### COVID 19 POLICY

#### Purpose

This CoVid 19 rule outlines the requirements CS Lewis has set for members of the CS Lewis community to continue participating in in-person learning and school events, relative to Covid 19.

#### Policy

1. If 2% of our student body/faculty test positive for Covid 19 within a two week period, a Test to Stay Event will be held. "The goals of Test to Stay are to allow students and staff to participate in in-person learning as safely as possible while lessening the burden of quarantine on students and their families, teachers, and school administrators. It was first implemented in K-12 schools in Utah on January 4, 2021." ([Test to Stay V3.pdf \(utah.gov\)](#))
2. Any student, faculty, board member, volunteer, or member of the CS Lewis community that tests positive for Covid 19, may not enter the building or participate in in-person learning or school activities, in person, for ten days.
3. If a student, faculty member, or volunteer tests positive within 48 hours of being at the school or school event, CS Lewis shall notify those who were in close proximity to said person of a possible exposure.
