs of the student.

5.3.3 The School shall contact the parent or guardian of each student under age 16 who has been expelled from all School programs and services at least once a month to determine the student's progress if the parent/guardian of the expelled student has expressed a desire for the student to return to the School.

5.4 Authority to Institute Change of Placement for Student with Disabilities

Where the student is receiving special education services or accommodations on the basis of disability under IDEA, 504, or ADA, procedures outlined in the State of Utah Special Education Rules shall be followed, including prior written notice to parents or guardians regarding their procedural due process rights, before any long-term disciplinary action or change of placement takes place.

6. PROCEDURES FOR ADDRESSING DISRUPTIVE STUDENT BEHAVIOR – Utah Code Ann. § 53G-8-210

6.1 Efforts to Resolve Disruptive Student Behavior Problems

6.1.1 Information About Resources. The School will provide to a parent of a student who engages in disruptive student behavior a list of resources available to assist the parent in resolving the student's disruptive behavior problem.

6.1.2 Procedures for Resolving Problems. The Principal or a teacher or counselor designated by the Principal will work with students who engage in disruptive student behavior according to the procedures identified in Section 7, below, in an attempt to help the student's behavior to improve and to prevent problems from escalating. Incidents of disruptive student behavior and attempts to resolve behavior issues will be documented.

6.2 Notice of Disruptive Student Behavior

6.2.1 Authorization. The Principal is authorized to issue notices of disruptive student behavior to students who are qualifying minors.

6.2.2 Criteria for Issuing Notice. The Principal will issue a “notice of disruptive student behavior” to a qualifying minor who:

- [a] engages in “disruptive student behavior” that does not result in suspension or expulsion three times during the school year; or
- [b] engages in disruptive student behavior that results in suspension or expulsion once during the school year.

6.2.3 Contents of Notice. The notice of disruptive student behavior will:

- [a] require the qualifying minor and a parent of the qualifying minor to whom the notice is issued to (i) meet with School authorities to discuss the qualifying minor's disruptive student behavior; and (ii) cooperate with the Principal and the Board in correcting the student's disruptive student behavior; and
- [b] be mailed by certified mail to, or served in person on, a parent of the qualifying minor.

6.2.4 Contesting Notice. A qualifying minor, or a qualifying minor's parent, may contest a notice of disruptive student behavior by requesting in writing, within ten (10) business days after receipt of the notice, a meeting with the CMT at which the parent and the CMT will discuss the facts related to the student’s behavior, the basis of the parent’s concerns with or objections to the issuance of the notice, and efforts that have been made to address the behavior problems.

6.3 Habitual Disruptive Student Behavior Notice

6.3.1 Criteria for Issuing Notice. The Principal may issue a “habitual disruptive student behavior notice” to a qualifying minor who:

- [a] engages in disruptive student behavior that does not result in suspension or expulsion at least six times during the school year;
- [b] (i) engages in disruptive student behavior that does not result in suspension or expulsion at least three times during the school year; and (ii) engages in disruptive student behavior that results in suspension or expulsion at least once during the school year; or
- [c] engages in disruptive student behavior that results in suspension or expulsion at least twice during the school year.

6.3.2 Notice to Parents. Within five (5) days after the day on which a habitual disruptive student behavior notice is issued, the Principal shall provide documentation to a parent of the qualifying minor who receives the notice of the efforts made by a School representative under Section 7, below.

6.4 Responses to School-Based Behavior

6.4.1 Definitions.

[a] “Mobile crisis outreach team” means a crisis intervention service for minors or families of minors experiencing behavioral health or psychiatric emergencies.

[b] “Restorative justice program” means a school-based program or a program used or adopted by a school that is designed to enhance school safety, reduce school suspensions, and limit referrals to court, and is designed to help minors take responsibility for and repair the harm of behavior that occurs in school.

[c] “Youth court” means the same as that term is defined in § 80-6-901, including that it is a diversion program that provides an alternative disposition for cases involving minors who have committed minor offenses in which youth participants, under the supervision of an adult coordinator, may serve in various capacities within the courtroom, acting in the role of jurors, lawyers, bailiffs, clerks, and judges.

6.4.2 Alternative School-Related Interventions. The Board may establish or partner with a certified youth court program or establish or partner with a comparable restorative justice program. The School may refer a student to youth court or a comparable restorative justice program in accordance with § 53G-8-211.

6.4.3 Referrals of Minors. A qualifying minor to whom a habitual disruptive student behavior notice is issued under Section 6.3.1 may not be referred to the juvenile court. The School will follow § 53G-8-211 with respect to referring a minor who is alleged to have committed an offense on school property. In accordance with § 53G-8-211:

[a] if the alleged offense is a class C misdemeanor, an infraction, or a status offense on School property, the minor may be referred:

- (i) to an evidence-based alternative intervention, including:
 - (1) a mobile crisis outreach team;
 - (2) youth services center, as defined in § 80-5-102;

(5) a tobacco cessation or education program if the offense is a violation of § 76-10-105; or

(ii) for prevention and early intervention youth services, as described in § 80-5-201, by the Division of Juvenile Justice Services if the minor refuses to participate in an evidence-based alternative intervention described above.

[b] Except as provided in Subsection [c] below, if a minor is alleged to have committed an offense on School property that is a class C misdemeanor, an infraction, or a status offense, the minor may be referred directly to a law enforcement officer or agency or the juvenile court only if:

(i) the minor allegedly committed the same offense on School property on two previous occasions; and

(ii) the minor was referred to an evidence-based alternative intervention, or to prevention or early intervention youth services, as described in Subsection [a] above for both of the two previous offenses.

[c] If a minor is alleged to have committed a traffic offense that is an infraction, the minor may be referred directly to a law enforcement officer or agency, a prosecuting attorney, or a court for the traffic offense.

[d] If a minor is alleged to have committed an offense on School property that is a class B misdemeanor or a class A misdemeanor, the minor may be referred directly to a court or to the evidence-based alternative interventions in Subsection [a] above.

7. ALTERNATIVES TO EXPULSION, OR CHANGE OF PLACEMENT FOR FREQUENT OR FLAGRANT DISRUPTIVE BEHAVIOR – Utah Code Ann. § 53G-8-207

A continuum of intervention strategies shall be available to help students whose behavior in School repeatedly falls short of reasonable expectations. Prior to suspending a student for more than ten (10) days or expelling a student for repeated acts of willful disobedience, defiance of authority, or disruptive behavior which are not so extreme or violent that immediate removal is warranted, good faith efforts shall be made to implement a remedial discipline plan to allow the student to remain in the School.

7.1 Before referring the student for long-term suspension, expulsion or change of placement under this Section, School staff should demonstrate that they have attempted some or all of the following interventions:

7.1.1 Talking with the student;

7.1.2 Class schedule adjustment;

7.1.3 Phone contact with the parent or legal guardian;

7.1.4 Informal parent/student conferences;

7.1.5 Behavioral contracts;

7.1.6 After-school make-up time;

7.1.7 Short-term in-school suspension (ISS);

7.1.8 Short-term at-home suspensions;

7.1.9 Appropriate evaluation;

7.1.10 Home study;

7.1.11 Alternative programs; or

7.1.12 Law enforcement assistance as appropriate.

7.2 Parental Attendance with Student – Utah Code Ann. § 53G-8-207(1)-(2).

As part of a remedial discipline plan for a student, the School may require the student's parent or guardian, with the consent of the student's teachers, to attend class with the student for a period of time specified by a designated School official. If the parent or guardian does not agree or fails to attend class with the student, the student shall be suspended in accordance with the provisions of this policy.

8. DUE PROCESS FOR SUSPENSIONS OF TEN (10) DAYS OR LESS

The following procedure shall apply to all students facing suspension of ten (10) school days or less:

8.1 The Principal shall notify the student's custodial parent or guardian of the following without delay: that the student has been suspended, the grounds for the suspension, the period of time for which the student is suspended, and the time and place for the parent or guardian to meet with the Principal to review the suspension.

8.2 The Principal shall also notify the non-custodial parent, if requested in writing, of the suspension.

8.2.1 Section 8.2 does not apply to the portion of School records which would disclose any information protected under a court order.

8.2.2 The custodial parent is responsible to provide the School a certified copy of any court order under subsection 8.2.1.

8.3 The Principal shall document the charges, evidence, and action taken.

8.4 The student shall be requested to present his/her version of the incident in writing. Students with disabilities or young students who are unable to write their own statements shall be accommodated through the use of tape recorder, scribe, etc.

8.5 If the student denies the charges, the student shall be provided with an explanation of the evidence and an opportunity to present his/her version of the incident to the Principal.

8.6 In general, the notice and informal conference shall precede the student's removal from the School.

8.7 If, in the judgment of the Principal, notice is not possible because the student poses a danger to a person or property or an ongoing threat of disrupting the academic process, he/she may be removed immediately. However, in such cases, the necessary notice and hearing shall follow as soon as possible.

9. DUE PROCESS FOR SUSPENSIONS OF MORE THAN TEN (10) DAYS AND EXPULSIONS

9.1 If the Principal believes that a student should be suspended for more than ten (10) days or expelled, the Principal may make the initial decision and shall meet with the student's parent or guardian to discuss the charges against the student and the proposed discipline within five (5)

school days after the suspension or expulsion began. If requested in writing, the Principal shall also notify the non-custodial parent of the suspension or expulsion as outlined in Section 8.2 of this policy.

9.2 Notice to Student and Parent/Guardian

During the meeting required in Section 9.1, the Principal shall provide the student's parent or guardian with written notice that includes all of the following elements (or, if the student's parent or guardian refuses to meet, the Principal shall send the notice by certified mail, return receipt requested, to the student's parent or legal guardian within ten (10) school days after the suspension or expulsion began):

9.2.1 a description of the alleged violation(s) or reason(s) giving rise to disciplinary action;

9.2.2 the penalty being imposed (duration of suspension or expulsion);

9.2.3 a statement that a due process hearing may be requested by providing the Principal with written notice within ten (10) school days of the parent or guardian's receipt of the notice;

9.2.4 a statement that, if a due process hearing is requested, the Board, even though less than a quorum, will conduct the hearing;

9.2.5 a statement that the suspension or expulsion is taking effect immediately and will continue for the stated period unless a due process hearing is requested in a timely manner and the Board determines otherwise;

9.2.6 the mailing date of the notice; and

9.2.7 a statement that, if a hearing is not requested within ten (10) school days after receipt of the notice, the Principal's decision to suspend or expel the student will be final, and the parent's right to oppose the decision will be waived.

9.3 Hearing Procedures

If a Due Process Hearing is requested in response to the notice sent pursuant to Section 9.2 of this policy, the following procedures shall apply:

9.3.1 After receipt of the request, the School shall schedule a hearing as soon as possible but not later than ten (10) school days following receipt of the request unless the student's parent or guardian agrees otherwise.

9.3.2 A written Hearing Notice shall be sent to the parent or guardian informing the parent or guardian that the Due Process Hearing will be conducted before the Board and of the following information:

[a] the date, place, and time of the hearing;

[b] the circumstances, evidence, and issues to be discussed at the hearing;

[c] the right of all parties to cross-examine witnesses subject to the Board chairman's determination that this right should be limited to protect student witnesses from retaliation, ostracism or reprisal; and

[d] the right of all parties to examine all relevant records.

9.3.3 The Board shall conduct the Due Process Hearing on the record and shall:

[a] ensure that a written record of the Hearing is made, a copy of which shall be provided to all parties upon request, with the cost borne by the School;

[b] consider all relevant evidence presented at the Hearing;

[c] allow the right to cross-examination of witnesses, unless the Board chairman determines that this right should be limited to protect student witnesses from ostracism, retaliation or reprisal;

[d] allow all parties a fair opportunity to present relevant evidence; and

[e] issue a written decision including findings of fact and conclusions.

9.3.4 Hearing Rules

Formal Rules of Evidence do not apply to the Due Process Hearing, and no discovery is permitted. However, the following rules will apply:

[a] parties may have access to information contained in the School's files to the extent permitted by law;

[b] hearings shall be closed to the press and the public;

[c] documents, testimony, or other evidence submitted by the parties after the hearing will not be considered by the Board; and

[d] the Board may excuse witnesses or parties or suspend or terminate a hearing if persons involved in the hearing are abusive, disorderly, disruptive, or if they refuse to abide by the rules and orders of the Board.

10. DUE PROCESS FOR CHANGE OF PLACEMENT OF STUDENTS WITH DISABILITIES

Where the student is receiving special education services or accommodations on the basis of disability under IDEA, 504 or ADA, procedures outlined in the Utah State Board of Education Special Education Rules shall be followed, including prior written notice to parents or guardians regarding their procedural due process rights, before any long-term disciplinary action or change of placement takes place.

10.1 Required Services

10.1.1 504 and ADA Students

When a determination is made that the conduct of a 504 or ADA student (but not a student who is disabled under IDEA) is not a manifestation of the student's disability pursuant to Section 10.5, the student shall be subject to the same disciplinary consequences as regular education students, up to and including expulsion from School; however, the School must continue to provide education services in accordance with guidelines established by the Utah State Office of Education.

10.1.2 IDEA

A school need not provide services during periods of removal to a student with a disability under IDEA who has been removed from his or her current placement for ten (10) school days or less in that school year if services are not provided to a student without disabilities who has been similarly removed.

If a student with a disability under IDEA has been removed from his or her current placement for more than ten (10) school days in the same school year, for the remainder of the removals the School shall provide services to the extent necessary to enable the student to progress in the

general curriculum and appropriately advance toward achieving the goals set out in the student's IEP. School personnel, in consultation with the student's special education teacher, determine the extent to which services are necessary to enable the student to appropriately progress in the general curriculum and advance toward achieving the goals set out in the student's IEP.

10.2 Change of Placement for Weapons, Drugs, or Serious Bodily Injury

A student's IEP team may order a change in placement of a student with a disability to an appropriate interim alternative educational setting for the same amount of time that a student without a disability would be subject to discipline, but for not more than forty-five (45) days, if:

10.2.1 The student carries a weapon to or possesses a weapon at School, on School premises, or to or at a School-sponsored activity; or

10.2.2 The student knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at School, on School premises, or at a School-sponsored activity; or

10.2.3 The student has inflicted serious bodily injury upon another person while at School, on School premises, or at a School-sponsored activity.

10.3 Change of Placement Due to Student's Serious Misconduct

School officials may request an expedited due process hearing in order to change the placement of a student with a disability to an appropriate interim alternative educational setting, recommended by the student's IEP team, for not more than forty-five (45) days. A hearing officer may order such a change, if he/she:

10.3.1 Determines that School officials have demonstrated by substantial evidence that maintaining the current placement of a student is substantially likely to result in injury to the student or others;

10.3.2 Considers the appropriateness of the student's current placement;

10.3.3 Considers whether School officials have made reasonable efforts to minimize the risk of harm in the student's current placement, including the use of supplementary aids and services; and

10.3.4 Determines that the interim alternative educational setting being recommended by School officials (1) has been selected so as to enable the student to continue to progress in the general curriculum, although in another setting, and to continue to receive those services and

modifications, including those described in the student's current IEP, that will enable the student to meet the goals set out in that IEP: and (2) includes services and modifications designed to address the behavior at issue so that it does not recur.

10.4 Parental Notice

As soon as a decision is made by School officials to remove a student with a disability from his/her current placement for more than ten (10) school days, the student's parents must be notified of that decision and of all procedural safeguards outlined by law and School policy.

10.5 IEP Meetings for Manifestation Determination

10.5.1 Immediately, if possible, but in no case later than ten (10) school days after the date on which the decision is made to remove the student from the current placement, a review must be conducted of the relationship between the student's disability and the behavior subject to the disciplinary action.

10.5.2 The manifestation review must be conducted by the student's IEP team and other qualified School personnel.

10.5.3 In conducting the manifestation review, the IEP team may determine that the behavior of the student was not a manifestation of student's disability only if the IEP team:

[a] First considers, in terms of behavior subject to disciplinary action, all relevant information, including:

(i) Evaluation and diagnostic results, including the results or other relevant information supplied by the parents of the student;

(ii) Observations of the student; and

(iii) The student's IEP and placement; and

[b] Then determines whether:

(i) The conduct in question was caused by or had a direct and substantial relationship to the child's disability; or

(ii) The conduct in question was the direct result of the School's failure to implement the student's IEP.

10.5.4 If the IEP team determines that either of the standards above was met, the behavior must be considered a manifestation of the student's disability.

10.5.5 Determination that Behavior was not Manifestation of Disability

If the result of the manifestation review is a determination that the behavior of a student with a disability was not a manifestation of the student's disability, the relevant disciplinary procedures applicable to students without disabilities may be applied to the student in the same manner in which they would be applied to students without disabilities, except that a free appropriate public education must still be made available to the student if the student is suspended or expelled from School.

10.5.6 Determination that Behavior was Manifestation of Disability

If the result of the manifestation review is a determination that the behavior of a student with a disability was a manifestation of the student's disability, the student must remain in or be returned to the prior placement.

10.6 IEP Meetings for Functional Behavioral Assessments

10.6.1 Post-Discipline Functional Behavioral Assessments

If School officials have not conducted a functional behavioral assessment and implemented a behavioral intervention plan for the student before the behavior that results in a removal from School for longer than ten (10) school days or a change of placement to an interim alternative educational setting, School officials shall convene an IEP meeting to develop an assessment plan and appropriate behavioral interventions to address that behavior.

10.6.2 Pre-Discipline Behavioral Intervention Plans

If the student already has a behavioral intervention plan, the IEP team shall review the plan and modify it, as necessary, to address the behavior.

10.7 Placement During Appeals and Stay Put

10.7.1 If a parent requests a due process hearing to challenge the interim alternative educational setting or the manifestation determination, the student must remain subject to the disciplinary action pending the decision of the hearing officer or until the expiration of the forty-five (45) day period, whichever occurs first, unless the parent and School officials agree otherwise.

10.7.2 If a student is placed in an interim alternative educational setting and School personnel propose to change the student's placement after expiration of the interim alternative placement, during the pendency of any proceeding to challenge the proposed change in placement the student must remain in the current placement (the student's placement prior to the interim alternative education setting), unless School officials succeed in getting an order through an expedited hearing as described in Section 10.3.

11. ADMINISTRATIVE STUDENT CONDUCT AND DISCIPLINE PLAN

12. EXTRACURRICULAR ACTIVITIES

Participation in interscholastic athletics and other extracurricular activities is not a constitutionally protected civil right. Therefore, students who are suspended or expelled may lose the privilege of participation during the period of suspension/expulsion and may not be allowed to invoke due process procedures to challenge the denial of extracurricular participation.

13. RE-ADMISSION OF EXPELLED STUDENTS AND DENIAL OF ADMISSION BASED ON PRIOR EXPULSION – Utah Code Ann. § 53G-8-205(3)

A student who is expelled from the School can only be re-admitted to the School through the School's standard lottery procedures.

A student may be denied admission to the School if he or she was expelled from the School or any other school during the preceding 12 months.

14. INVESTIGATIONS

Whenever the Principal has reason to believe that School rules or policies have been broken, he or she shall proceed with an investigation. However, if the Principal believes that laws have been broken or child abuse has occurred, he/she shall request appropriate authorities to conduct the investigation.

14.1 General Investigation Guidelines for Principal

The Principal has the authority and duty to conduct investigations and to question students pertaining to infractions of school rules, whether or not the alleged conduct is a violation of criminal law. The Principal shall conduct investigations according to the following general guidelines:

14.1.1 The Principal shall conduct investigations in a way that does not unduly interfere with School activities.

14.1.2 The Principal shall separate witnesses and offenders in an attempt to keep witnesses from collaborating their statements and have all parties provide separate statements concerning the incident under investigation; written statements are preferable, if possible.

14.1.3 The Principal shall advise students suspected of wrongdoing orally or in writing of the nature of the alleged offense.

14.1.4 Students must be provided an opportunity to give their version of the incident under investigation; however, refusals to respond or provide information should be respected.

14.1.5 When questioning students as part of an investigation, School staff should have another adult present whenever possible.

14.1.6 The Principal shall accommodate students with disabilities and young children unable to write their own statements through use of tape recorders, scribes, etc.

14.1.7 All students involved in the investigation shall be instructed that retaliation is prohibited. Any act of reprisal against any person who has testified, assisted, or participated in any manner in an investigation, proceeding, or hearing is strictly prohibited and subject to disciplinary action.

14.1.8 When the investigation is completed and if it is determined that disciplinary action may be in order, due process requirements must be met. Specifically, the student must be given proper notice of the charges against him/her and the disciplinary action being recommended, as well as a fair opportunity to present his or her version of the facts.

14.2 Coordination with Law Enforcement

The Principal has the responsibility and the authority to determine when the help of law enforcement officers is necessary, as outlined in this policy and Utah State law.

14.2.1 The School administration may invite law enforcement officials to the School to:

[a]conduct an investigation of alleged criminal conduct on the School premises or during a School-sponsored activity;

[b]maintain a safe and orderly educational environment; or

[c]maintain or restore order when the presence of such officers is necessary to prevent injury to persons or property.

14.2.2 Investigation of Criminal Conduct

During an investigation for violation of School rules, it may become evident that the incident under investigation may also be a violation of criminal law. If the School official has reason to suspect that a criminal act has been committed and, in the opinion of the Principal, law enforcement should be notified, the following procedure should be followed:

[a] The Principal shall request that law enforcement officers conduct an investigation during school hours and question students who are potential witnesses to the alleged criminal behavior.

[b] The School official shall inform the student's parent or legal guardian as soon as possible that the student may have committed a criminal act and that law enforcement authorities will be involved in the investigation.

[c] Unless circumstances dictate otherwise, questioning of the student by School officials shall not begin or continue until the law enforcement officers arrive.

[d] Reasonable attempts shall be made to contact the student's parents or legal guardian who, unless an emergency exists, shall be given the opportunity to meet with the student and to be present with the student during questioning by law enforcement authorities.

[e] The Principal shall document the contact or attempted contact with the student's parents or legal guardian. If the Principal cannot contact the student's parent or guardian, or if the parent or guardian is unable to be present with the student for questioning, the Principal shall be present and document generally what occurs during the interview.

[f] The student shall not be questioned by law enforcement unless or until he/she has received Miranda warnings from the officer.

[g] If the parent or student refuses to consent to questioning by law enforcement authorities, the law enforcement authorities shall determine the course of action to be pursued.

14.2.3 Investigation Initiated by Law Enforcement Authorities

School officials shall cooperate with law enforcement authorities who are carrying out official duties such as investigating crimes, serving subpoenas, etc.

[a] When law enforcement officers can show a need to do so, they shall be permitted to conduct an investigation on School grounds during School hours.

[b] Such a need will ordinarily be shown if delay in police investigation might result in danger to a person, flight from jurisdiction by a person reasonably suspected of a crime, or destruction of evidence. In such cases:

(i) The officers shall be required to get prior approval of the Principal or other designated person before beginning an investigation on School premises.

(ii) The Principal shall document the circumstances warranting the investigation as soon as practical.

(iii) Alleged criminal behavior related to the School environment brought to the Principal's attention by law enforcement officers shall be dealt with under the provisions of Section 14.1.

(iv) Law enforcement officials (investigating School-related or student-related crimes) may not have access to student education records, aside from directory information, unless they have a subpoena or court order or permission from parent or guardian.

(v) Directory information is limited to a student's name, home address, date of birth, phone number, class schedules and parents' address and phone numbers for use in case of emergency.

14.2.4 Release of Student to Law Enforcement Official

[a] Students may not be released to law enforcement authorities voluntarily by School officials unless the student has been placed under arrest or unless the parent or legal guardian and the student agree to the release.

[b] When students are removed from School for any reason by law enforcement authorities, every reasonable effort shall be made to contact the student's parent or legal guardian immediately except in cases of child abuse and neglect. Such effort shall be documented.

[c] The Principal shall immediately notify the Board of the removal of a student from School by law enforcement authorities.

[d] Where it is necessary to take a student into custody on School premises, the law enforcement officer shall contact the Principal and relate the circumstances necessitating such action.

[e] Whenever the need arises to make arrests or take students into custody on School premises, the Principal shall make reasonable efforts to consult and confer with the law enforcement officers as to how an arrest is to be made.

[f] When possible, the Principal shall have the student summoned to the Principal's office before the student is taken into custody.

[g] When a student has been taken into custody or arrested on School premises without prior notification to the Principal, the School staff present shall encourage the law enforcement officers to tell the Principal of the circumstances as quickly as possible. If the officers decline to tell the Principal, the School staff members present shall immediately notify the Principal.

14.2.5 Quelling Disturbances of School Environment

Law enforcement officers may be requested to assist in controlling disturbances of the School environment that a Principal has found to be unmanageable by School personnel and that has the potential of causing harm to students and other persons or to property. Such circumstances include situations where a parent or member of the public exhibits undesirable or illegal conduct on or near School grounds or at a School-sponsored activity and who refuse to abide by a Principal's directive to leave the premises.

15. INVESTIGATION OF CHILD ABUSE AND NEGLECT

Utah law requires that whenever any person, including any School employee, has reason to believe that a child has been subjected to incest, molestation, sexual exploitation, sexual abuse, physical abuse, or neglect, or observes a child being subjected to conditions or circumstances which would reasonably result in such, he/she shall immediately notify the nearest peace officer, law enforcement agency, or office of the Division of Child and Family Services.

15.1 The School shall distribute annually to all School employees copies of the School's procedures for reporting suspected child abuse or neglect.

15.2 If there is reason to believe that a child may have been subjected to abuse or neglect, an oral report shall be made immediately by the School employee reporting the abuse/neglect with a written report to follow within twenty-four (24) hours.

15.2.1 When making the oral report, always have the person you notify identify himself/herself. The notified person's name shall be entered on the written report.

15.2.2 A copy of the written report shall be put in a child abuse-neglect file to be maintained by the Principal, for all reported cases of suspected child abuse or neglect.

15.2.3 The child abuse-neglect reporting form shall not be placed in the student's personal file.

15.3 It is not the responsibility of the Principal or other School employees to prove that the child has been abused or neglected, or to determine whether the child is in need of protection.

15.3.1 Investigation by staff prior to submitting a report shall not go beyond that necessary to support a reasonable belief that a reportable problem exists.

15.3.2 To determine whether or not there is reason to believe that abuse or neglect has occurred, professional School employees may (but are not required to) gather information only to the extent necessary to determine whether a reportable circumstance exists.

15.3.3 Interviews with the child or suspected abuser shall not be conducted by the Principal or School employees.

15.3.4 Notes of voluntary or spontaneous statements by the child shall be made and given to the investigating agency.

15.3.5 The Principal, School employees, Division of Child and Family Services and law enforcement personnel are required to preserve the anonymity of those making the initial report and any others involved in the subsequent investigation.

15.3.6 Investigations are the responsibility of the Division of Child and Family Services.

[a] The Principal or other School employees shall not contact the parents, relatives, friends, neighbors, etc. for the purpose of determining the cause of the injury and/or apparent neglect.

[b] School officials shall cooperate with social service and law enforcement agency employees authorized to investigate reports of alleged child abuse and neglect, assisting as asked as members of interdisciplinary child protection teams in providing protective diagnostic, assessment, treatment, and coordination services.

15.3.7 Persons making reports or participating in good faith in an investigation of alleged child abuse or neglect are immune, in accordance with state law, from any civil or criminal liability that otherwise might arise from those actions.

16. SEARCHES OF PERSON OR PROPERTY

Given the School's custodial and tutelary responsibility for children, and the Board's intent to preserve a safe environment for all students and staff, the Board recognizes that School officials must have the authority to conduct reasonable searches of students and student property. School officials engaging in searches of students and property shall abide by the following guidelines:

16.1 General Guidelines for Searches of Person or Property

16.1.1 Student Lockers

Students have no right or expectation of privacy in school lockers. While lockers are under the joint control of students and the School, lockers are solely School property and may be searched at any time by School officials with or without cause. Once a locker is opened for search, any search of student belongings contained within the locker must comply with the guidelines for searches of personal belongings in Section 16.2 of this policy.

16.1.2 Searches of Students and Student Property

Searches of a student's person, personal property (coats, hats, backpacks, bookbags, purses, wallets, notebooks, gym bags, etc.) may be conducted whenever the student's conduct creates a reasonable suspicion that a particular School rule or law has been violated and that the search is reasonably related to the suspicion and not excessively intrusive in light of the age and sex of the student and nature of the infraction. Circumstances warranting a search include those in which School officials have a reasonable suspicion that the student or student property is concealing items including but not limited to weapons, drugs, controlled substances, electronic cigarette products, alcohol, tobacco, unsafe contraband, pornography, pagers or lost/stolen/misplaced items.

16.2 Searches of Personal Belongings

16.2.1 Personal belongings may be searched by School officials whenever School officials have a reasonable suspicion to believe a student is concealing evidence of a policy violation or criminal activity and the items being searched are capable of concealing such evidence. The student may be asked to open personal belongings and to turn over personal property for search by a School official. All searches of student property by School officials shall be witnessed by an objective third party (such as another teacher, or police officer) to observe that the search is not excessively intrusive.

16.2.2 All contraband discovered in a search by School officials shall be immediately confiscated and turned over to law enforcement officers if School officials have reason to believe the contraband is related to the commission of a criminal act.

16.3 Searches of Person

16.3.1 School officials shall make sure the search meets the following guidelines:

[a] The search shall be conducted in a private area of the School by a School official of the same sex as the student being searched;

[b] The search shall be observed by an objective third party of the same sex as the student being searched (i.e., Principal, teacher, police officer);

[c] School officials may ask the student to remove his/her hat, coat, shoes and socks, turn pockets inside out, and roll up sleeves to see if the student is hiding contraband;

[d] Under no circumstances may School officials require students to remove any other items of clothing or touch students in any way during the search.

[e] If this limited search does not turn up suspected contraband and School officials have reasonable suspicion that the student is concealing contraband in his/her inner clothing (i.e., hiding drugs, weapons or other contraband underneath shirts, pants or underwear), law enforcement officers shall be summoned immediately to conduct further search and investigation.

[f] In general, all questioning and searching of students conducted by law enforcement officers shall proceed according to the investigation guidelines in Section 14 of this policy.

16.4 Documentation of Searches

School officials shall thoroughly document the details of any search conducted of a student's property or person. Documentation shall be made at the time of the search, or as soon as possible thereafter, and shall include the following:

16.4.1 The time, place and date of the search;

16.4.2 The reasonable suspicion giving rise to the search (what did School officials suspect to find during the search);

16.4.3 The name and title of individuals conducting and observing the search;

16.4.4 A statement about evidence that was found or not found as a result of the search;

16.4.5 A statement about who took possession of contraband (i.e., police, school, etc.);

16.4.6 Information regarding the attempts of School officials to notify parents about the search.

17. RECORDS—INTERAGENCY COLLABORATION – 20 U.S.C. § 1232g(h)(i)-(2); Utah Code Ann. § 53G-8-402 to -405

17.1 Board and Principal Notification by Juvenile Court and Law Enforcement Agencies.

17.1.1 Within three (3) days of being notified by the juvenile court that a juvenile has been adjudicated or of being notified by a law enforcement agency that a juvenile has been taken into custody or detention for a violent felony, defined in Utah Code Ann. § 76-3-203.5, or an offense in violation of Title 76, Chapter 10, Part 5 Weapons, the President of the Board shall notify the Principal.

17.1.2 Upon receipt of the information, the Principal shall make a notation in a secure file other than the student's permanent file; and, if the student is still enrolled in the School, the Principal shall notify staff members who should know of the adjudication, arrest or detention.

17.1.3 Staff members receiving information about a juvenile's adjudication, arrest or detention may only disclose the information to other persons having both a right and a current need to know.

17.2 Multidisciplinary Team and Reintegration Plan

17.2.1 In addition to complying with the requirements above, the School shall, within five (5) days after receiving a notification described in Section 17.1.1 about a student, develop a reintegration plan for the student with a multidisciplinary team, the student, and the student's parent or guardian. The multidisciplinary team should include the School, the juvenile court, the Division of Juvenile Justice Services, the School's Resource Officer (if any), and any other relevant party that should be involved in a reintegration plan.

17.2.2 The reintegration plan shall address:

[a] a behavioral intervention for the student;

[b] a short-term mental health or counseling service for the student; and

[c] an academic intervention for the student.

17.2.3 The School may deny admission to the student until the School completes the reintegration plan.

17.3 Student Discipline Records/Education Records

School officials may include appropriate information in the education record of any student concerning disciplinary action taken against the student for conduct that posed a significant risk to the safety or well-being of that student, other students, or other members of the school community.

17.3.1 Disclosure of Discipline Records to Other Educators

School officials may disclose student discipline information described above to teachers and other School officials, including teachers and school officials in other schools, who have legitimate educational interests in the behavior of the student.

17.3.2 Disclosure of Discipline Records to Other Agencies

School officials shall not release personally identifiable student discipline records to other government agencies, including law enforcement agencies, unless the agency produces a subpoena or court order (need for standing court order from juvenile court), or unless the student's parent or guardian has authorized disclosure.

18. EMERGENCY SAFETY INTERVENTIONS

A School employee may not subject a student to physical restraint or seclusionary time out unless utilized as a necessary emergency safety intervention (“ESI”) in compliance with this Section.

18.1 Definitions

18.1.1 An “ESI” is the use of seclusionary time out or physical restraint when a student presents an immediate/imminent danger of physical violence/aggression towards self or others likely to cause serious physical harm. An ESI is not for disciplinary purposes.

[c] be discontinued as soon as imminent danger of physical harm to self or others has dissipated;

[d] be discontinued if the student is in severe distress;

[e] never be used as punishment or discipline;

[f] be applied consistent with the School’s administrative Student Conduct and Discipline Plan; and

[g] in no instance be imposed for more than 30 minutes.

18.3 Students with Disabilities Receiving Special Education Services

18.3.1 Use of ESI for a student with a disability receiving specialized educational services under IDEA or Section 504 shall be subject to all applicable state and federal laws, including Least Restrictive Behavioral Interventions (LRBI) policies and procedures for special education/504 programs.

18.3.2 Additionally, ESIs written into a student's IEP as a planned intervention are prohibited unless school personnel, the family, and the IEP team agree less restrictive means which meet the circumstances described in R277-608-5 have been attempted; a Functional Behavioral Assessment has been conducted; and a positive behavior intervention plan based on data analysis has been written into the plan and implemented.

18.4 Physical Restraint

18.4.1 A School employee may, in accordance with Section 18.2.2 and when acting within the scope of employment, use and apply physical restraint as an ESI in self defense or as may be reasonable and necessary under the following circumstances:

- [e] chemical restraint, except as prescribed by a licensed physician and implemented in compliance with a student's Health Care Plan.

18.5 Seclusionary Time Out

A School employee may, in accordance with Section 18.2.2 and when acting within the scope of employment, place a student in seclusionary time out as an ESI under the following circumstances:

18.6.2 In addition to providing the notice described in Section 18.6.1, if the ESI is applied for longer than fifteen minutes, the School shall immediately notify the student's parent/guardian and School administration.

20. POLICY AND PLAN DISSEMINATION AND REVIEW

20.1 The School shall compile an annual report of all out-of-school suspensions and expulsions and submit it to the Board. For each suspension or expulsion, the report shall indicate the student's race, gender, disability status, and age/grade, as well as the reason for the discipline, the length of the discipline, and a statement as to whether the student was referred to the Board.

Student Education Plan Policy

Career Path High
Student Education Plan Policy
Adopted: September 13, 2021

Policy

Utah Career Path High (the “School”) understands the importance of personal education planning for each of its students. Personal education planning is a cooperative effort involving students, parents/guardians, and educators. It focuses on the individual needs of the student and is essential at the elementary and secondary school levels.

The School shall implement a plan for college and career readiness (also known as an SEOP) for its students in grades 9-12 in accordance with Utah law.

The School’s Director shall establish administrative procedures to help the School implement plans for college and career readiness consistent with Utah Code § 53E-2-304(2)(b) and, if the School receives Comprehensive Counseling and Guidance Program funds, Utah Administrative Code Rule R277-462.

Student Transportation Policy

Career Path High Student Transportation Policy Adopted: March 27, 2023

Purpose

The purpose of this policy is to address how student transportation is handled at Utah Career Path High (the “School”). It is also to establish rules and requirements related to student transportation to help ensure student safety.

The School intends for this policy to satisfy the policy requirements of Utah Administrative Code Rule R277-601.

Policy

No School Buses

The state does not provide the School (or any other Utah charter school) with any state transportation funding. As a result of this, and as a result of having a student population that often resides throughout multiple cities and/or counties in the state, the School does not own or operate school buses and does not provide transportation for students to or from School, except where required by law. Parents or guardians are responsible for the transportation of their students to and from the School each day.

Student Transportation for School Activities

The School may provide transportation for students in charter buses or through public transportation in connection with field trips, extracurricular activities, or other School-sponsored activities. Any charter bus company selected by the School to transport students shall meet or exceed industry safety requirements and provide reliable and professional transportation services.

The School may also provide student transportation for School activities through private or rental vehicles driven by School employees or volunteers who have been approved by the School’s

Director. The School's Director shall establish the necessary qualifications for such drivers and other requirements that must be met prior to using private or rental vehicles to transport students.

The School shall inform parents and guardians when it intends to provide student transportation in connection with School activities and shall give parents the opportunity to consent to such transportation. A student's parent or guardian must provide consent in order for their student to be transported to and/or from School activities as described in this section.

Charter bus operators and, to the extent practicable, other vehicle drivers approved by the School to transport students to and/or from School activities, shall adhere to the applicable standards in R277-601-3. The School shall enforce the applicable standards as required by the rule.

Supervision of Students at School-Sponsored Activities Policy

Career Path High

Supervision of Students at School-Sponsored Activities Policy

Purpose

The purpose of this policy is to outline the supervisory responsibilities of Utah Career Path High (the “School”) coaches and other designated School leaders (e.g., advisors, assistants, activity leaders, etc.) in connection with School-sponsored activities. Another purpose is to provide standards of behavior and conduct that such School coaches and designated leaders must follow.

- (b) If a child has not been picked up within 15 minutes of the School-sponsored activity ending, School coaches or other designated School leaders will contact the student's parent/guardian by telephone. If the student's parent/guardian cannot be reached by telephone, School coaches or other designated School leaders will contact, by telephone, the emergency contact(s), if any, designated by the student's parents/guardians. If neither the parent/guardian nor an emergency contact can be reached or are able to pick up the student in a timely manner, School coaches or other designated School leaders may contact the police or the Division of Child and Family Services (DCFS) to report the situation.

If parents/guardians experience an emergency that causes them to run late or to be unable to have their child picked up within 15 minutes of a School-sponsored activity ending, they should notify the School coach or other designated School leader as soon as possible.

Behavior and Conduct

School coaches and other designated School leaders shall be exemplary role models to students and shall not use alcoholic beverages, tobacco, controlled substances, or participate in promiscuous sexual relationships while on School-sponsored activities. School coaches and other designated School leaders shall act in a manner consistent with Utah Code § 53G-8-209 and shall not:

- (a) use foul, abusive, or profane language while engaged in School-related activities; or
- (b) permit hazing, demeaning, or assaultive behavior, whether consensual or not, including behavior involving physical violence, restraint, improper touching, or inappropriate exposure of body parts not normally exposed in public settings, forced ingestion of any substance, or any act which would constitute a crime against a person or public order Utah law.

School coaches and other designated School leaders shall abide by the rules pertaining to athletic and activity clinics set forth in R277-605-5. School coaches shall satisfy all of the training requirements listed in R277-605-6, and the School shall maintain verification of the coaches' compliance with the training requirements.

Time and Effort Documentation Policy

Purpose

Because Utah Career Path High (the “School”) receives restricted federal funds, the School is obligated to properly spend and account for the expenditures of such funds. The School adopts this policy in order to ensure that charges to federal awards for salaries and wages are based on records that accurately reflect the work performed.

Policy

The School will recognize and follow the *Uniform Administrative Requirements* pertaining to the *Standards for Documentation of Personnel Expenses* as contained in the Code of Federal Regulations Title 2 Part 200.430(i).

Documentation of personnel expenses will:

1. Be supported by a system of **internal controls** which provides reasonable assurance that charges are **accurate, allowable, and allocable**.
2. Be incorporated into the School’s official records.
3. Reasonably reflect the total activity for which the employee is compensated.
4. Encompass both federally assisted and all other activities compensated by the School.
5. Comply with the established accounting policies and practices of the School.
6. Support the distribution of the employee’s salary or wages among specific activities **or cost objectives**.

The School’s administration will adopt additional administrative procedures to ensure compliance with this policy and applicable law.

Definitions

“Accurate” means that salaries and wages are based on records that provide an actual representation of the work performed.

“Allocable” means a cost is allocable to a Federal award or other cost objective because the goods or services involved are chargeable or assignable to that Federal award or cost objective in accordance with the relative benefits received.

“Allowable” means that a cost meets the criteria (factors affecting allowability of costs) outlined in *Uniform Administrative Requirements* 2 CFR 200.403 unless otherwise authorized by statute.
